

Mission Statement

“Engaging hearts and minds today for successful tomorrows!”

Our mission is to create a learning environment that honors family values and serves the unique academic, physical, social, and emotional needs of all students in a safe and caring environment.

We strive to foster our students’ creativity and self-determination to develop a lifelong love of learning. We encourage students to approach learning as problem-solvers, designers, and creators by providing access to the technologies, tools, and resources needed to achieve their goals.

Folsom staff members are committed to working with parents and community partners to enable students to understand the world around them and the talents within them so they can become fulfilled individuals and active, compassionate citizens.

District Learning Goals for 2024-2025

Student Achievement - Meet the needs of all learners, with a focus on their social and emotional well being. Continue to create learning experiences that challenge our students to think critically and apply their learning to real-world experiences that are both meaningful and engaging.

School Climate - Create a positive learning environment where all students can focus on achievement and make meaningful connections throughout their learning journey. Recognize and reward learners for academic progress, strong character and respect towards others. Diversity and cultural awareness will be at the forefront of our effort to ensure equity throughout our school.

Community Pride - Maximize communication by providing meaningful feedback and input opportunities in order to strengthen and expand family, school and community partnerships.
