

Folsom Elementary School

School Age Child Care (SACC) Program

Folsom SACC Program

Mission

The mission of the Folsom School Age Child Care program is to provide a safe, affordable, nurturing environment for all the school district's children who need before-school and after-school care. The children will have opportunities to choose activities designed to promote their physical, social, and emotional development in an atmosphere of mutual respect.

Staffing Structure

The SACC program will be staffed according to the New Jersey Licensing adult to child ratio requirements for supervision of children ages 4/5 and older. For student safety, both AM and PM staffing will ensure that in addition to the state minimum requirements, the number of SACC assistants during any session will provide adequate supervision in the hallways and to bathroom facilities, as well as moving to and from activity areas such as the gym or playgrounds.

SACC Assistants

All SACC assistants will have a current Criminal History Background Check and are required to attend CPR, First Aid, and Child Abuse Prevention training.
