

FOREWORD

The Board of Education has authorized the Superintendent to promulgate administrative regulations except where approval by the Board is required by statute or administrative code for the orderly operations of the Folsom School District that are binding on all students, employees, and visitors to the district.

These administrative regulations are intended to give direction to staff members in carrying out Board policies, statutory mandates, and contractual obligations. The operations directed by these regulations should be efficient, amenable to assessment, and considerate of the needs and rights of students and employees. Any suggestions for additions or improvements that help attain these objectives are welcome.

These regulations apply to the entire school district. The Principal may establish additional rules as necessary to apply these regulations to their school, provided that school rules do not exceed the authority set forth in these regulations.

These regulations will be made available to each employee. Employees and students who violate these regulations are subject to disciplinary action.

The rules of construction when determining whether an impairment substantially limits performance of a major life activity include:
 - a. That it is broadly construed in favor of expansive coverage, to the maximum extent permitted under the Act.
 - b. That it does not demand extensive analysis.
 - c. That it substantially limits one major life activity, but not necessarily other major life activities.

- d. That it may be episodic or in remission, as long as the impairment would substantially limit a major life activity when active.
 - e. That it need not prevent, or significantly or severely restrict, an individual from performing a major life activity.
 - f. That it requires an individualized assessment which does not create an “inappropriately high level of limitation” and is based upon the conditions, manner, or duration under which the individual can perform the major life activity 42 U.S.C. 12102(4)(B).
 - g. That it generally will not require scientific, medical, or statistical evidence (although such evidence can be required where appropriate evidence that can be considered may include statements or affidavits of affected individuals and school records).
 - h. That the determination is made without regard to ameliorative effects of mitigating measures, except for the use of ordinary eyeglasses or contact lenses intended to fully correct visual acuity or eliminate refractive error. Non-ameliorative effects, such as the negative side effects of medication or a medical procedure, may also be considered.
 - i. That the effects of an impairment lasting or expected to last less than six months can be substantially limiting for establishing a disability under the first two prongs: “actual disability” or “record of”.
29. “Undue hardship” means an action requiring significant difficulty or expense when considered in light of factors which include: the nature and cost of the needed accommodation; the overall financial resources of the district or facility providing the reasonable accommodation; the size of the district with respect to the number of employees; effect on expenses and resources, or the impact otherwise of accommodation upon the operation of the facilities; and the type/location of facilities. 42 U.S.C. 126 §12111 (10)
30. “Wheelchair” means a manually operated or power-driven device designed primarily for use by an individual with a mobility disability.

B. General Requirements

1. Prohibitions Against Discrimination

- a. Discrimination is prohibited against a qualified individual on the basis of a disability. Such individual will not be excluded from participation in or denied the benefits of district services, programs, or activities or be subjected to discrimination by the district in accordance with 28 CFR §35.130. The district must ensure that:
 - (1) When services, programs, and activities are viewed in their entirety, they are accessible to and usable by individuals with disabilities; and
 - (2) Access to services, programs, and activities is provided in an integrated setting unless separate programs are necessary to ensure equal benefits.
- b. The district is not required to take any action that would result in a fundamental alteration of the nature of the program or activity or undue financial or administrative burden. However, claiming undue burden still requires the district to provide access through means that would not result in a fundamental alteration or undue financial or administrative burden.

2. Direct Threat - 28 CFR §35.139

- a. The district is not required to permit an individual to participate in or benefit from the district's services, programs, or activities when that individual poses a direct threat to the health or safety of others.
- b. To determine whether an individual poses a direct threat to the health or safety of others, the district must make an individualized assessment, based on reasonable judgment that relies on current medical knowledge or on the best available objective evidence to ascertain:
 - (1) The nature, duration, and severity of the risk;
 - (2) The probability that the potential injury will actually occur; and
 - (3) Whether reasonable modifications of policies, practices, or procedures or the provision of auxiliary aids or services will mitigate the risk.

3. Illegal Use of Drugs - 28 CFR §35.131
 - a. The district will not discriminate on the basis of past illegal use of drugs against an individual who is not engaging in current illegal use of drugs and who:
 - (1) Has successfully completed a supervised drug rehabilitation program or has otherwise been rehabilitated successfully;
 - (2) Is participating in a supervised rehabilitation program; or
 - (3) Is erroneously regarded as engaging in such use.
 - b. While the Act does not prohibit discrimination against an individual based on that individual's current illegal use of drugs, the district will not deny health services or services provided in connection with drug rehabilitation to an individual on the basis of that individual's current illegal use of drugs, if the individual is otherwise entitled to such services.
 - c. The Act does not prohibit the district from adopting or administering reasonable policies or procedures, including but not limited to drug testing, designed to ensure that an individual who formerly engaged in the illegal use of drugs is not now engaging in current illegal use of drugs.
- C. Personal Devices and Services
 1. The district will permit individuals with mobility disabilities to use wheelchairs and manually powered mobility aids such as walkers, crutches, canes, braces, or other similar devices designed for use by individuals with mobility disabilities in any areas open to pedestrian use. 28 CFR §35.137
 2. The district will make reasonable modifications to permit the use of other power-driven mobility devices by individuals with mobility disabilities unless the district can demonstrate that the power-driven device cannot be operated in accordance with legitimate safety requirements pursuant to 28 CFR §35.137. The district will not ask an individual using a wheelchair or other power-driven mobility device questions about the nature and extent of the individual's disability. The district may require the individual to provide credible assurance that the device is required because of the person's disability.

3. The district is not required to provide individuals with disabilities personal devices, such as wheelchairs; individually prescribed devices such as prescription eyeglasses or hearing aids; readers for personal use or study; or services of a personal nature including assistance in eating, toileting, or dressing pursuant to 28 CFR §35.135.
- D. Employment - 42 U.S.C. 126 §12112
1. Discrimination in Employment
 - a. The Board will not discriminate against a qualified individual on the basis of disability in regard to job application procedures; hiring, advancement, or discharge; compensation; job training; and other terms, conditions, and privileges of employment.
 - b. Applicants and employees working for or applying to work for the district who qualify for a job and are able to perform the essential functions of that job are entitled to reasonable accommodations provided that such accommodations do not pose undue hardship for the district.
 - c. Nothing in the Act shall be construed to preempt, modify, or amend any State, county, or local law, ordinance, or regulation as outlined in N.J.A.C. 6A:32-4.1 et seq.
 - d. The school district may not, on the basis of disability:
 - (1) Limit, segregate, or classify a qualified individual in a way that adversely affects his/her opportunities or status of such employee, applicant, or participant in a contractual or other arrangement;
 - (2) Utilize standards, criteria, or methods of administration that have the effect of discrimination on the basis of disability or perpetuate the discrimination of others subject to common administrative control;
 - (3) Exclude or otherwise deny equal jobs or benefits to a qualified individual because of the known disability of an individual with whom the qualified individual is known to associate or have a relationship;

- (4) Fail to make reasonable accommodations to known physical or mental limitations of an otherwise qualified individual with a disability or deny employment opportunities to such qualified individual unless the district can demonstrate that the accommodation would impose undue hardship to district operations;
 - (5) Use qualification standards, employment tests, or other selection criteria that screen out or tend to screen out individuals with disabilities unless the standard, test, or other selection criteria, as used by the district, is shown to be job-related for the position in question and consistent with business necessity; and/or
 - (6) Select and administer tests concerning employment to otherwise qualified individuals who possess impaired sensory, manual, or speaking skills, unless done in an effective manner to ensure that, when such tests are administered to a job applicant or employee who has a disability that impairs sensory, manual, or speaking skills, the test results accurately reflect the skills, aptitude, or other factors such tests purport to measure rather than reflecting the impaired sensory, manual, or speaking skills of the employee or applicant (except where such skills are the factors that the test purports to measure).
- 2. Medical Examinations and Inquiries - (42 U.S.C. 126 §12112)
 - a. Pre-employment
 - (1) Prohibited examination or inquiries:
 - (a) Whether such an applicant is an individual with a disability; or
 - (b) The nature or severity of such disability.
 - (2) Acceptable inquiry:
 - (a) The ability of an applicant to perform job-related functions.

b. Employment Entrance Examinations

- (1) The district may require a medical examination after an offer of employment has been made to a job applicant and prior to the commencement of the employment duties of such applicant, and may condition an offer of employment on the results of such examination, if:
 - (a) All entering employees are subject to such an examination regardless of disability;
 - (b) Information obtained regarding the medical condition or history of the applicant is collected and maintained on separate forms and in separate medical files and is treated as a confidential medical record, except that:
 - i. Supervisors and managers may be informed regarding necessary restrictions on work or duties of the employees and necessary accommodations;
 - ii. First aid and safety personnel may be informed, when appropriate, if the disability might require emergency treatment; and
 - iii. Government officials investigating compliance with this Act, will be provided relevant information on request.
- (2) The results of such examination shall only be used in accordance with these provisions.

c. Examination and Inquiry:

- (1) Prohibited examinations and inquiries:
 - (a) The district will not require a medical examination and will not make inquiries of an employee as to whether such employee is an individual with a disability or as to the nature or severity of the disability, unless such examination or inquiry is shown to be job-related and consistent with business necessity.

- (2) Acceptable examinations and inquiries:
 - (a) The district may conduct voluntary medical examinations, including voluntary medical histories, which are part of an employee health program available to employees in the district.
 - (b) The district may make inquiries into the ability of an employee to perform job-related functions.
- 3. Defenses - 42 U.S.C. 126 §12113
 - a. Qualification Standards
 - (1) It may be a defense to a charge of discrimination under the Act that an alleged application of qualification standards, tests, or selection criteria that screen out, tend to screen out, or otherwise deny a job or benefit to an individual with a disability has been shown to be job-related and consistent with business necessity, and such performance cannot be accomplished by reasonable accommodation, as required under the Act.
 - (a) The term "qualification standards" may include a requirement that an individual will not pose a direct threat to the health or safety of other individuals in the workplace.
 - (b) Notwithstanding 42 U.S.C. 126 §12102 (4)(E)(ii), the Board will not use qualification standards, employment tests, or other selection criteria based on an individual's uncorrected vision unless the standard, test, or other selection criteria, as used by the covered entity, is shown to be job-related for the position in question and consistent with business necessity.
 - b. Infectious and Communicable Diseases
 - (1) In any case in which an individual has an infectious or communicable disease included on the list developed by the United States Secretary of Health and Human Services in accordance with the Act, and which cannot be eliminated by reasonable accommodation, and that is transmitted to others through the handling of food, the Board and its administration may refuse to assign or allow such individual to continue to work in a job involving food handling.

- c. Illegal Use of Drugs and Alcohol - 42 U.S.C. 126 §12114
 - (1) An individual with a disability shall not include any employee or applicant who is currently engaging in the illegal use of drugs, with exceptions noted in section B.3. of this Regulation.
 - (2) The Board will hold an employee who engages in the illegal use of drugs or who is an alcoholic to the same qualification standards for employment or job performance and behavior as other employees, even if any unsatisfactory performance or behavior is related to the drug use or alcoholism of such employee.
- d. Drug Testing
 - (1) For the purposes of the Act, a test to determine the illegal use of drugs will not be considered a medical examination.
 - (2) No provision of the Act shall be construed to encourage, prohibit, or authorize the conducting of drug testing for the illegal use of drugs by job applicants or employees or making employment decisions based on such test results.

E. Program Accessibility

1. Discrimination Prohibited

- a. Except as otherwise provided in 28 CFR §35.150, no qualified individual with a disability will, because the district's facilities are inaccessible to or unusable by individuals with disabilities, including inside or outside access to such facilities, may be excluded from participation in, or be denied the benefits of the services, programs, or activities of the district, or be subjected to discrimination by the district.
- b. The district will maintain facilities and equipment required by the Act to be readily accessible to and usable by individuals with disabilities. This provision does not prohibit isolated or temporary interruptions in service or access due to maintenance or repairs. 28 CFR §35.133
 - (1) In regard to existing facilities, the district will operate each service, program, or activity so that the service, program, or activity, when viewed in its entirety, is readily accessible to and usable by individuals with disabilities.

- (a) The district is not required to fundamentally alter the nature of a service, program, or activity, or assume undue financial or administrative burdens, or take any action threatening the historic significance of a historic property and has the burden of proving that compliance with the Act would result in such alterations or burdens. 28 CFR §35.150(a)
 - (b) Should the Board and Superintendent or his/her designee determine, after considering all resources available, that compliance would result in such alteration or burden, a written statement of reasons must accompany such a determination.
 - (c) The Board will take any other action, including, but not limited to redesign or acquisition of equipment, or reassignment of services or staff, that would not result in such alteration or burden, but would, nevertheless, ensure that individuals with disabilities receive the benefits/services provided by the district.
- (2) In regard to new construction and alterations, each facility or part of a facility constructed by, on behalf of, or for the use of the district will be designed and constructed in such manner, in accordance with 28 CFR §35.151, that the facility or part of the facility is readily accessible to and usable by individuals with disabilities.
- (a) Full compliance with the requirements of 28 CFR §35.151 is not required where the district can demonstrate that it is structurally impracticable to meet the requirements.
 - (b) If providing accessibility in conformance with 28 CFR §35.151 to individuals with certain disabilities (e.g., those who use wheelchairs) would be structurally impracticable, accessibility shall nonetheless be ensured to persons with other types of disabilities, (e.g., those who use crutches or who have sight, hearing, or mental impairments) in accordance with 28 CFR §35.151.

F. Communications - 28 CFR §35.160

1. The district will take appropriate steps to ensure that communications with applicants, participants, members of the public, and companions with disabilities are as effective as communications with others.
2. The district will furnish appropriate auxiliary aids and services where necessary to afford individuals with disabilities, including applicants, participants, companions, and members of the public, an equal opportunity to participate in and enjoy the benefits of a service, program, or activity conducted by the district.
 - a. Auxiliary aids and services will be provided in accessible formats, in a timely manner, and in such a way as to protect the privacy and independence of the individual with a disability.
 - b. The district will not require an individual with a disability to bring another individual to interpret with a disability. The district will not rely on an adult accompanying an individual with a disability or on a minor child to interpret or facilitate communication, except in an emergency involving an imminent threat to the safety or welfare of an individual or the public where there is no interpreter available; or where the individual with a disability specifically requests that the accompanying adult interprets or facilitates communication, the accompanying adult agrees to provide such assistance, and reliance on that adult is appropriate under the circumstances.
3. Where the district communicates by telephone with applicants and beneficiaries who are deaf, hard of hearing, or who have speech impairments, text telephones (TTYs) or equally effective telecommunications systems equipped with emergency service access will be used to communicate, in the same time and manner as with other telephone systems (including automated systems). 28 CFR §35.161
4. The district will ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities, including signage at all inaccessible facility entrances. 28 CFR §35.163

The purpose of the Uniform Domestic Violence Policy is to encourage public employees who are victims of domestic violence, and those impacted by domestic violence, to seek assistance from their public employer's human resources officer(s) and provide a standard for a public employer's human resources officer(s) to follow when responding to employees.

Policy and Regulation 1581 – Section B. provides employment protection for employees of those employers as defined in N.J.S.A. 34:11C-2, who are victims of domestic violence or sexual violence in accordance with the provisions of the New Jersey Security and Financial Empowerment Act (NJ SAFE Act) - N.J.S.A. 34:11C-1 et seq.

1. Definitions

The following terms are defined solely for the purposes of N.J.S.A. 11A:2-6a and Policy and Regulation 1581:

Domestic violence includes, but is not limited to the following: physical violence; injury; intimidation; sexual violence or abuse; emotional and/or psychological intimidation; verbal abuse; threats; harassment; cyber harassment; stalking; economic abuse or control; damaging property to intimidate or attempt to control the behavior of a person in a relationship with the perpetrator; strangulation; or abuse of animals or pets.

“Abuser/Perpetrator” - An individual who commits or threatens to commit an act of domestic violence, including unwarranted violence against individuals and animals. Other abusive behaviors and forms of violence can include the following: bullying, humiliating, isolating, intimidating, harassing, stalking, or threatening the victim, disturbing someone's peace, or destroying someone's property.

“Human Resources Officer (HRO)” - An employee of a public employer with a human resources job title, or its equivalent, who is responsible for orienting, training, counseling, and appraising staff. Persons designated by the employer as the primary or secondary contact to assist employees in reporting domestic violence incidents.

Intimate partner also includes those who live together or have lived together, as well as persons who are dating or have dated in the past.

“Temporary Restraining Order (TRO)” - A civil court order issued by a judge to protect the life, health, or well-being of a victim. TROs can prohibit domestic violence offenders from having contact with victims, either in person or through any means of communication, including third parties. TROs also can prohibit offenders from a victim’s home and workplace. A violation of a TRO may be a criminal offense. A TRO will last approximately ten business days, or until a court holds a hearing to determine if a Final Restraining Order (FRO) is needed. In New Jersey, there is no expiration of a FRO.

“Victim” - A person who is eighteen years of age or older or who is an emancipated minor and who has been subjected to domestic violence by a spouse, former spouse, or any other person who is a present household member or was at any time a household member. A victim of domestic violence is also any person, regardless of age, who has been subjected to domestic violence by one of the following factors: a person with whom the victim has a child in common; a person with whom the victim anticipates having a child in common, if one of the parties is pregnant; and a person with whom the victim has had a dating relationship.

“Workplace-Related Incidents” - Incidents of domestic violence, sexual violence, dating violence, and stalking, including acts, attempted acts, or threatened acts by or against employees, the families of employees, and/or their property, that imperil the safety, well-being, or productivity of any person associated with a public employee in the State of New Jersey, regardless of whether the act occurred in or outside the organization’s physical workplace. R 2330 HOMEWORK

- A. The Board of Education believes that homework relevant to material presented in class provides an opportunity to broaden, deepen, or reinforce the student's knowledge. Teachers must use discretion in deciding the number and length of assignments. The Board encourages the use of interrelated major homework assignments such as term papers, themes, and creative art projects.

Homework shall not be used for punitive reasons.

Students absent for any reason must make up assignments, class-work, and tests within a reasonable length of time. In most cases, a reasonable length of time shall be the same number of school days as the days missed.

Students being excused for any reason must make arrangements with the teacher of the missed classes in order to make up the work missed. This must be done before the absence from class.

- B. Incompletes

When a student does not complete work missed for absence or other reasons, he/she will receive an "incomplete" for the marking period. Students will be given seven school days following the end of the marking period to make up the missed work.

If work critical to the student's understanding of the subject is not made up by the end of the next marking period, the grade for that subject area may be an "F".

If work is missing during the final marking period of the school year, the grade will be left to the discretion of the teacher. The teacher who has given an incomplete is responsible for reporting to the student the work he/she has missed and citing the consequences mentioned above.

- C. The Board recognizes the desirability of homework assignments and encourages teachers to assign homework as an aid in their development.
- D. The type, frequency, and quantity of homework assignments should be determined by the needs of the individual student and should not require additional instruction beyond the class period, thereby requiring parents to supplement instruction. Homework should be an application, interpretation, or adaptation of a classroom experience. It should be assigned for constructional purposes and not excessive in quantity.

R 2361 ACCEPTABLE USE OF COMPUTER NETWORKS/ COMPUTERS AND RESOURCES

The school district provides computer equipment, computer services, and Internet access to its students and staff for educational purposes only. The purpose of providing technology resources is to improve learning and teaching through research, teacher training, collaboration, dissemination and the use of global communication resources.

For the purpose of this Policy and Regulation, “computer networks/computers” includes, but is not limited to, the school district’s computer networks, computer servers, computers, other computer hardware and software, Internet equipment and access, and any other computer related equipment.

For the purpose of this Policy and Regulation, “school district personnel” shall be the person(s) designated by the Superintendent to oversee and coordinate the school district’s computer networks/computer systems. School district personnel will monitor networks and online activity, in any form necessary, to maintain the integrity of the networks, ensure proper use, and to be in compliance with Federal and State laws that regulate Internet safety.

Due to the complex association between government agencies and computer networks/computers and the requirements of Federal and State laws, the end user of the school district’s computer networks/computers must adhere to strict regulations. Regulations are provided to assure staff, community, students, and parent(s) or legal guardian(s) of students are aware of their responsibilities. The school district may modify these regulations at any time. The signatures of the student and his/her parent(s) or legal guardian(s) on a district-approved Consent and Waiver Agreement are legally binding and indicate the parties have read the terms and conditions carefully, understand their significance, and agree to abide by the rules and regulations established under Policy and Regulation 2361.

Students are responsible for acceptable and appropriate behavior and conduct on school district computer networks/computers. Communications on the computer networks/computers are often public in nature and policies and regulations governing appropriate behavior and communications apply. The school district’s networks, Internet access, and computers are provided for students to conduct research, complete school assignments, and communicate with others. Access to computer networks/computers is given to students who agree to act in a considerate, appropriate, and responsible manner. Parent(s) or legal guardian(s) permission is required for a student to access the school district’s computer networks/computers. Access entails

responsibility and individual users of the district computer networks/computers are responsible for their behavior and communications over the computer networks/computers. It is presumed users will comply with district standards and will honor the agreements they have signed and the permission they have been granted. Beyond the clarification of such standards, the district is not responsible for the actions of individuals utilizing the computer networks/computers who violate the policies and regulations of the Board.

Computer networks/computer storage areas shall be treated in the same manner as other school storage facilities. School district personnel may review files and communications to maintain system integrity, confirm users are using the system responsibly, and ensure compliance with Federal and State laws that regulate Internet safety. Therefore, no person should expect files stored on district servers will be private or confidential.

The following prohibited behavior and/or conduct using the school district's networks/computers, includes but is not limited to, the following:

13. Intentionally wasting limited resources;
14. Employing the computer networks/computers for commercial purposes; and/or
15. Engaging in other activities that do not advance the educational purposes for which computer networks/computers are provided.

INTERNET SAFETY

Compliance with Children's Internet Protection Act

As a condition for receipt of certain Federal funding, the school district has technology protection measures for all computers in the school district, including computers in media centers/libraries, that block and/or filter material or visual depictions that are obscene, child pornography and harmful to minors as defined in 2, 3, 4, 5, 6, and 7 above and in the Children's Internet Protection Act. The school district will certify the school, including media centers/libraries is in compliance with the Children's Internet Protection Act and the district complies with and enforces Policy and Regulation 2361.

Compliance with Neighborhood Children's Internet Protection Act

Policy 2361 and this Regulation establish an Internet safety protection policy and procedures to address:

1. Access by minors to inappropriate matter on the Internet and World Wide Web;
2. The safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications;

3. Unauthorized access, including “hacking” and other unlawful activities by minors online;

Any changes in Policy and Regulation 2361 since the previous year’s annual public hearing will also be discussed at a meeting following the annual public hearing.

Information Content and Uses of the System

Students may not publish on or over the system any information which violates or infringes upon the rights of any other person or any information which would be abusive, profane, or sexually offensive to a reasonable person, or which, without the approval of the Superintendent or designated school district personnel, contains any advertising or any solicitation to use goods or services. A student cannot use the facilities and capabilities of the system to conduct any business or solicit the performance of any activity which is prohibited by law.

Because the school district provides, through connection to the Internet, access to other computer systems around the world, students and their parent(s) or legal guardian(s) should be advised the Board and school district personnel have no control over content. While most of the content available on the Internet is not offensive and much of it is a valuable educational resource, some objectionable material exists. Even though the Board provides students access to Internet resources through the district’s computer networks/computers with installed appropriate technology protection measures, parents and students must be advised potential dangers remain and offensive material may be accessed notwithstanding the technology protection measures taken by the school district.

Students and their parent(s) or legal guardian(s) are advised some systems and Internet sites may contain defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or otherwise illegal or offensive material. The Board and school district personnel do not condone the use of such materials and do not permit usage of such materials in the school environment. Parent(s) or legal guardian(s) having Internet access available to their children at home should be aware of the existence of such materials and monitor their child's access to the school district system at home. Students knowingly bringing materials prohibited by Policy and Regulation 2361 into the school environment will be disciplined in accordance with Board policies and regulations and such activities may result in termination of such students' accounts or access on the school district's computer networks and their independent use of computers.

On-line Conduct

Any action by a student or other user of the school district's computer networks/computers that is determined by school district personnel to constitute an inappropriate use of the district's computer networks/computers or to improperly restrict or inhibit other persons from using and enjoying those resources is strictly prohibited and may result in limitation on or termination of an offending person's access and other consequences in compliance with Board policy and regulation. The user specifically agrees not to submit, publish, or display any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or otherwise illegal or offensive material; nor shall a user encourage the use, sale, or distribution of controlled substances. Transmission of material, information or software in violation of any local, State or Federal law is also prohibited and is a breach of the Consent and Waiver Agreement.

Students and their parent(s) or legal guardian(s) specifically agree to indemnify the school district and school district personnel for any losses, costs, or damages, including reasonable attorneys' fees incurred by the Board relating to, or arising out of any breach of this section by the student.

Computer networks/computer resources are to be used by the student for his/her educational use only; commercial uses are strictly prohibited.

Software Libraries on the Network

Software libraries on or through the school district's networks are provided to students as an educational resource. No student may install, upload, or download software without the expressed consent of appropriate school district personnel. Any software having the purpose of damaging another person's accounts or information on the school district computer networks/computers (e.g., computer viruses) is specifically prohibited. School district personnel

reserve the right to refuse posting of files and to remove files. School district personnel further reserve the right to immediately limit usage or terminate the student's access or take other action consistent with the Board's policies and regulations of a student who misuses the software libraries.

Copyrighted Material

Copyrighted material must not be placed on any system connected to the computer networks/computers without authorization. Students may download copyrighted material for their own use in accordance with Policy and Regulation 2531 - Use of Copyrighted Materials. A student may only redistribute a copyrighted program with the expressed written permission of the owner or authorized person. Permission must be specified in the document, on the system, or must be obtained directly from the author or authorized source.

Public Posting Areas (Message Boards, Blogs, Etc.)

Messages are posted from systems connected to the Internet around the world and school district personnel have no control of the content of messages posted from these other systems. To best utilize system resources, school district personnel will determine message boards, blogs, etc. that are most applicable to the educational needs of the school district and will permit access to these sites through the school district computer networks. School district personnel may remove messages that are deemed to be unacceptable or in violation of Board policies and regulations. School district personnel further reserve the right to immediately terminate the access of a student who misuses these public posting areas.

Real-time, Interactive, Communication Areas

School district personnel reserve the right to monitor and immediately limit the use of the computer networks/computers or terminate the access of a student who misuses real-time conference features (talk/chat/Internet relay chat).

Electronic Mail

Electronic mail ("email") is an electronic message sent by or to a person in correspondence with another person having Internet mail access. The school district may or may not establish student email accounts. In the event the district provides email accounts, all messages sent and received on the school district computer networks/computers must have an educational purpose and are subject to review. Messages received by a district-provided email account are retained on the system until deleted by the student or for a period of time determined by the district. A canceled

account will not retain its emails. Students are expected to remove old messages within fifteen days or school district personnel may remove such messages. School district personnel may inspect the contents of emails sent by a student to an addressee, or disclose such contents to other than the sender or a recipient when required to do so by the policy, regulation, or other laws and regulations of the State and Federal governments. The Board reserves the right to cooperate fully with local, State, or Federal officials in any investigation concerning or relating to any email transmitted or any other information on the school district computer networks/computers.

Disk Usage

The district reserves the right to establish maximum storage space a student receives on the school district's system. A student who exceeds his/her quota of storage space will be advised to delete files to return to compliance with the predetermined amount of storage space. A student who remains in noncompliance of the storage space allotment after seven school days of notification may have their files removed from the school district's system.

Security

Security on any computer system is a high priority, especially when the system involves many users. If a student identifies a security problem on the computer networks/computers, the student must notify the appropriate school district staff member. The student should not inform other individuals of a security problem. Passwords provided to students by the district for access to the district's computer networks/computers or developed by the student for access to an Internet site should not be easily guessable by others or shared with other students. Attempts to log in to the system using either another student's or person's account may result in termination of the account or access. A student should immediately notify the Principal or designee if a password is lost or stolen, or if they have reason to believe that someone has obtained unauthorized access to their account. Students, staff, and administration of the school district have the opportunity to access the Internet to facilitate the need to prepare students, staff, and administrators to become computer literate in an increasingly technological world, to foster educational and personal growth in technology, information gathering, and communication skills. It is understood that the school district does not have sufficient staff to monitor every aspect of the use of the Internet.

However, the district will foster the independent use of the school's network, subject to compliance with procedures and standards for appropriate network behavior and communication. The following responsible guidelines apply to all users when accessing any school district network connection (NET):

1. It is understood that cooperation is critical in the use of the Internet. It is the goal of the use of the Internet to prepare students to become computer literate in an increasingly technological world. It is understood that a minor's independent use of the school's network is necessary to attain such a goal, subject to the procedures and standards for appropriate network behavior.
2. Violations of these responsible use guidelines may result in student discipline, subject to the student disciplinary code, and/or staff and administrative discipline, subject to guidelines adopted by the administration. The primary use of the NET shall be reserved to those individuals who utilize the materials that are of "educational value" to students of the district. For purposes of these guidelines, "educational value" shall mean those areas of network access that have a direct or indirect impact on the students' educational program in the school district. The use of the system for defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, and racially offensive, and illegal material or other prohibited activities shall not be permitted, and the school district will use any and all means available to it, within the confines of the law to prevent such material from entering the NET. Individuals are encouraged to report such entry of material into the system to the building administrator.
3. No personnel or student information that is protected by the Family Educational Rights and Privacy Acts shall be disseminated through the NET.

4. All users of the NET must comply with the Electronic Communications Privacy Act of 1986, as amended, and the Communications Decency Act. These Acts prohibit the unauthorized interception or disclosure of e-mail messages by third parties as well as the appropriateness of certain material being remitted on the Internet. The Acts do not permit interception or disclosure unless both the sender and the receiver of the communication provide consent. Further, the Acts recognize that the school district may monitor an employee's e-mail messages, as long as the interception device is included in the e-mail equipment.
5. Users of the NET must recognize that the district administration does have the authority to intercept e-mail messages of all users and that there will be no privacy right construed by the district to exist in the statements made in the NET. Users of the NET are encouraged not to store extensive e-mail messages in the NET and that messages should be stored for a period of no longer than fourteen calendar days.
6. When issued individual passwords and accounts, NET users may not allow any other person(s) to use or share those passwords and/or accounts.
7. Any attempt to circumvent system security, guess passwords, or in any way gain unauthorized access to local or NET resources is forbidden.
8. Use of the Internet for political and/or commercial gain or profit is not allowed from any educational site.
9. Users may not move, repair, reconfigure, modify or attach external devices to the system.
10. Additional rules and restrictions may be added and users will be notified of these changes in a timely manner. Users are responsible for reading and following these rules.
11. Time restrictions on the use of the Internet may be imposed to ensure equity of use.
12. From time to time, the district will encourage students and employees to use certain informational sources in order to control Internet costs.

13. The district administration reserves the right to use electronic devices, cards, or any other media to determine whether or not the students or employees are using the NET for items of true educational value.
14. Professional employees of the school will monitor student use of the Internet.
15. Students or employees who violate the Internet guidelines of the school may be denied future Internet privileges for a defined period of time or other disciplinary measures set forth in the student code of conduct or in any other rules of the district that may be applicable.

Purpose

The purpose of Title I is to enable schools to provide opportunities for children served to acquire the knowledge and skills contained in the challenging State content standards and to meet the challenging State performance standards developed for all children.

Title I Grants

The school district is eligible to receive a Basic Grant. The amount of the grant shall be in accordance with Federal and State Title I guidelines. The school district may be eligible for the following Title I grants:

- A. Basic Grant - The school district is eligible for a Basic Grant based on State expenditure levels, county poverty levels and number of eligible children in accordance with the Title I guidelines and regulations.
- B. Concentration Grants - The county may be eligible for a Concentration Grant based on the number of Title I eligible children in the county or on the county's poverty rate. The school district is eligible for the Concentration Grant if the county does not qualify for the grant and if the school districts where student poverty rates exceed those of the county where they live. Concentration Grants will be distributed to the county and/or the school district in accordance with all Title I guidelines and regulations.
- C. Target Grants - The school district is eligible to receive a Target Grant if it has at least ten formula children and if the number of low income children is at least five percent of the total school population, aged 5 to 17 years old. Target Grants will be distributed in accordance with the Title I guidelines and regulations.

Application Procedure

- A. The school district will submit an application and plan for Consolidated Grant funds to the New Jersey Department of Education for approval. The school district plan and application must describe:

1. Any additional high quality assessments, if any, other than those described in the State Plan, that the school district and the individual schools will use to;
 - a. Determine success in meeting the State's student performance standards;
 - b. Provide information on individual student progress;
 - c. Assist in diagnosis, teaching and learning in the classroom that will enable children served under the Title I to meet the State standards and attain success in the local curriculum; and
 - d. Determine that revisions are needed to Title I projects to facilitate the above.
 2. Indicators that will be used to provide information on individual student progress toward meeting the State performance standards and to aid in improving instruction;
 3. The professional development activities;
 4. Poverty criteria used to select eligible school attendance areas;
 5. How students most in need of services in non school-wide schools will be selected;
 6. How the school district will coordinate and integrate services provided with other educational services, Federal programs and programs provided by other State agencies, at the school district or individual school level;
 7. Plans to provide for and include eligible children in private schools;
 8. How school improvement and corrective action will be carried out;
- B. The school district will develop the Title I plan in consultation with parent(s) or legal guardian(s) of children in schools served under Title I.

Program Requirement, Determination and Allocation of Funds

- A. Determination - Title I funds will be used only in eligible school attendance areas as designated in the Title I guidelines and regulations. In order for a school to be designated as an eligible school attendance area, for Title I purposes, the percentage of children from low-income families in the school attendance area must be at least as high as the percentage of children from low-income families in the school district as a whole.

- B. Ranking Order - The school district may rank its attendance areas by grade-span grouping or for the entire school district. If funds are insufficient to serve all eligible school attendance areas, the school district will:
1. Annually rank, without regard to grade-span, eligible school attendance areas in which the concentration of children from low income families exceeds 75% from highest to lowest according to the percentage of children from low income families; and
 2. Serve such eligible school attendance areas in rank order.
- C. Remaining Funds - If funds remain after serving these eligible school attendance areas, a school district will:
1. Annually rank such agency's remaining eligible school attendance areas from highest to lowest either by grade span or for the entire local educational agency according to the percentage of children from low-income families; and
 2. Serve such eligible school attendance areas in rank order either within each grade-span grouping or within the school district as a whole.
- D. Measures of Identification - The school district will use the best available measure for identifying children from low-income families to identify eligible school attendance areas, determine the ranking of each area and to determine allocations. This measure shall be the number of children ages five through seventeen in poverty counted in the most recent census date, the number of children eligible for free and reduced-price lunches under the National School Lunch Act, the number of children in families receiving assistance under the Aid to Families with Dependent Children program, the number of children eligible to receive medical assistance under the Medicaid program, or a composite of such indicators. This requirement is not applicable if the school district has a total enrollment of less than 1,000 children.
- E. Waiver for Desegregation Plan - The U.S. Secretary of Education may approve the school district's written request for a waiver of the eligible attendance area requirements in accordance with Title I guidelines and regulations.
- F. School District Discretion - In general the school district may:
1. Designate as eligible any school attendance area or school in which at least 35% of the children are from low income families;

2. Use Title I funds in a school that is not in an eligible school attendance area, if the percentage of children from low-income families enrolled in the school is equal to or greater than the percentage of such children in a participating school attendance area of such agency;
 3. Elect not to serve an eligible school attendance area or eligible school that has a higher percentage of children from low-income families if:
 - a. The school meets the comparability requirements;
 - b. The school is receiving supplemental funds from other State or local sources; and
 - c. The funds expended from other sources are equal to or exceed the amount that would be provided under Title I.
 4. SPECIAL RULE: If a Local Educational Agency (LEA) chooses not to serve an eligible school attendance area, the number of children attending private elementary and secondary schools who are to receive services, and the assistance such children are to receive under this part, shall be determined without regard to whether the public school attendance area in which such children reside receives Title I funds.
- G. Allocations: In general:
1. The school district will allocate Title I funds to eligible school attendance areas or eligible schools, in rank order, on the basis of the total number of children from low-income families in each area or school.
 2. The per-student amount of funds allocated to the school attendance area or school shall be at least 125% of the per student amount of funds the school district received for that year under the poverty criteria described by the school district's plan. This will not apply if the school district only serves schools in which the percentage of such children is 35% or greater.
 3. The school district may reduce the amount of funds allocated for a school attendance area or school by the amount of any supplemental state and local funds expended in that school attendance area or school for programs that meet the requirements for school-wide or target assistance schools.

4. The school district will reserve Title I funds as necessary to provide services comparable to those provided to children in schools funded with Title I funds to serve:
 - a. Where appropriate, eligible homeless children who do not attend participating schools, including providing educationally related support services to children in shelters;
 - b. Children in local institutions for neglected or delinquent children; and
 - c. Where appropriate, neglected and delinquent children in community day school programs.
- H. Children Enrolled in Private Schools - The school district will offer Title I services to eligible children enrolled in private elementary and secondary schools. The services and benefits will be equitable in comparison to services and benefits for participating public school children. The school district will contact the private school in writing and consult with private school officials before the school district makes any decision that affects the private school children. This consultation shall include the following:
 1. Criteria for low income;
 2. How the children's needs will be identified;
 3. What services will be offered;
 4. How and where the services will be provided; and
 5. How the services will be assessed and the size and scope of equitable services to be provided to the eligible private school children and the proportion of funds allocated for such services.

The school district will keep records of the consultation with the private school officials and funds will be allocated to private schools in accordance with Title I guidelines and regulations.
- I. Coordination Requirements - The school district will provide the State Department of Education assurances that it will provide the maximum coordination between the Title I program, the regular school program and services provided by other programs for specialized populations. The Title I program will consider the special needs of homeless children, migrant children, disabled children and Limited English Proficient (LEP) children. Title I funds will be reserved so that migrant children who are otherwise eligible to receive Title I service, even if they arrive in the school year, are served.

- J. Application Procedures - The school district may apply for Title I funds under Basic Grants, Concentration Grants and Local Neglected or Delinquent (N or D) Grants either individually or cooperatively with other school districts in accordance with Title I guidelines and regulations.
- K. Submission of Application - The school district will submit its Title I application and supporting information in accordance with Title I guidelines and regulations.
- L. Application Review - The Department of Education will review the school district's application in accordance with Title I guidelines and regulations.

Fiscal Requirements

- A. The amount of funds the school district may be entitled to is based on the school district formula count as indicated in the Title I guidelines and regulations. The school district will use Title I funds for projects designed to provide supplemental services to meet the special educational needs of educationally deprived children at the preschool, elementary and secondary school levels. Title I funds will only be used to pay for authorized activities as indicated in the school district's application and plan and as provided for in the Title I guidelines and regulations.
- B. Utilization - The school district may use Title I funds for projects designed to provide supplemental services to meet the special education needs of educationally deprived children at the preschool, elementary and secondary school levels. Funds will be used and the funds will only pay for Title I activities in accordance with Title I guidelines and regulations.
- C. Maintenance of Effort - The school district may receive the full Title I allocation if the State Department of Education determines that either the school district's per student expenditures or aggregate expenditures of State and local funds for free public education in the preceding year were not less than 90% of the expenditures for the second preceding year. The school district's allocation will be reduced by the exact percentage that the school district failed to meet the 90% level.
- D. Comparability of Services - Title I funds will be used only to supplement the district's regular programs and will not be used to supplant state and local funds received by this district. The school district will use state and local funds to provide educational services in schools receiving Title I assistance that, taken as a whole, are at least comparable to services being provided in schools that are not receiving Title I assistance. Moreover, state and local funds will be used to provide comparable services in all schools receiving Title I assistance.

In order to achieve comparability of services, the Board directs the Superintendent to assign teachers, administrators, and auxiliary personnel and to provide curriculum materials and instructional supplies to schools and classes in such a manner as to ensure equivalence throughout the district in professional services and educational materials.

Title I services provided to private school students will be equivalent to those provided to public school students.

- E. Supplement - The school district will use Title I funds to supplement, and to the extent practicable, increase the level of funds that would, in the absence of such funds, be made available from non-Federal sources for the education of students participating in Title I programs and projects.
- F. Capital Expenses - The school district may apply to the State Department of Education for costs associated with capital expenses incurred to provide equitable services for eligible private school children.
- G. Property - Property acquired through Title I funds for use in public or private schools will be acquired in accordance with the Public School Contracts Law, will be held in title by the Board of Education, and will not be used for other purposes so long as it is required in the Title I program. Property no longer required for Title I purposes will be used for other, similarly funded projects or disposed of in accordance with State and Federal guidelines.

A. Establishment of Intervention and Referral Services

1. The Superintendent will establish and implement in the school building in which general education students are served, a coordinated system for planning and delivering intervention and referral services designed to assist students who are experiencing learning, behavior, or health difficulties, and to assist staff who have difficulties in addressing students' learning, behavior, or health needs in accordance with the requirements of N.J.A.C. 6A:16-8.1 and 6A:16-8.2.

B. Functions of Intervention and Referral Services

1. The Principal in a school building in which general education students are served will establish an Intervention and Referral Services (I&RS) Team. The I&RS Team will be comprised of the following:
 - a. The Principal or a member of the teaching staff other than a special education teaching staff member, who is appointed by the Principal to act on his/her behalf and with his/her authority, shall act as chairperson;
 - b. A member of the Child Study Team (CST) or an educational services staff member;
 - c. The staff member who referred the student in need of assistance or identified a school issue for discussion; and
 - d. Such other school staff members as may effectively aid in the development and implementation of the assistance plan for a particular student.
2. The district will provide support, guidance, and professional development to school staff members who participate in the school's system for planning and providing intervention and referral services.

C. Student Referral

1. A student not known to have a disability who is experiencing learning, behavior, or health difficulties shall be referred to the I&RS Team. This referral may be made by any school staff member or by the student's parent. The student's parent shall be informed of any such referral.

- a. The district will provide support, guidance, and professional development to school staff members on identifying student learning, behavior, and health difficulties.
 2. When it appears that a referred student may have a disability, the I&RS Team shall refer the student to the CST for evaluation pursuant to Policy 2460 for a determination of the student's eligibility for special education and/or related services.
 3. The I&RS Team shall consult with the student's teacher(s), parent, and any school staff member as appropriate to identify and collect information on the learning, behavior, and health difficulties of the student.
 4. The school nurse may be requested to review the student's health records and inform the Principal of any health condition relevant to the student's difficulties. Any information regarding any infection with HIV virus or AIDS may be released only with the written permission of the adult student or the student's parent.
 5. As appropriate, the I&RS Team may consult with community-based social and health agencies that provide services to the student or the student's family.
 6. The I&RS Team shall determine if the student's learning, behavior, and/or health difficulties may be helped with a written action plan.
- D. Intervention and Referral Services Action Plans
1. The I&RS Team shall develop and implement a written action plan for referred students that provide for appropriate school or community interventions or referrals to school and community resources, based on collected data and desired outcomes for the identified learning, behavior, or health difficulties.
 2. The intervention and referral services action plan shall:
 - a. Detail any modifications in the student's educational program which will include, but not be limited to, support and guidance to the student's teacher(s);
 - b. List the persons who will implement the action plan;
 - c. Include any recommendations for assessment and referral to specified school or community-based social and/or health provider agencies;

- d. Document parental notification of the student's referral and any change in educational placement or the withholding of parental notification because child abuse was suspected or Federal rules mandated confidentiality in an alcohol or drug related matter;
 - e. Involve the student's parent in the development and implementation of any intervention and referral services action plan by being offered an opportunity to provide input in the development and implementation of the action plan;
 - f. Identify the I&RS Team member(s) who will coordinate the access to and delivery of school resources and services for achieving outcomes identified in the intervention and referral services action plan; and
 - g. Identify the I&RS Team member(s) who will coordinate the services of community-based social and health provider agencies and other community resources for achieving outcomes identified in the intervention and referral services action plan.
3. The implementation and effectiveness of each intervention and referral services action plan shall be reviewed by the I&RS Team within eight calendar weeks from the beginning of its implementation. The I&RS Team shall consult the referring school staff member and any other school staff members to assess the effectiveness of the plan.
- a. If the action plan is not achieving the identified outcomes, the plan shall be modified to achieve the outcomes, as appropriate. If the review indicates the student may have a disability, the student shall be referred to the CST.
4. The I&RS Team may review any intervention and referral services action plan throughout the school year. However, at a minimum, the I&RS Team shall annually review all intervention and referral services action plans and the actions taken as a result of the school building's system of intervention and referral services, and make recommendations to the Principal for improving school programs and services, as appropriate.

E. Annual Report

1. At the end of the school year, the Principal shall, in consultation with the I&RS Team, develop a report on the concerns and issues identified by the I&RS Team and the effectiveness of the services provided in achieving the outcomes identified in the intervention and referral services action plans. The report shall also include:
 - a. A description of the needs and issues identified through referrals to the I&RS Team;
 - b. An identification and analysis of significant needs and issues that could facilitate school planning for the subsequent year;
 - c. A description of activities planned in response to the needs and issues significant in school planning; and
 - d. Any other information the Principal or the I&RS Team determine would be beneficial to improving the school's system for planning and delivering intervention and referral services designed to assist students.
2. The Principal's report shall be provided to the Superintendent.

A. Definitions

1. “Accommodation” means a change in the educational setting, instructional strategies, materials, and/or supplementary/related aids and services that does not significantly alter the content of the curriculum or level of expectation for a student’s performance, but which allows the student to access the regular general education curriculum.
2. “Act” means the Rehabilitation Act of 1973.
3. “Aids and Services” means aids and services designed to meet the individual student’s educational needs to the same extent as the needs of students without disabilities are met. 34 CFR §104.33

If they qualify, students receiving services through IDEA may also be eligible for services under Section 504 and ADA.
13. "Major life activities" means those of central importance to daily life and include, but are not limited to, functions such as: caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sitting, writing, standing, reaching, lifting, sleeping, bending, speaking, breathing, reading, concentrating, thinking, communicating, interacting with others, learning, and working. "Major life activities" also include physical or mental impairments that substantially limit the operation of a major bodily function, including, but not limited to: functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, cardiovascular, endocrine, hemic, lymphatic, musculoskeletal, reproductive systems, and the operation of an individual organ within a body system. 28 CFR §35.108; 28 CFR §36.105

- a. Mitigating measures, must not be used when determining whether an impairment is a disability except for the use of corrective eyeglasses or contact lenses. Mitigating measures may be considered in assessing whether someone is entitled to reasonable accommodation or poses a direct threat.
15. “Physical or mental impairment” means any physiological disorder or condition such as, cosmetic disfigurement or anatomical loss affecting one or more body systems, such as neurological, musculoskeletal, special sense organs, respiratory (including speech organs), cardiovascular, reproductive, digestive, genitourinary, immune, circulatory, hemic and lymphatic, skin, and endocrine; or any mental or psychological disorder such as intellectual disability, organic brain syndrome, emotional or mental illness, and specific learning disabilities. 28 CFR §35.108(b)(2) and 28 CFR§36.105(b)4

 - c. An impairment that is episodic or in remission may be considered a “disability” if it would substantially limit a major life activity when active.
 - d. Not all impairments are disabilities.

16. “Qualified student with a disability” means a student with a disability at the preschool, elementary, or secondary level, who is: (1) of an age at which students without disabilities are provided educational services; (2) of an age at which it is mandatory under State law to provide educational services to students with disabilities; or (3) a student to whom a State is required to provide a free appropriate public education under the Individuals with Disabilities Education Act (IDEA).
17. “Record of such an impairment” means has a history of, or has been misclassified as having a mental or physical impairment that substantially limits one or more major life activities.
18. “Regarded as having an impairment” means the individual establishes that he or she has been subjected to a prohibited action because of an actual or perceived physical or mental impairment, whether or not that impairment substantially limits or is perceived to substantially limit a major life activity.
 - a. For this prong only, the public entity must demonstrate the impairment is or would be both transitory (lasting or expected to last six months or less) and minor to show an individual is not regarded as having such an impairment. 42 U.S.C. 126 §12102(3)(B)

 - a. That it is broadly construed in favor of expansive coverage, to the maximum extent permitted under the Act.

- b. That it does not demand extensive analysis.
- c. That it substantially limits one major life activity, but not necessarily other major life activities.
- d. That it may be episodic or in remission, as long as the disability would substantially limit a major life activity when active.
- e. That it need not prevent, or significantly or severely restrict, an individual from performing a major life activity.
- f. That it requires an individualized assessment which does not create an “inappropriately high level of limitation” and is based upon the conditions, manner, or duration under which the individual can perform the major life activity 42 U.S.C. 12102(4)(B).
- g. That it generally will not require scientific, medical, or statistical evidence (although such evidence can be required where appropriate - evidence that can be considered may include statements or affidavits of affected individuals and school records).
- h. That the determination is made without regard to ameliorative effects of mitigating measures, except for the use of ordinary eyeglasses or contact lenses intended to fully correct visual acuity or eliminate refractive error. Non-ameliorative effects, such as the negative side effects of medication or a medical procedure, may also be considered.
- i. That the effects of an impairment lasting or expected to last less than six months can be substantially limiting for establishing a disability under the first two prongs: “actual disability” or “record of”.

B. District 504 Coordinator - 34 C.F.R. §104.7(a)

- 1. The District 504 Coordinator will be responsible for the initial evaluation of all allegations, reasonable accommodations (if required), and re-evaluations.
- 2. The District 504 Coordinator will comply with the mediation and due process requirements pursuant to N.J.A.C. 6A:14-2.6 and 6A:14-2.7 where applicable in cases arising from Section 504.

C. Educational Program

1. General:

- a. The Board will not, on the basis of a disability, exclude a student with a disability from a program or activity and will take into account the needs of such student in determining the aid, benefits, or services to be provided under a program or activity.
- b. Identification for special education services under IDEA and accommodations under Section 504 are not mutually exclusive.
- c. Students not otherwise eligible for special education programs and/or related services pursuant to N.J.A.C. 6A:14-1 et seq. may be referred to the District 504 Coordinator by the parent or staff member.
- d. The Board will provide reasonable accommodation(s) to students with disabilities notwithstanding any program and/or related services required pursuant to N.J.A.C. 6A:14-1 et seq.

D. Free Appropriate Public Education (FAPE) - 34 CFR §104.33

1. FAPE must be provided without cost to the student's parent, except for those fees imposed on a parent of a non-disabled student.
2. The district may place a student with a disability in or refer such student to a program other than one it operates as its means of carrying out the provisions of this Regulation.
 - a. The district will continue to maintain responsibility for ensuring the requirements of the Act are met in respect to any student with a disability so placed or referred.
 - b. The district will ensure adequate transportation to and from the program, provided at no greater cost than would be incurred by the parent if the student were placed in a program operated by the district.
 - (1) The administration will consider the proximity of any alternative setting to the student's home.

- (2) If a public or private residential placement is necessary to provide FAPE to a student with a disability, the placement, including non-medical care, room, and board, shall be provided at no cost to his/her parent.

E. Evaluation and Placement - 34 CFR §104.35

1. The Board will establish standards and procedures for initial evaluations and periodic re-evaluations of students who need or are believed to need special education and/or related services on the basis of disability.
 - a. Section 504 evaluations may encompass record and work sample review; direct observation in the natural setting; interviews with the student, parent, and school personnel; and/or administration of assessment measures. They do not include independent evaluations.
 - b. It may be determined that additional data is required, including the administration of formal standardized instruments and data on conditions in remission or episodic in nature. Tests and other evaluation materials must meet the following criteria:
 - (1) Validated for the specific purpose for which they are used and administered by trained personnel;
 - (2) Tailored to assess specific areas of educational need and not merely those designed to provide a single intelligence quotient; and
 - (3) Accurately reflect aptitude or achievement or whatever else the tests purport to measure, rather than the student's impaired sensory, manual, or speaking skills (unless the test is designed to measure these particular factors).
2. In interpreting evaluation data and in making placement decisions, the district will:
 - a. Draw information from a variety of sources, including, but not limited to: aptitude and achievement tests, medical evaluations, teacher recommendations, physical condition, social and cultural background, and adaptive behavior;

- b. Establish procedures to ensure that information obtained from all such sources is documented and carefully considered;
 - c. Ensure that placement decisions are made by a group of persons, including persons knowledgeable about the student, the meaning of the evaluation data, and placement options; and
 - d. Ensure that placement decisions are made in conformity with this Regulation and 34 CFR §104.34.
 - 3. The District 504 Coordinator will establish timelines for re-evaluations of students receiving reasonable accommodation(s). A parent may request a re-evaluation at any time upon written request to the District 504 Coordinator.
 - 4. Copies of requests for evaluation and related documents will be maintained in a designated Section 504 file folder placed in the student's cumulative record.
- F. Section 504 and Special Education
- 1. A student who qualifies for Section 504 services may not qualify for special education under IDEA; likewise, a student who qualifies under IDEA may not qualify under Section 504.
 - 2. A referral for a Section 504 evaluation may be made concurrently with a pending special education evaluation. In such instances, the Section 504 evaluation should be conducted during the same timeline utilized for the special education assessment. Generally, the Section 504 evaluation should be conducted in less than sixty days.
 - 3. If a student is found eligible under Section 504 prior to the special education team's findings, a Section 504 Accommodation Plan will be developed pending the special education team's findings. If the student is then found eligible for special education, an Individualized Education Program (IEP) will be developed and the IEP team can incorporate into the IEP any accommodations/services provided in the Section 504 Accommodation Plan.
 - 4. A separate Section 504 team meeting will be convened when a student is identified as eligible for special education and no longer requires accommodations/services under Section 504.

5. When an IEP team determines a student is not eligible or no longer eligible for special education, there may be circumstances when a Section 504 referral for evaluation may be appropriate and should be considered. The IEP team may document the student is being referred for a Section 504 evaluation, and the eligibility evaluation shall be addressed in a separate Section 504 team meeting.
- G. Section 504 Accommodation Plan
1. The District 504 Coordinator will assist in organizing a team of individuals responsible for receiving referral documents; securing evaluation information; and determining eligibility and appropriate accommodations, related aids or services for eligible students with disabilities. The team must be comprised of people who:
 - a. Are knowledgeable about the student;
 - b. Understand the meaning of evaluation data; and
 - c. Are familiar with placement options.
 2. The District 504 Coordinator, based on the evaluation of the student eligible for services under Section 504, will prepare a Section 504 Accommodation Plan which may include as relates to the student:
 - a. Name;
 - b. Date of birth;
 - c. Current educational placement;
 - d. Name of the District 504 Coordinator preparing the Section 504 Accommodation Plan;
 - e. Disabling condition:
 - (1) Major life activity impaired;
 - (2) Educational impact; and
 - (3) Impact on related educational progress.

- f. Accommodation (as appropriate):
 - (1) Physical and learning environment;
 - (2) Instructional;
 - (3) Behavioral;
 - (4) Evaluation;
 - (5) Medical; and/or
 - (6) Transportation.
 - g. Other:
 - (1) List of individuals participating in the development of the plan, along with their titles and the date(s) of their participation.
 - (2) Certification by the student's parent that he or she has participated in the development of the plan and provided consent to its implementation.
 - (3) A waiver of the fifteen days' notice prior to the implementation of the plan by the parent if the plan is to be implemented sooner than the fifteen days.
3. A Section 504 Accommodation Plan should not:
- a. Modify the curriculum;
 - b. Exempt a student from a course or subject required for graduation;
 - c. Alter the level of expectation for a student's performance;
 - d. Provide an extended time accommodation only for standardized testing when it is not required as part of the regular program of evaluation;
 - e. Include any testing accommodations unless authorized by the testing agency; and
 - f. Assign responsibility for implementing Section 504 accommodations to another student.

4. A Section 504 Accommodation Plan should:
 - a. Directly relate to a student's identified needs;
 - b. Be specific, measurable, and tailored to meet students' identified needs to allow for consistent implementation;
 - c. Be written to incorporate specific symptoms, behavior, or triggers that elicit implementation of the accommodation or service if required only occasionally; and
 - d. Clearly state how much extended time is required based upon a student's identified needs, if the Section 504 team determines such an accommodation is appropriate.
 5. Students needing medication:
 - a. Not all students needing medication administered by school staff will require a Section 504 Accommodation Plan. It is not necessary to qualify a student as having a disability that substantially limits a major life activity under Section 504 in order to provide a service that schools perform for all general education students.
 - b. A Section 504 referral with the potential for a subsequent Section 504 Accommodation Plan is appropriate when a student is found to have a disability that substantially limits a major life activity and needs medication administered on a systematic basis to receive equal access to the educational program.
- H. Nonacademic/Extracurricular Services - 34 CFR §104.37
1. Nonacademic and Extracurricular Services may include counseling, physical recreational athletics, transportation, health services, recreational activities, special interest groups or school clubs, and/or referrals to agencies which provide assistance to students with disabilities and student employment.
 2. The Board and administration will ensure that students with disabilities are not counseled toward more restrictive career objectives than are nondisabled students with similar interests and abilities.

3. The Board will provide to students with disabilities equal opportunity as afforded nondisabled students for participation in physical education courses, athletics, and similar programs and activities.
 - a. The district may offer students with disabilities physical education and athletic activities that are separate or different from those offered to nondisabled students only if the separation or differentiation is consistent with the requirements of 34 CFR §104.34 and only if no student with a disability is denied the opportunity to compete or to participate.
- I. Grievance Procedure - 34 CFR §104.7(b)
 1. This grievance procedure shall apply to a student with a disability alleging discrimination under the provisions of Section 504 of the Rehabilitation Act of 1973.
 2. The parent who believes his or her child has a valid basis for a grievance under Section 504 shall file an informal complaint in writing with the District 504 Coordinator stating the specific facts of the grievance and the alleged discriminatory act.
 3. The District 504 Coordinator will make reasonable efforts to resolve the matter informally by reviewing the grievance with appropriate staff including, but not limited to: the Principal, Child Study Team staff, and/or classroom teacher(s).
 4. The District 504 Coordinator will investigate and document the complaint including dates of meetings, dispositions, and date(s) of dispositions. The District 504 Coordinator will provide a written decision to the complainant within seven working days of the written complaint.
 5. If the complainant is not satisfied with the District 504 Coordinator's written decision, the complainant may appeal the decision in writing, setting out the circumstances that give rise to the alleged grievance. This written appeal must be filed with the District 504 Coordinator within three working days of the complainant's receipt of the written decision. The written appeal must state the basis for the appeal and the remedy sought by the complainant.

6. The District 504 Coordinator will appoint a qualified hearing officer within seven working days of the receipt of the written appeal. The hearing officer will conduct a hearing within seven working days of receipt of the written appeal. The hearing officer will give the parent a full and fair opportunity to present evidence relevant to the issues raised under the initial grievance. The parent may, at his or her own expense, be assisted or represented by individuals of their choice, including legal counsel. The hearing officer will present a written decision to the District 504 Coordinator and aggrieved individual within seven working days of the hearing.
7. The complainant may file a written appeal to the Board if not satisfied with the hearing officer's decision provided the written appeal is submitted to the Superintendent within three working days of the complainant's receipt of the hearing officer's written decision. The Board may, but is not required to, conduct a Board hearing on the appeal.
8. The complainant may request mediation and due process in accordance with N.J.A.C. 6A:14-2.6 and 2.7 if unsatisfied with the written decision of the Board. If specifically requested by the parent, the aforementioned N.J.A.C. 6A:14-2.6 and 2.7 grievance procedures must be followed.

R 2419 SCHOOL THREAT ASSESSMENT TEAMS

A. Definitions

1. “Aberrant behavior” means behavior atypical for the person or situation and causes concern for the safety or well-being of those involved. Aberrant behavior for an individual involves actions, statements, communications, or responses that are unusual for the person or situation; or actions which could lead to violence toward self or others; or are reasonably perceived as threatening or causing concern for the well-being of the person.
2. “Behavioral Threat Assessment and Management (BTAM)” means a proactive approach to identify, assess, and provide appropriate interventions and resources for individuals who display a behavior that elicits concern for the safety of themselves or others. (U.S. Secret Service National Threat Assessment Center.)
3. “Concerning behavior” means an observable behavior that elicits concerns in bystanders regarding the safety of an individual or those around them. Behaviors that may elicit concern can include unusual interests in violent topics, conflicts between classmates, increased anger, increased substance use, or other noteworthy changes in behavior (e.g., depression or withdrawal from social activities). Some concerning behaviors may be defined as prohibited behaviors and should trigger an immediate response. Prohibited behaviors can include threats, weapons violations, and other aggressive or violent behavior. Concerning behavior does not necessarily imply or predict that an individual or group will become violent. Instead, it serves as an indicator that the student may be in need of intervention or increased supports. Proactive intervention and de-escalation are key and should be part of any approach to violence prevention.
4. “Concerning communication” means unusual, bizarre, threatening, or violent communication made by an individual or a group that elicit concerns for the safety or wellbeing of the individual or others. Concerning communication may allude to violent intentions, violence as a means to solve a problem, justifying violent acts, unusual interest in weapons, personal grievances, or other inappropriate interests. Concerning communications may also allude to hopelessness or suicide. Concerning communications may be made in the form of written or oral statements, gestures, or visual/electronic media. Communications may be considered concerning regardless of whether a direct verbal threat is expressed. Concerning communication does not necessarily imply or predict that

an individual or group will become violent. Instead, it serves as an indicator that the student may be in need of intervention or increased supports. Proactive intervention and de-escalation are key and should be part of any approach to violence prevention.

5. “Multidisciplinary Threat Assessment Team” means a team composed of highly trained school personnel with diverse positions, backgrounds, and experience. The team will receive reports about a concerning person and situations, gather additional information, assess the risk posed to the community, and develop intervention and management strategies to mitigate any risk of harm.
6. “Targeted violence” means a premeditated act of violence directed at a specific individual, group, or location regardless of motivation and generally unrelated to other criminal activity.

B. Multidisciplinary Threat Assessment Team

1. Threat Assessment Team Members

- a. In accordance with N.J.S.A. 18A:17-43.4, the threat assessment team established by the Board of Education shall be multidisciplinary in membership and, to the extent possible, must include the following individuals:
 - (1) A Principal or other senior school administrator;
 - (2) A school psychologist, school counselor, school social worker, or other school employee with expertise in student counseling;
 - (3) A safe-schools resource officer or school employee who serves as a school liaison to law enforcement;
 - (4) The school safety specialist (designated pursuant to N.J.S.A. 18A:17-43.3); and
 - (5) A teaching staff member.
- b. Additional school employees may serve as regular members of the threat assessment team or may be consulted during the threat assessment process, as determined to be appropriate by the team. If a student has an Individualized Education Program (IEP), 504 plan, and/or functional

behavioral assessment (FBA) plan, the threat assessment team must consult with the appropriate staff or team to determine whether the reported behavior is already part of known baseline behavior or is already being managed under the student's IEP, 504 plan, or FBA plan and addressed in a manner that is required by N.J.A.C. 6A:14 and all other Federal and State special education laws.

- c. The district may choose to name the threat assessment team in a manner that suits the school community needs.

2. Threat Assessment Team Structure

- a. The district can structure the threat assessment teams to best meet the needs and resources available. This may include:
 - (1) School-Based Teams: The district may opt to develop teams for each school comprised of those members fulfilling the assigned roles identified in the law in each of its schools.
 - (2) District-Level Team: The district may choose to develop one central team designated to serve each school in cases where staffing at individual schools is not sufficient to meet the membership requirements of the law. In such cases, the district may choose to operate smaller teams trained in the threat assessment process in each school, which can screen cases to determine which situations to refer to the District-Level Team. If the district uses this model, the district must ensure representation of those staff members from the involved school as identified by the law to the fullest extent possible when conducting an assessment.
 - (3) District-Level Team and School-Based Teams: The district may have one central team that provides oversight, consistency, and accountability for all threat assessment processes including threats impacting the entire district. School-Based Teams address cases in each school building, while ensuring all information is shared with the District-Level Team.

C. Building a K-12 Behavioral Threat Assessment and Management Program

The district shall implement the following steps in developing a Behavioral Threat Assessment and Management Program.

1. Step 1: Establish a Multidisciplinary Team
 - a. Identify team membership pursuant to N.J.S.A. 18A:17-3.4.
 - b. Designate a team leader.
 - c. Establish team procedures and protocols.
 - d. Meet on a regular basis and as needed.
2. Step 2: Define Prohibited and Concerning Behaviors
 - a. Establish policy defining prohibited behaviors
 - (1) These definitions should be included in the code of student conduct policy and shared with staff, parents, and students.
 - b. Identify other behaviors for screening or intervention.
 - c. Define threshold for intervention.
 - (1) The threshold should be relatively low so that teams can identify individuals in distress before the behavior escalates into a violent behavior.
3. Step 3: Create a Central Reporting Mechanism
 - a. Establish one or more anonymous reporting mechanisms.
 - (1) Examples include a mobile application, a dedicated email address or phone number, or on the district website.

- b. Provide training and guidance to encourage reporting.
 - (1) Students, teachers, staff, school resource officers, and parents should be provided awareness training and guidance on recognizing behaviors of concern, their roles and responsibilities in reporting the behavior, and how to report the information.
- c. Ensure availability to respond.
- d. Utilize an Initial Report to collect the threat, concerning behavior, etc.
- 4. Step 4: Define Threshold for Law Enforcement Intervention
 - a. Most reports can be handled by the School-Based Team.
 - b. Establish which behaviors should be referred for law enforcement intervention (e.g., physical violence, threats of violence, etc.).
- 5. Step 5: Establish Threat Assessment Procedures
 - a. Decide how to document cases.
 - b. Create procedures to screen reports, gather information, make assessments, and decide on interventions.
 - c. Develop/adapt threat assessment forms to organize information around the 11 Investigative Questions referenced in D.4. below.
- 6. Step 6: Develop Risk Management Options
 - a. Identify all available resources for creating individualized management plans.
 - (1) The resources and supports the student needs will differ depending on the information gathered during the assessment.

- (2) Resources to assist the student could take the form of peer support programs or therapeutic counseling to enhance social learning or emotional competency, life skills classes, tutoring in specific academic subjects, or mental health care. Most programs and supports will be available within the school, but the team may need to also access community resources to assist with the managing the student. Identify resources to assist targets/victims.
 - (3) Make efforts to address the safety of any potential targets by altering or improving security procedures for schools or individuals and providing guidance on how to avoid the concerning person.
 - b. Establish points of contact for all resources.
- 7. Step 7: Create and Promote Safe School Climates
 - a. Assess current school climate.
 - (1) Anti-Bullying Bill of Rights Act (N.J.S.A. 18A:37-21) requires the school safety team in each school in the district "...to develop, foster, and maintain a positive school climate by focusing on the ongoing, systemic process and practices in the school and to address school climate issues..." and to "review and strengthen school climate and the policies of the school.
 - b. Enhance current school climate.
 - c. Strengthen students' connectedness.
 - (1) Encourage teachers and staff to build positive, trusting relationships with students by actively listening to students and taking an interest in what students say.
 - d. Break down "codes of silence" and help students feel empowered to come forward and share concerns and problems with a trusted adult.
 - e. Identify clubs or teams at school students can join or encourage students to start their own special interest group.

8. Step 8: Conduct Training for all Stakeholders

- a. The training is for new threat assessment team members, refresher training, and professional development. This includes training on the screening and threat assessment forms and procedures.
- b. Training must be coordinated with the New Jersey Department of Education (NJDOE), Office of School Preparedness and Emergency Planning (OSPEP) to ensure that the threat assessment team is able to accurately assess student behavior and to ensure that threat assessment teams do not have a disparate impact on students based on their race, ethnicity, homelessness status, religious belief, gender, gender identity, sexual orientation, or socioeconomic status. This training includes training on adverse childhood experiences, childhood trauma, cultural competency, and implicit bias.
- c. Awareness training for students, teaching staff members, and all school staff members regarding the recognition of concerning or aberrant behavior in an individual that may represent a threat to the school community.
 - (1) Requests for awareness training can be coordinated by the district's School Safety Specialists through the OSPEP.
- d. Training for parents and other community stakeholders to anonymously report dangerous, violent, or unlawful activity to the district or school.

D. Threat Assessment and Management Process

The district shall implement the following steps in the threat assessment and management process.

1. Step 1: Receive a Report of Concern

- a. When the threat assessment team first learns of a new report of a threat or aberrant or concerning behavior, the team (or one member of the team) should collect initial intake information about the behavior, the concerning person (i.e., the person who engaged in the threatening behavior; the person to be assessed), and other information that is readily available.

2. Step 2: Screen the Case

- a. Screen for imminency (of the threat or concerning behavior) and whether there is a need for a full threat assessment.
 - (1) If the threat assessment team believes the report does present an imminent danger or safety concern, immediately notify law enforcement. Once the emergency has been contained, the team should complete a full threat assessment and make all necessary notifications (i.e., anyone that is or may be directly impacted).
- b. If the team does not believe the report presents an imminent danger or safety concern, determine if there is a need for full threat assessment. If not, document the initial report and screening.
- c. If there is a need for a threat assessment, the team shall proceed with a full threat assessment using the steps outlined in D.3. through 8. below.
- d. The district's Title IX Coordinator must be notified immediately if a report involves sexual harassment, sexual assault, dating violence, stalking, or a domestic violence assault, or if engagement in these actions is uncovered when gathering additional information during the threat assessment process. Notifying the district's Title IX Coordinator is completed parallel to the threat assessment process and does not stop a team from moving forward with gathering information and initiating risk management strategies.

3. Step 3: Gather Information from Multiple Sources

- a. Gather information about the person displaying the concerning behavior and situation from various sources. These sources can include, but are not limited to, teachers, coaches, parents, and peers.

4. Step 4: Organize and Analyze

- a. Organize and analyze information using the 11 Investigative Questions detailed in the U.S. Secret Service and U.S. Department of Education threat assessment guide. The form is comprised of 11 investigative questions adapted from the U.S. Secret Services and U.S. Department of Education Threat Assessment in Schools: A Guide to Managing

Threatening Situations and to Creating Safe School Climates and can be found at www.secretservice.gov/nod/2559.

5. Step 5: Make the Assessment
 - a. Make an assessment about whether the individual of concern poses a threat of violence or self-harm, or if they are otherwise in need of intervention.
6. Step 6: Develop and Implement a Case Management/Intervention Plan
 - a. Develop and implement a case management plan to reduce risk.
 - b. As needed, refer individual of concern to the local mental health authority or healthcare provider for evaluation and/or treatment.
 - c. As needed, refer individual of concern for a full and individual evaluation (FIE) for special education services.
7. Step 7: Re-Assess (Case Monitoring)
 - a. Monitor, re-evaluate, and modify plan as needed to ensure that the identified intervention(s) is effective, and the individual of concern no longer poses a threat of violence or self-harm.
 - b. Re-assessing the person of concern, going through the assessment questions again.
 - c. If there are still concerns, the team shall continue to monitor, adjust plan, and re-assess as needed until there is no longer a concern of harm to self and/or others, and the individual is on a better path.
8. Step 8: Document and Close the Case
 - a. When the team's assessment is that the concerning person no longer poses a threat of violence or self-harm, the team can close the case or place it on the in-active status.
 - b. The threat assessment team should be sure to document the case, including scheduling any future dates to check-in or follow-up, as needed.

- c. The documentation should be stored in a confidential file, with only authorized personnel having access.

E. Training

1. Each member of the threat assessment team must attend training in accordance with N.J.S.A. 18A:17-43.4. The district may also choose to provide awareness training to school community members on the threat assessment process. The awareness training is also outlined as part of one of the steps of the Building a K-12 Behavior Threat Assessment and Management Program.
2. Threat assessment team membership:
 - a. In accordance with N.J.S.A. 18A:17-43.4, the NJDOE shall provide training through the New Jersey School Safety Specialist Academy. All threat assessment team members must receive training consistent with the training and guidelines provided by the NJDOE. The school safety specialist, is a member of the threat assessment team and will assist in ensuring this training is provided to school staff in coordination with OSPEP.
 - b. Each new threat assessment team member must complete training by the OSPEP, which shall include training sessions as instructed by *Ontic/SIGMA as part of the Bureau of Justice Assistance (BJA) STOP School Violence Grant Program*.
 - c. The district shall determine membership on the threat assessment team in accordance with N.J.S.A. 18A:17-43.4, including adding and ensuring the training of new members, as needed. The district must ensure all threat assessment team members attend the required initial training and refresher training provided by OSPEP to advance their competency in conducting assessments.
 - (1) These trainings will be offered through the OSPEP for both in person and online platforms.
 - (2) Refresher training will be developed and facilitated by the OSPEP and will be made available through in-person and online platforms, as necessary.

3. Awareness Training for Other School Community Stakeholders
 - a. Request for awareness training for school staff members should be directed to the OSPEP email at school.security@doe.nj.gov, which will provide training or coordinate sessions with approved instructors from the U.S. Department of Homeland Security National Threat Evaluation and Reporting Office's Certified Master Training Program.
- F. Other Considerations
 1. Individualized Education Program (IEP) or 504 Plans
 - a. The district is required by law to meet the needs of students with special needs, who are afforded disciplinary protections not provided to the general education population, to reduce exclusionary practices for special education students. When assessing a student whose behavior may pose a threat to the safety of the school community, in the case of a student with an IEP or 504 plan, the threat assessment team shall consult with the IEP team or 504 team to determine whether the aberrant or concerning behavior is a threat to school safety and is being properly addressed in a manner that is required by N.J.A.C. 6A:14 and all Federal and State special education laws. Working with the IEP team or 504 team, the threat assessment team shall determine if the behavior is part of known baseline behavior, or is already being managed under the student's IEP, 504 plan, or FBA plan. If the behavior is not consistent with baseline behaviors or is not able to be effectively managed through current programming, then a threat assessment would need to be conducted. A special education representative must be part of the team and shall engage throughout the process.
 2. Allegations of Harassment, Intimidation, & Bullying (HIB) or Bias-Related Acts
 - a. Should the threat assessment team become aware of an allegation of HIB when considering or conducting assessments, they must follow Policy 5512 for addressing allegations of HIB in alignment with the Anti-Bullying Bill of Rights Act. Additionally, during the threat assessment process, it is important to recognize that the student may need remedial services (e.g., counseling) to address behavior that may have prompted the need for the threat assessment and to ensure their well-being.

- b. Should a threat assessment team become aware of a bias-related act, they should implement Policy and Regulation 8465 on reporting bias-related acts to law enforcement in accordance with the Memorandum of Agreement Between Education and Law Enforcement Officials and Policy and Regulation 9320.
- 3. Information Sharing
 - a. The Family Educational Rights and Privacy Act (FERPA) and the Health Insurance Portability and Accountability Act (HIPAA) are two Federal laws protecting the privacy of an individual's personal records. FERPA refers specifically to educational records while HIPAA refers to medical records. Questions and concerns about FERPA and/or the HIPAA protections often arise as part of the threat assessment planning process. It is critical that threat assessment teams understand how to balance the safety of the school with the privacy of individual students. These laws should not be an impediment to threat assessment and management.
 - b. Threat assessment teams should consult with the Board Attorney on these elements as needed.
- 4. Family Education Rights & Privacy Act (FERPA) – Educational Records
 - a. FERPA is a Federal law that protects the privacy of student education records. FERPA does, however, authorize school officials to disclose information without consent in emergency situations where the health and/or safety of students is at risk. Relevant information can be released to law enforcement, public health, and medical officials, as well as other schools in the event a student transfers or matriculates. The U.S. Department of Education would not find a school in violation of FERPA for disclosing FERPA-protected information under the health or safety exception as long as the school had a rational basis, based on the information available at the time, for making its determination that there was an articulable and significant threat to the health or safety of the student or other individuals.
- 5. Health Insurance Portability and Accountability Act (HIPAA) – Medical and Mental Health Records
 - a. HIPAA protects the confidentiality of information in health records. Confidentiality is held by the patient, not the mental health provider. In cases where HIPAA applies, the following strategies below may assist

threat assessment teams in eliminating potential barriers to critical data collection:

- (1) Ask permission from the student and parent to disclose medical records;
 - (2) Provide information to health and mental professionals; and
 - (3) Ask about duty to warn or duty to protect.
- b. Additionally, medical and mental health providers may disclose protected health information when disclosure:
- (1) Is necessary to prevent or lessen a serious and imminent threat to health or safety of patient or others and is to someone reasonably able to prevent or lessen the threat; and
 - (2) May include disclosure to law enforcement, or others who can mitigate the threat and disclosure must be consistent with applicable law and standards of ethical conduct.

6. Record Keeping

All documentation from the threat assessment process must be maintained in a confidential and secure location. Maintaining records and preserving evidence throughout the process, assists in the establishment of a legal and behavioral justification for the intervention. Records may be electronic or paper and must be maintained in accordance with record retention rules established by the Department of Treasury.

Adopted: 26 September 2023

- B. Identification of Eligible English Language Learners (ELLs) (N.J.A.C. 6A:15-1.3)
1. The district shall use a multi-step process at the time of enrollment to determine the native language of each ELL. The district shall:
 - a. Maintain a census indicating all identified students whose native language is other than English; and

- b. Administer the Statewide home-language survey to determine which students in Kindergarten to grade eight whose native language is other than English must be screened further to determine English language proficiency. The Statewide home-language survey shall be administered by a bilingual/ESL or other certified teacher, and shall be designed to distinguish students who are proficient English speakers and need no further testing.
 2. The district shall determine the English language proficiency of all Kindergarten to grade eight students who are not screened out and whose native language is other than English by administering an English language proficiency test, assessing the level of reading in English, reviewing the previous academic performance of students, including their performance on standardized tests in English, and reviewing the input of teaching staff members responsible for the educational program for ELLs. Students who do not meet the Department standard on a language proficiency test and who have at least one other indicator shall be considered ELLs. The district shall also use age-appropriate methodologies to identify preschool ELLs to determine their individual language development needs.
- C. Bilingual Programs for English Language Learners (ELLs) (N.J.A.C. 6A:15-1.4)
 1. The Board shall provide all Kindergarten to grade eight ELLs enrolled in the district pursuant to N.J.S.A. 18A:7F-46 with all required courses and support services outlined in N.J.A.C. 6A:15-1.4 (b) through (h) and C.2. through C.8. below to prepare ELLs to meet the NJSLs for high school graduation. This may include tutoring, after-school programs, summer programs, and remedial services as needed by ELLs. The district shall also provide appropriate instructional programs to eligible pre-school ELLs based on need according to the New Jersey Preschool Program Implementation Guidelines, 2015. The guidelines provide developmentally appropriate recommendations for good practice and are intended for school districts that provide preschool programs.
 2. The Board shall establish English language services designed to improve the English language proficiency of ELLs whenever there are at least one, but fewer than ten ELLs enrolled in the school district. English language services shall be provided in addition to the regular school program.
 3. The Board shall establish an ESL program that provides at least one period of ESL instruction based on student language proficiency whenever there are ten or more ELLs enrolled in the school district.

- a. An ESL curriculum that addresses the WIDA English language development standards shall be developed and adopted by the Board to address the instructional needs of ELLs.
 - b. The ESL curriculum shall be cross-referenced to the district's bilingual education and content area curricula to ensure that ESL instruction is correlated to all the content areas taught.
4. The Board shall establish bilingual education programs whenever there are twenty or more ELLs in any one-language classification enrolled in the school district pursuant to N.J.S.A. 18A:35-18. Bilingual education programs shall:
 - a. Be designed to prepare ELLs to acquire sufficient English skills and content knowledge to meet the NJSLS. All ELLs participating in the bilingual programs shall also receive ESL instruction;
 - b. Include a curriculum that addresses the NJSLS, the WIDA English language development standards, and the use of two languages. The bilingual education curriculum shall be adopted by the Board; and

5. ELLs shall be provided with equitable instructional opportunities to participate in all non-academic courses necessary to meet the NJSLS, including comprehensive health and physical education, the visual and performing arts, and career awareness programs. The instructional opportunities shall be designed to assist ELLs to fully comprehend all subject matter and demonstrate their mastery of the content matter.
6. In addition to N.J.A.C. 6A:15-1.4(a) through (f) and C.1. through C.6. above, the Board shall design additional programs and services to meet the special needs of eligible ELLs and include, but not be limited to: remedial instruction through Title I programs; special education; school-to-work programs; computer training; and gifted and talented education services.
7. The Board may establish dual-language bilingual education programs in the district and may make provisions for the coordination of instruction and services with the school district's world languages program. Dual-language bilingual

education programs shall also enroll students whose primary language is English, and shall be designed to help students achieve proficiency in English and in a second language while mastering subject-matter skills. To the extent necessary, instruction shall be in all courses or subjects of study that allow students to meet all grade promotion and graduation standards. Where possible, classes in dual-language bilingual programs shall be comprised of approximately equal numbers of ELLs and of students whose native language is English.

8. The Board may establish a program in bilingual education for any language classification with fewer than twenty students.

D. Waiver Process Provided by Statute (N.J.A.C. 6A:15-1.5)

The school district may request a waiver from N.J.A.C. 6A:15-1.4(d) and C.4. above to establish annually an instructional program alternative with the approval of the Department when there are twenty or more students eligible for the bilingual education program in grades Kindergarten through eight, and the school district is able to demonstrate that it would be impractical to provide a full-time bilingual program due to age range, grade span, and/or geographic location of eligible students.

1. Instructional program alternatives shall be developed in consultation with and approved annually by the Department after review of student enrollment and achievement data. All bilingual instructional program alternatives shall be designed to assist ELLs to develop sufficient English skills and subject-matter skills to meet the NJSLS.
2. The instructional program alternatives that shall be established include, but are not limited to: the bilingual part-time component; the bilingual resource program; the bilingual tutorial program; the sheltered English instruction program; and the high-intensity ESL program.
3. In the event the district implements program alternatives, the district shall annually submit student enrollment and achievement data that demonstrate the continued need for these programs.

E. Approval Procedures (N.J.A.C. 6A:15-1.6)

1. If the school district provides a bilingual program, ESL program, or English language services, the district shall submit a plan every three years to the Department for approval. At its discretion, the Department may request modifications, as appropriate.

a. Plans submitted by the school district for approval shall include information on the following:

- (1) Identification of students;
- (2) Program description;
- (3) The number of certified staff hired for the program;
- (4) Bilingual and ESL curriculum development;
- (5) Evaluation design;
- (6) Review process for exit; and
- (7) A budget for bilingual and ESL programs or English language services.

F. Supportive Services (N.J.A.C. 6A:15-1.7)

1. Students enrolled in bilingual, ESL, or English language services programs shall have full access to educational services available to other students in the school district.
2. To the extent that it is administratively feasible, supportive services to ELLs, such as counseling, tutoring, and career guidance, should be provided by bilingual personnel who are familiar with and knowledgeable of the unique needs and background of the ELLs and their parents.

G. In-service Training (N.J.A.C. 6A:15-1.8)

1. The Board shall develop a plan for in-service training for bilingual, ESL, and mainstream teachers; administrators who supervise bilingual/ESL programs; and administrators and any personnel who observe and evaluate teachers of ELLs. The plan shall include instructional strategies and appropriate assessments to help ELLs meet the NJSLs and the WIDA English language development standards. All bilingual and ESL teachers shall receive training in the use of the ESL curriculum.
2. The Professional Development Plan of the school district shall include the needs of bilingual and ESL teachers, which shall be addressed through in-service training.

H. Certification (N.J.A.C. 6A:15-1.9)

1. All teachers of bilingual classes shall hold a valid New Jersey instructional certificate with an endorsement for the appropriate grade level and/or content area, as well as an endorsement in bilingual education pursuant to N.J.S.A. 18A:6-38 et seq. and 18A:35-15 to 26.1.
2. All teachers of ESL classes shall hold a valid New Jersey instructional certificate in ESL pursuant to N.J.S.A. 18A:6-38 et seq. and N.J.A.C. 6A:9B-10.5.
3. All teachers providing English Language Services shall hold a valid New Jersey instructional certificate.

I. Bilingual, English as a Second Language, and English Language Services Program Enrollment, Assessment, Exit, and Re-entry (N.J.A.C. 6A:15-1.10)

1. All ELLs from Kindergarten through grade eight shall be enrolled in the bilingual, ESL, or English language services education program established by the Board as prescribed in N.J.A.C. 6A:15-1.4(b) through (e) and 1.5(a), C.2. through C.5. and D. above, and P.L. 1995, c. 59 and c. 327.
2. Students enrolled in the bilingual, ESL, or English language services program shall be assessed annually using ELP assessments to determine their progress in achieving English language proficiency goals and readiness for exiting the program. Students who meet the criteria for Statewide alternate assessments, pursuant to N.J.A.C. 6A:14-4.10(a)2, shall be assessed annually using an alternate ELP assessment.
3. ELLs enrolled in the bilingual, ESL, or English language services program shall be placed in a monolingual English program when they have demonstrated readiness to exit a bilingual, ESL, or ELS program through Department-established criteria on an ELP assessment and a Department-established English language observation form. A student shall first achieve the Department-established English proficiency standard as measured by an ELP assessment. The student's readiness shall be further assessed by the use of a Department-established English language observation form that considers, at a minimum: classroom performance; the student's reading level in English; the judgment of the teaching staff member or members responsible for the educational program of the student; and performance on achievement tests in English.

- a. Pursuant to C.F.R. §200.6(h)(4)(ii), an ELL with a disability whose disability makes it impossible for the student to be assessed in a particular domain because there are no appropriate accommodations for assessing the student in that domain may be exited from ELL status based on the student's score on the remaining domains in which the student was assessed.
4. A parent may remove a student who is enrolled in a bilingual education program pursuant to provisions in N.J.S.A. 18A:35-22.1.
5. Newly exited students who are not progressing in the mainstream English program may be considered for reentry to bilingual and ESL programs as follows:
 - a. After a minimum of one-half of an academic year and within two years of exit, the mainstream English classroom teacher may recommend retesting with the approval of the Principal.
 - b. A waiver of the minimum time limitation may be approved by the Executive County Superintendent upon request of the Superintendent if the student is experiencing extreme difficulty in adjusting to the mainstream program.
 - c. The recommendation for retesting shall be based on the teacher's judgment that the student is experiencing difficulties due to problems in using English as evidenced by the student's inability to: communicate effectively with peers and adults; understand directions given by the teacher; and/or comprehend basic verbal and written materials.
 - d. The student shall be tested using a different form of the test or a different language proficiency test than the one used to exit the student.
 - e. If the student scores below the State-established standard on the language proficiency test, the student shall be re-enrolled into the bilingual or ESL program.

It starts with a few days of rest (two-three days) and is followed by light activity (such as short walks) and moderate activity (such as riding a stationary bike) that do not worsen symptoms.

b. Light Aerobic Activity

Begin with light aerobic exercise only to increase the student's heart rate. This means about five to ten minutes on an exercise bike, walking, or light jogging. No weight lifting at this point.

c. Moderate Activity

Continue with activities to increase the student's heart rate with body or head movement. This includes moderate jogging, brief running, moderate-intensity stationary biking, and/or moderate-intensity weightlifting (less time and/or less weight from their typical routine).

d. Heavy, Non-Contact Activity

Add heavy non-contact physical activity, such as sprinting/running, high-intensity stationary biking, regular weightlifting routine, and/or non-contact sport-specific drills (in three planes of movement).

e. Practice and Full Contact

The student may return to practice and full contact (if appropriate for the athletic competition) in controlled practice.

f. Athletic Competition

The student may return to athletic competition or practice.

2. It is important for a student's parent(s) and coach(es) to watch for concussion symptoms after each day's "Return to Play Progression" activity. A student should only move to the next step if they do not have any new symptoms at the current step.
3. If a student's symptoms return or if they develop new symptoms, this is a sign that a student is pushing too hard. The student should stop these activities and the student's health care provider should be contacted. After more rest and no concussion symptoms, a student can start at the previous step if approved by the student's healthcare provider and provides written medical clearance to the school physician.

G. Temporary Accommodations for Student's Participating in Athletic Competition with Sports-Related Head Injuries

1. The concussed brain is affected in many functional aspects as a result of the injury. Memory, attention span, concentration, and speed of processing significantly impact learning. Further, exposing the concussed student to the stimulating school environment may delay the resolution of symptoms needed for recovery. Accordingly, consideration of the cognitive effects in returning to the classroom is also an important part of the treatment of sports-related concussions and head injuries.

2. To recover, cognitive rest is just as important as physical rest. Reading, studying, computer usage, testing, texting, and watching movies if a student is sensitive to light/sound can slow a student's recovery. The Principal or designee may look to address the student's cognitive needs as described below. Students who return to school after a concussion may need to:
- a. Take rest breaks as needed;
 - b. Spend fewer hours at school;
 - c. Be given more time to take tests or complete assignments (all courses should be considered);
 - d. Receive help with schoolwork;
 - e. Reduce time spent on the computer, reading, and writing; and/or
 - f. Be granted early dismissal from class to avoid crowded hallways.

Procedures Involving Procedural Safeguards to Students Not Yet Eligible For Special Education

Disciplinary procedural safeguards will apply to students not yet eligible for special education. R 2464 GIFTED AND TALENTED STUDENTS

A. Identification

All Kindergarten through grade eight students are assessed annually for possible identification as Talented and Gifted (TAG). Depending on the grade level of the student, multiple indicators may include standardized tests, classroom performance, teacher surveys, and specific screening tools. While students in grades Kindergarten through five do not leave the classroom for separate instruction, the identification process ensures that the learning needs of highly capable students are met in the inclusive setting of the Kindergarten through Grade Five Enrichment Program.

B. Identification Procedure

Student assessment data will be maintained from year to year beginning in Kindergarten and will include the following criteria:

- Grades Kindergarten through Eight: Measures of Academic Progress (MAP©) test.
- Kindergarten: DIBELS - Dynamic Indicators of Basic Early Literacy Skills.
- Grades One through Five: Fountas and Pinnell Benchmark Assessment System.
- Grades Kindergarten through Eight: Student classroom performance.
- Grades Kindergarten through Eight: Teacher Survey/Nomination to TAG.
- Grade Five: Otis-Lennon School Ability Test (OLSAT) or equivalent.

C. Selection Procedure

1. The TAG teacher and the Director of Curriculum, Instruction and Special Services will review the cumulative data annually, prior to the start of the school year.
2. A list of eligible students will be submitted to the Superintendent for approval.
3. Students and parents will be notified of eligibility and receive information on the TAG program.
4. Students and parents will read and sign the TAG Compact and return to the TAG facilitator.

D. Appeal Process

Parents, students, teachers, and/or administrators that disagree with the outcome of the selection process may appeal to the Superintendent and request that the student's selection criteria be reviewed and/or submit additional evidence for consideration.

E. Exiting TAG Program

1. A student may exit the TAG program by request and with parental permission if he or she is not benefiting from the program.
2. A student must maintain a grade of "E" or "M" in TAG at the end of each Trimester to remain in the program.
3. Full participation is expected of all TAG students as per the "Student Participation Compact." A three-tiered warning system for non-participation and/or inappropriate behavior will be implemented as follows:
 - a. Verbal warning;
 - b. Parent phone call;
 - c. Parent-student-teacher meeting (the student's TAG status will be determined at the meeting).
4. A student must maintain an overall academic cumulative average in the core subjects of English Language Arts, Math/Algebra, Science, and Social Studies at or above the 90th percentile to remain eligible for the TAG program. Student grades will be monitored at the mid and end-point of each Trimester (at the cut-off point for grade submission established by the Superintendent). A student's TAG program status will be mutually determined at a parent-student-teacher meeting.

F. Program Description

1. Enrichment Program - Kindergarten through Grade Five

The goal of the Kindergarten through grade five enrichment program is to infuse into the general education program a broad range of activities for high-end learning that will:

- a. Challenge all students to perform at advanced levels; and
- b. That will allow teachers to enhance student learning, especially in the Science, Technology, Engineering, the Arts and Mathematics (S.T.E.A.M.) content areas through extending opportunities, resources, and encouragement where superior interest and performance are demonstrated. Each week all students in grades Kindergarten through five will participate in activities in their regular classroom, facilitated by the TAG teacher. Activities in the TAG Enrichment curriculum are aligned to the National Association for Gifted Children (NAGC) Standards, as recommended by the New Jersey Department of Education.

LEGO Storyteller
Let Me Learn
Marsville (EIRC)

2. TAG Program - Grades Six, Seven, and Eight

The goal of the Middle School TAG program is to encourage highly capable students to explore, develop, or research their areas of interest and/or talent. The TAG teacher is a facilitator, helping students develop their use of critical and creative thinking strategies to become independent investigators. Most learning activities use problem-solving and inquiry as a method of delivery; students are the architects of their learning.

Students in grades six, seven, and eight meet once a week for a forty-five minute session during the E3/Ceramics Cycle. Activities in the TAG curriculum are aligned to the National Association for Gifted Children (NAGC) Standards, as recommended by the New Jersey Department of Education.

Learning activities may include the following and are subject to change based on student interest and learning opportunities that arise which meet the program mission and purpose.

 - a. Each copy includes a notice of copyright; and
 - b. The material copied is brief and the copying is spontaneous and noncumulative as measured by the following definitions of brevity, spontaneity, and noncumulative effect.
 - (1) Brevity: A reproduced work is brief if it consists of the following:
 - (a) Poetry: Not more than a complete poem if fewer than 250 words and if printed on not more than two pages or an excerpt from a longer poem if the excerpt is not more than 250 words. These numerical limits may be expanded to permit completion of an unfinished line of poetry.
 - (b) Prose: Not more than a complete article, story, or essay of fewer than 2,500 words; or an excerpt from any prose work of not more than 1,000 words or ten percent of the work, whichever is less, but in any event a minimum of 500 words. - (2) Spontaneity: Reproduction of a copyrighted work is spontaneous if:
- (a) The copying is at the instance and inspiration of the individual teacher; and
 - (b) The inspiration and decision to use the work and the moment of its use of maximum teaching effectiveness are so close in time that it would be unreasonable to expect a timely reply to a request for permission to use the work.
- (3) Noncumulative Effect: Reproduction of a copyrighted work is noncumulative if:
- (a) The copying of the material is for only one course in the school in which the copies are made;
 - (b) Not more than one short poem, article, story, essay or two excerpts has been copied from the same author or more than three from the same collective work or periodical volume during one class term. This section does not apply to current news periodicals and newspapers and current news sections of other periodicals;

- 3. Notwithstanding any of the above, the following prohibitions shall be in effect:

 - 2. An off-air recording may be used once by individual teachers in the course of relevant teaching activities and may be repeated once only when instructional reinforcement is necessary, in the classroom or similar place of instruction or the home of a student receiving home instruction, during the first ten school days in the retention period. After the first ten school days, an off-air recording may be used during the remainder of the retention period only to permit teachers to evaluate its effectiveness in the instructional period.
 - 3. Off-air recordings may be made only at the request of and used by individual teachers and may not be regularly recorded in anticipation of requests. No broadcast program may be recorded off-air more than once at the request of the same teacher, regardless of the number of times the program may be broadcast.

4. A limited number of copies may be reproduced from each off-air recording to meet the legitimate needs of teachers under these guidelines. Each such additional copy shall be subject to all provisions governing the original recording. All copies of off-air recordings must include the copyright notice on the broadcast program as recorded.

The number of copies shall not exceed one copy per student.
 - (2) A single copy of an entire performable unit (section, movement, aria, etc.) that is

R 3146 CONDUCT OF REDUCTION IN FORCE

A. Seniority Lists

In order to determine the teaching staff member(s) affected by a reduction in force, a seniority list will be prepared for each seniority category. The Superintendent will

1. Determine the category or categories of employment in which each teaching staff member has served by reference to positions held and qualifying certification.
2. Determine whether the member has earned tenure in the district and in the position in which the category falls, in accordance with N.J.S.A. 18A:28-6. Tenure is earned in the positions of Assistant Superintendent, School Business Administrator, Principal, Assistant Principal, Vice Principal, supervisor, educational services personnel, school nurse, and teacher.
3. Calculate length of service in each category within a tenure position in which the employee has earned tenure.
 - a. Length of service may be expressed in calendar months and days or in calendar years and portions of years, to two decimal places.
 - b. Length of service commences from the day on which the employee began service in the category and ends with the end of the current school year or, in the case of previously rified employees, the day on which the employee's district service was terminated.
4. Deduct from time of service in the category any periods of unpaid absence taken for any purpose other than study or research, except that the first thirty days, consecutive and aggregate, of such unpaid absence taken within any one school year will not be deducted.
5. Add periods of prior active military service, to a maximum of four years, to the member's length of service in the first category of district employment. Each full year of military service equals one year of seniority; a fraction of a year, ten months or longer, equals one year of seniority for a ten month employee.
6. Enter the total amount of service for the member's initial category of employment.

7. If the member has been transferred to a second category or successive categories, calculate the service time of each category in accordance with A1 through A4 and enter separately.
 - a. Service in succeeding categories is included in the member's seniority in each earlier category.
 - b. Each seniority list must clearly indicate the category or categories in which the member has earned seniority and the total accrued time in each.

B. RIF Procedures

1. Determine the category or categories of employment to be reduced in number in a reduction in force.
2. Transfer or dismiss nontenured teaching staff members in the reduced category, in accordance with Policy No. 3146.
3. If no nontenured member remains in the category, the least senior tenured member shall be transferred to a previous seniority category in the same tenure position over a nontenured member or a less senior member in that category.
4. If there are no positions within his/her seniority categories in the same tenure position to which the member may be transferred, the member shall be transferred to a position outside his/her seniority categories but within the same tenure position, provided the member is appropriately certified for the position and the position is held by a nontenured employee.
5. If there are no positions to which he/she can be transferred by right of seniority or tenure in the same tenure position, the member shall revert in reverse chronological order to each seniority category and tenure position in which he/she was previously employed in the district, in accordance with the procedure set forth in B3 through B4 above.
6. When there are no positions which the tenured member affected by a reduction in staff can claim over other tenured employees by superior seniority or over nontenured employees by tenure, he/she shall be dismissed, shall receive sixty days notice of such dismissal or pay in lieu thereof, and shall be placed on a preferred eligible list for each category in which he/she was employed by the district.

The system administrators or the school administration, at their sole discretion, may remove messages posted locally that are deemed to be unacceptable or in violation of the Board policies and regulations. The system administrators or the school administration, at their sole discretion, further reserve the right to immediately terminate the account of a member who misuses the message boards or Usenet groups.

Real-time, Interactive, Communication Areas

A member who remains in noncompliance of disk space quotas after seven school days of notification will have their files removed by a system administrator.

Security

Security on any computer system is a high priority, especially when the system involves many users. If a member feels that he/she can identify a security problem on the computer network(s), the member must notify a system administrator. The member should not inform individuals other than the system administrators or other designated members of the school district staff of a security problem. Professional staff may allow individuals who are not members to access the system through the staff personal account as long as the staff person does not disclose the password of the account to the individuals and understands that the staff person assumes responsibility for the actions of individuals using his/her account. Members may not otherwise allow others to use their account and password. Passwords to the system should not be easily guessable by others, nor should they be words which could be found in a dictionary. Attempts to log in to the system using either another member's account or as a system administrator will result in termination of the account. Members should immediately notify a system administrator if a password is lost or stolen, or if they have reason to believe that someone has obtained unauthorized access to their account. Depending on the type of harassment found, these additional services may include an independent re-assessment of the harassed staff member's work performance, counseling and/or other measures that are appropriate to the situation.
 - g. The Superintendent will take steps to avoid any further sexual harassment and to prevent any retaliation against the staff member who made the complaint, was the subject of the harassment, or against those who provided the information or were witnesses. The “system administrators” referred to herein as employees of the school district who administer the school district computer network(s)/computers and the system administrators reserve the right to monitor all activity on network(s)/computer facilities/computers.

Acceptable Use of Computer Network(s)/Computers and Resources by Support Staff Members

While most of the content available on the Internet is innocuous and much of it a valuable educational resource, some objectionable material exists. The Board will provide student access to Internet resources only in supervised environments and has taken steps to lock out objectionable areas to the extent possible, but potential dangers remain. Support staff members are advised that some systems may contain defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or otherwise illegal material and are to supervise student use of computers and the Internet. The Board and the system administrators do not condone the use of such materials and do not permit usage of such materials in the school environment. Support staff members should discipline students knowingly bringing such materials into the school environment in accordance with Board policies and regulations and inform students that such activities may result in termination of such students' accounts on the computer network(s) and their independent use of computers.

On-line Conduct

Any action by a support staff member or other user of the school district's computer network(s)/computers that is determined by a system administrator to constitute an inappropriate use of computer network(s)/computers resources or to improperly restrict or inhibit other members from using and enjoying those resources is strictly prohibited and may result in limitation on or termination of an offending member's account and other action in compliance with the Board policy and regulation. The user specifically agrees not to submit, publish, or display any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or otherwise illegal material; nor shall a user encourage the use, sale, or distribution of controlled substances. Users agree to indemnify the Folsom School District and the system administrators for any losses, costs, or damages, including reasonable attorneys' fees incurred by the Board relating to, or arising out of any breach of this section by the user.

Computer network(s)/computer resources are to be used by the user for his/her educational use only; commercial uses are strictly prohibited.

Software Libraries on the Network(s)

Software libraries on the network(s) are provided to support staff members as an educational resource. No support staff member may install, upload, or download software without the expressed consent of the system administrator. Any software having the purpose of damaging other members' accounts on the school district computer network(s)/computers (e.g., computer

viruses) is specifically prohibited. The system administrators, at their sole discretion, reserve the rights to refuse posting of files and to remove files. The system administrators, at their sole discretion, further reserve the right to immediately limit usage or terminate the account or take other action consistent with the Board's policies and regulations of a member who misuses the software libraries.

Copyrighted Material

Copyrighted material must not be placed on any system connected to the network(s)/computers without the author's specific written permission. Only the owner(s) or persons they specifically authorize may upload copyrighted material to the system. Members may download copyrighted material for their own use in accordance with Policy and Regulation Nos. 2531, Copying Copyrighted Materials. Any member may also noncommercially redistribute a copyrighted program with the expressed written permission of the owner or authorized person. Permission must be specified in the document, on the system, or must be obtained directly from the author.

Public Posting Areas (Message Boards/Usenet Groups)

Usenet and Internet Relay Chat Room messages are posted from systems connected to the Internet around the world and the school district system administrators have no control of the content of messages posted from these other systems. To best utilize system resources, the system administrators will determine which Usenet groups are most applicable to the educational needs of the school district and will carry these groups on the school district computer network(s). The system administrators or the school administration, at their sole discretion, may remove messages posted locally that are deemed to be unacceptable or in violation of the Board policies and regulations. The system administrators or the school administration, at their sole discretion, further reserve the right to immediately terminate the account of a member who misuses the message boards or Usenet groups.

Real-time, Interactive, Communication Areas

The system administrators, at their sole discretion, reserve the right to monitor and immediately limit the use of the computer network(s)/computers or terminate the account of a member who misuses real-time conference features (talk/chat/Internet relay chat) etc.

Electronic Mail

Electronic mail ("E-mail") is an electronic message sent by or to a member in correspondence with another person having Internet mail access. All messages sent and received on the school district computer network(s) must have an educational or administrative purpose and are subject

to review. A sender of an E-mail message should expect the E-mail messages will be reviewed by the system administrators or the school administration. Messages received by the system are retained on the system until deleted by the recipient or for a maximum of thirty calendar days. A canceled account will not retain its E-mail. Members are expected to remove old messages within thirty calendar days or the system administrators may remove such messages. The system administrators may inspect the contents of E-mail sent by one member to an addressee, or disclose such contents to other than the sender or a recipient when required to do so by the Board policy, regulation or other laws and regulations of the State and Federal governments. The Board reserves the right to cooperate fully with local, State, or Federal officials in any investigation concerning or relating to any E-mail transmitted on the school district computer network(s) or computers.

Disk Usage

The system administrators reserve the right to set quotas for disk usage on the system. A member who exceeds his/her quota of disk space will be advised to delete files to return to compliance with predetermined quotas. A member who remains in noncompliance of disk space quotas after seven school days of notification will have their files removed by a system administrator.

Security

Security on any computer system is a high priority, especially when the system involves many users. If a member feels that he/she can identify a security problem on the computer network(s), the member must notify a system administrator. The member should not inform individuals other than the system administrators or other designated members of the school district staff of a security problem. Professional staff may allow individuals who are not members to access the system through the staff personal account as long as the staff person does not disclose the password of the account to the individuals and understands that the staff person assumes responsibility for the actions of individuals using his/her account. Members may not otherwise allow others to use their account and password. Passwords to the system should not be easily guessable by others, nor should they be words which could be found in a dictionary. Attempts to log in to the system using either another member's account or as a system administrator will result in termination of the account. Members should immediately notify a system administrator if a password is lost or stolen, or if they have reason to believe that someone has obtained unauthorized access to their account. R 4352 SEXUAL HARASSMENT OF SUPPORT STAFF MEMBERS COMPLAINT PROCEDURE

Sexual harassment of school staff members is prohibited by the Board of Education. The Superintendent and school district staff will use the following methods to investigate and resolve allegations of sexual harassment of school staff members.

A. Definitions

1. Gender-based Harassment - Gender-based harassment that includes acts of verbal, nonverbal, physical aggression, intimidation, or hostility based on gender, but not involving conduct of a sexual nature, may be a form of sex discrimination if it is sufficiently severe, persistent, or pervasive and directed at individuals because of their gender.
2. Hostile Environment Sexual Harassment - Sexual harassing conduct (which can include unwelcomed sexual advances, requests for sexual favors or other favors, or other verbal, nonverbal or physical conduct of a sexual nature) by a school staff member that is sufficiently severe, persistent, or pervasive to limit another staff member's ability to participate in a workplace environment or activity, or to create a hostile or abusive workplace environment.
3. Quid Pro Quo Harassment - When a school staff member explicitly or implicitly conditions another school staff member's conditions of employment on the staff member's submission to unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal or physical conduct of a sexual nature. Quid Pro Quo Harassment is equally unlawful whether the staff member resists and suffers the threatened harm or submits and thus avoids the threatened harm.

B. Grievance Procedure

The following Grievance Procedure shall be used for an allegation(s) of harassment of school staff members by other school staff members:

1. Reporting of Sexual Harassment Conduct
 - a. Any person with any information regarding actual and/or potential sexual harassment of a staff member must report the information to the school Building Principal, their immediate supervisor or the Affirmative Action Officer.

- b. The school district can learn of sexual harassment through other means such as from a witness to an incident, an anonymous letter, or telephone call.
 - c. A report to the school Building Principal or an immediate supervisor will be forwarded to the school district Affirmative Action Officer within one working day, even if the school Building Principal or immediate supervisor feels sexual harassment conduct was not present.
 - d. In the event the report alleges conduct by the Building Principal or the Affirmative Action Officer, the Superintendent will designate a school official to assume the Building Principal's or Affirmative Action Officer's responsibilities, as outlined in Policy No. 4352 and this Regulation.
2. Affirmative Action Officer's Investigation
- a. Upon receipt of any report of potential sexual harassment conduct, the Affirmative Action Officer will begin an immediate investigation. The Affirmative Action Officer will promptly investigate all alleged complaints of sexual harassment, whether or not a formal grievance is filed and steps will be taken to resolve the situation, if needed. This investigation will be prompt, thorough, and impartial. The investigation will be completed no more than ten working days after receiving notice.
 - b. When a school staff member provides information or complains about sexual harassment, the Affirmative Action Officer will initially discuss what actions the staff member is seeking in response to the harassment.
 - c. The Affirmative Action Officer's investigation may include, but is not limited to, interviews with all persons with potential knowledge of the alleged conduct, interviews with any staff member(s) who may have been sexually harassed in the past by the school staff member and any other reasonable methods to determine if sexual harassment conduct existed.
 - d. The Affirmative Action Officer may request a staff member involved in the investigation to assist in the investigation.

- e. The Affirmative Action Officer will provide a copy of Board Policy and Regulation No. 4352 to all persons who are interviewed with potential knowledge, upon request, and to any other person the Affirmative Action Officer feels would be served by a copy of such documents.
 - f. Any person interviewed by the Affirmative Action Officer may be provided an opportunity to present witnesses and other evidence.
 - g. The Affirmative Action Officer and/or Superintendent will contact law enforcement agencies if there is potential criminal conduct by any party.
 - h. The school district administration may take interim measures during an Affirmative Action Officer's investigation of a complaint.
 - i. The Affirmative Action Officer will consider particular issues of welcomeness based on the allegations.
3. Investigation Results
- a. Upon the conclusion of the investigation, but not later than ten working days after reported to the Affirmative Action Officer, the Affirmative Action Officer will prepare a summary of findings to the parties. At a minimum, this summary shall include the person(s) providing notice to the school district and the staff member(s) who was alleged to be sexually harassed.
 - b. The Affirmative Action Officer shall make a determination whether sexual harassment conduct was present.
 - c. If the Affirmative Action Officer concludes sexual harassment conduct was not, or is not present, the investigation is concluded.
 - d. If the Affirmative Action Officer determines that sexual harassment has occurred, the school district administration shall take reasonable and effective corrective action, including steps tailored to the specific situation. Appropriate steps will be taken to end the harassment such as counseling, warning, and/or disciplinary action. The steps will be based on the severity of the harassment or any record of prior incidents or both. A series of escalating consequences may be necessary if the initial steps are ineffective in stopping the harassment.

- e. In the event the Affirmative Action Officer determines a hostile environment exists, the Superintendent shall take steps to eliminate the hostile environment. The school district may need to deliver special training or other interventions to repair the educational environment. Other measures may include directing the harasser to apologize to the harassed staff member, dissemination of information, distribution of new policy statements or other steps to communicate the message that the Board does not tolerate harassment and will be responsive to any school staff member that reports such conduct.
 - f. In some situations, the school district may need to provide other services to the staff member that was harassed, if necessary, to address the effects of the harassment on that staff member. Depending on the type of harassment found, these additional services may include an independent re-assessment of the harassed staff member's work performance, counseling and/or other measures that are appropriate to the situation.
 - g. The Superintendent will take steps to avoid any further sexual harassment and to prevent any retaliation against the staff member who made the complaint, was the subject of the harassment, or against those who provided the information or were witnesses. The Affirmative Action Officer will inform the sexually harassed staff member to report any subsequent problems and will make follow-up inquiries to see if there has been any new incidents or retaliation.
 - h. All sexual harassment grievances and accompanied investigation notes will be maintained in a confidential file by the Affirmative Action Officer.
4. Affirmative Action Officer's Investigation Appeal Process
- a. Any person found by the Affirmative Action Officer's investigation to be guilty of sexual harassment conduct, or any person who believes they were sexually harassed but not supported by the Affirmative Action Officer's investigation, may appeal to the Superintendent. The Superintendent will make his/her determination within ten working days of receiving the appeal.

- b. Any person who is not satisfied with the Superintendent's determination may appeal to the Board. The Board will make its determination within forty-five calendar days of receiving an appeal from the Superintendent's determination.

C. Office Of Civil Rights (OCR) Case Resolution

Persons not satisfied with the resolution of an allegation of sexual harassment by school district officials or the Board may request the Office of Civil Rights (OCR) of the United States Department of Education to investigate the allegations.

- 1. Any alleged victim of sexual harassment may appeal a decision of the Affirmative Action Officer, Superintendent, or the Board to the Office of Civil Rights (OCR).
- 2. Any person may report an allegation of sexual harassment to the OCR at any time. If the OCR is asked to investigate or otherwise resolve incidents of sexual harassment of school staff members, OCR will consider whether:
 - a. The school district has a policy prohibiting sexual harassment and a grievance procedure;
 - b. The school district appropriately investigated or otherwise responded to allegations of sexual harassment; and
 - c. The school district has taken immediate and appropriate corrective action responsive to Quid Pro Quo or Hostile Environment Harassment.

R 4425.1 MODIFIED DUTY EARLY RETURN TO WORK PROGRAM –
SUPPORT STAFF MEMBERS

The Modified Duty Early Return to Work Program shall be administered by the School Business Administrator/Board Secretary, the district's designated Workers' Compensation Coordinator.

A. Filing a Claim Report

1. A staff member must file a written Workers' Compensation Report if they have been injured in the performance of their job. This Report will be available in the main office and the nurse's office in the school building and in the Coordinator's office.
2. Upon sustaining an on-the-job injury, the staff member shall immediately report the injury to their immediate supervisor and report to the school nurse. If the injured staff member is not assigned to a school building with a school nurse, the school staff member shall immediately contact the Coordinator's office. The Coordinator, or designee, will direct the injured staff member to a school's main office, a school nurse, or the workers' compensation physician.
 - a. In the event the injury requires immediate medical treatment, the staff member may be directed to the workers' compensation physician or to the hospital emergency room. In this case, the Report shall be completed by the staff member whenever practical.
 - b. In the event the staff member gets injured when school is closed or after business hours and the staff member believes the injury requires immediate medical treatment the staff member shall:
 - (1) Go to the hospital emergency room; and
 - (2) Notify their immediate supervisor as soon as possible after the injury.
 - c. In the event the injured staff member goes to the hospital emergency room when school is closed, the staff member must report the injury to the Coordinator the next business day. The Coordinator may direct the injured staff member to a school nurse or to the workers' compensation physician. All future medical treatment for the injured staff member shall be scheduled through the Coordinator's office.

- d. In the event the staff member gets injured when school is closed or after business hours and the staff member believes the injury does not require immediate medical treatment, the staff member shall:
 - (1) Immediately notify their immediate supervisor; and
 - (2) Notify the Coordinator's office the next business day.
 3. The Workers' Compensation Report shall be forwarded to the Coordinator's office as soon as it is completed by the injured staff member.
 - a. In the event the staff member requires a physician's examination and evaluation, the Coordinator's office will schedule the appointment with the workers' compensation physician's office and the staff member.
 4. Any staff member injured on-the-job and the injury causes the staff member to miss work time or prohibits the staff member from fulfilling all their job responsibilities must be examined by the workers' compensation physician. The Coordinator will authorize workers' compensation time off from work for a staff member injured on-the-job only after the staff member has been examined by the worker's compensation physician. The Coordinator may, upon certain circumstances, authorize workers' compensation time from work without requiring an examination by the workers' compensation physician.
 5. The Modified Duty Early Return to Work Policy will be attached to the Workers' Compensation Report and this Regulation will be provided to the injured staff member upon request.
- B. Physician's Workers' Compensation Examination and Evaluation
1. The Coordinator will provide the workers' compensation physician a job description and a list of required tasks for positions in the school district.
 2. Upon completing the medical examination and evaluation, the workers' compensation physician will prepare a report indicating the staff member's physical limitations, if any, that prevent the staff member from completing the staff member's job responsibilities. The workers' compensation physician's report will also include a diagnosis, to the best of the physician's ability, on the length of recovery for each limitation. The physician's report will be forwarded to the Coordinator.

3. The Coordinator will review the workers' compensation physician's report and follow-up with the workers' compensation physician and the staff member if the Coordinator needs more information to make a determination if modified duty is an option for the injured staff member.

C. Modified Duty Restriction

1. There is no permanent modified duty and all modified duty positions are temporary.
2. Upon reviewing the workers' compensation physician's report, the Coordinator will determine if temporary modified duty is appropriate for the staff member. The Coordinator may determine the staff member should be out of work until such time the staff member is able to return to work to assume all their job responsibilities. The Coordinator may also determine a date in the future for the staff member to return to work to assume temporary modified duties.
3. A medical review and examination by the workers' compensation physician may be required to continue a modified duty assignment beyond sixty calendar days.
4. The Board reserves the right to require a staff member returning from modified duty to submit to a physical examination before returning to their position to assume all the job responsibilities of their position.
5. There will be communications among the Coordinator, the injured staff member's supervisor, the staff member, the workers' compensation physician, and the workers' compensation insurance provider throughout the course of treatment and recovery of the injured staff member.
6. A tracking system will be established for documenting a staff member's status in the Modified Duty Program.

D. Assignment of Job Tasks

1. Assigning modified duty to staff members will be decided on a case-by-case basis.
2. Job tasks for staff members on modified duty will be determined and assigned within the limitations established and approved by the workers' compensation physician.

3. The injured staff member's immediate supervisor shall provide periodic status reports to the Coordinator for any staff member assigned modified duty.
 4. There is no restriction on the school district location or the type of modified duties assigned to a staff member provided it is consistent with the limitations detailed by the workers' compensation physician. These modified duties may be assigned to a full or partial day schedule depending on the staff member's limitations.
 5. The modified duties and/or responsibilities will be within the injured staff member's capabilities and a staff member will not be assigned any modified duties and/or responsibilities that require any certifications/licenses that are not possessed by the injured staff member.
- E. Staff Member Requirements
1. Staff members shall perform the job tasks designated by the workers' compensation physician in the physician's report and assigned by the Coordinator. In the event these job tasks cause discomfort, the staff member shall discontinue the specific activity and inform their immediate supervisor. The immediate supervisor will report this information to the Coordinator, who will schedule a medical appointment for the staff member.
 2. Staff members are required to follow the Coordinator's directives regarding:
 - a. Job assignments and tasks;
 - b. Attending scheduled doctors' appointments; and
 - c. Completing and transmitting reports to and from the workers' compensation physician, their immediate supervisor, and the Coordinator's office.
- F. Compliance With Laws
- The Modified Duty Early Return To Work Program shall be administered consistent with the applicable Federal and State laws and in accordance with provisions of collective bargaining agreements within the district.

1. “Affidavit student” means a student attending, or seeking to attend, school in a district pursuant to N.J.S.A. 18A:38-1.b and N.J.A.C 6A:22-3.2(a).
2. “Appeal” means contested case proceedings before the Commissioner of Education pursuant to N.J.A.C. 6A:3, Controversies and Disputes.
3. “Applicant” means a parent, guardian, or a resident supporting an affidavit student who seeks to enroll a student in a school district; or an unaccompanied homeless youth or adult student who seeks to enroll in a school district.
4. “Commissioner” means the Commissioner of Education or their designee.
5. “Guardian” means a person to whom a court of competent jurisdiction has awarded guardianship or custody of a child, provided that a residential custody order shall entitle a child to attend school in the residential custodian’s school district unless it can be proven that the child does not actually live with the custodian. “Guardian” also means the Department of Children and Families for purposes of N.J.S.A. 18A:38-1.e.

B. Students Domiciled in the District – N.J.A.C. 6A:22-3.1

1. A student over five and under twenty years of age pursuant to N.J.S.A. 18A:38-1, or such younger or older student as is otherwise entitled by law to a free public education, is eligible to attend school in this school district if the student is domiciled within the district:
 - a. A student is domiciled in the school district when the student is the child of a parent or guardian whose domicile is located within the school district.
 - (1) When a student’s parents or guardians are domiciled within different school districts and there is no court order or written agreement between the parents designating the school district of attendance, the student’s domicile is the school district of the parent or guardian with whom the student lives for the majority of

the school year. N.J.A.C. 6A:22-3.1(a)1 and B.1.a above shall apply regardless of which parent has legal custody.

- (2) When a student's physical custody is shared on an equal-time, alternating week/month or other similar basis so the student is not living with one parent or guardian for a majority of the school year and there is no court order or written agreement between the parents designating the school district of attendance, the student's domicile is the present domicile of the parent or guardian with whom the student resided on the last school day prior to October 16 preceding the application date.
 - (a) When a student resided with both parents or guardians, or with neither parent or guardian, on the last school day prior to the preceding October 16, the student's domicile is the domicile of the parent or guardian with whom the parents or guardians indicate the student will be residing on the last school day prior to the ensuing October 16. When the parents or guardians do not designate or cannot agree upon the student's likely residence as of that date, or if on that date the student is not residing with the parent or guardian previously indicated, the student shall attend school in the school district of domicile of the parent or guardian with whom the student actually lives as of the last school day prior to October 16.
 - (b) When the domicile of a student with disabilities as defined in N.J.A.C. 6A:14 cannot be determined pursuant to N.J.A.C. 6A:22-3.1, nothing shall preclude an equitable determination of shared responsibility for the cost of such student's out-of-district placement.
- (3) When a student is living with a person other than a parent or guardian, nothing in N.J.A.C. 6A:22-3.1 is intended to limit the student's right to attend school in the parent or guardian's school district of domicile pursuant to the provisions of N.J.A.C. 6A:22, Policy 5111, and this Regulation.
- (4) No school district shall be required to provide transportation for a student residing outside the school district for all or part of the

school year unless transportation is based upon the home of the parent or guardian domiciled within the school district or otherwise required by law.

- b. A student is domiciled in the school district when the student has reached the age of eighteen or is emancipated from the care and custody of a parent or guardian and has established a domicile within the school district.
- c. A student is domiciled in the school district when the student has come from outside the State and is living with a person domiciled in the school district who will be applying for guardianship of the student upon expiration of the six-month “waiting period” of State residency required pursuant to N.J.S.A. 2A:34-54 (“home state” definition) and 2A:34-65.a(1). However, a student may later be subject to removal proceedings if application for guardianship is not made within a reasonable period of time following expiration of the mandatory waiting period or if guardianship is applied for and denied.
 - (1) A student is domiciled in the school district when the student’s parent or guardian resides within the school district on an all-year-round basis for one year or more, notwithstanding the existence of a domicile elsewhere.
 - (2) A student is domiciled in the school district if the Department of Children and Families is acting as the student’s guardian and has placed the student in the school district.
- 2. When a student’s dwelling is located within two or more school districts, or bears a mailing address that does not reflect the dwelling’s physical location within a municipality, the school district of domicile for school attendance purposes shall be the municipality to which the majority of the dwelling’s or unit’s property tax is paid.
 - a. When property tax is paid in equal amounts to two or more municipalities, and there is no established assignment for students residing in the affected dwellings, the school district of domicile for school attendance purposes shall be determined through assessment of individual proofs of eligibility provided pursuant to N.J.A.C. 6A:22-3.4 and E. below.

- b. N. J.A.C. 6A:22-3.1(b) and B.2. above shall not preclude the attendance of currently enrolled students who were permitted to attend the school district prior to December 17, 2001.
 - 3. When a student's parent or guardian elects to exercise such entitlement, nothing in N.J.A.C. 6A:22-3.1 shall exclude a student's right to attend the school district of domicile although the student is qualified to attend a different school district pursuant to N.J.S.A. 18A:38-1.b or the temporary residency (less than one year) provision of N.J.S.A. 18A:38-1.d.
 - 4. Notwithstanding the provisions of N.J.S.A. 18A:38-1 or any other section of law to the contrary, a child who is domiciled within the school district and resides with a parent or guardian who is a member of the New Jersey National Guard or a member of the reserve component of the armed forces of the United States who is ordered into active military service in any of the armed forces of the United States in a time of war or national emergency, shall be permitted to remain enrolled in the school district in which the child is domiciled at the time of the parent or guardian being ordered into active military service, regardless of where the child resides during the period of active duty. The school district shall not be responsible for providing transportation for the child if the child lives outside of the district. Following the return of the child's parent or guardian from active military service, the child's eligibility to remain enrolled in the school district pursuant to N.J.S.A. 18A:38-3.1 shall cease at the end of the current school year unless the child is domiciled in the school district.
- C. Other Students Eligible to Attend School – N.J.A.C. 6A:22-3.2
- 1. A student over five and under twenty years of age pursuant to N.J.S.A. 18A:38-1, or such younger or older student as is otherwise entitled by law to a free public education, is eligible to attend school in this school district pursuant to N.J.S.A. 18A:38-1.b if that student is kept in the home of a person other than the student's parent or guardian, and the person is domiciled in the school district and is supporting the student without remuneration as if the student were their own child.
 - a. A student is not eligible to attend this school district pursuant to N.J.A.C. 6A:22-3.2(a) and C.1. above unless:
 - (1) The student's parent or guardian has filed, together with documentation to support its validity, a sworn statement that the parent or guardian is not capable of supporting or providing care for the student due to family or economic hardship and that the

student is not residing with the other person solely for the purpose of receiving a free public education; and

- (2) The person keeping the student has filed, if so required by the Board of Education:
 - (a) A sworn statement that the person is domiciled within the school district, is supporting the child without remuneration and intends to do so for a longer time than the school term, and will assume all personal obligations for the student pertaining to school requirements; and
 - (b) A copy of their lease if a tenant, a sworn landlord's statement if residing as a tenant without a written lease, or a mortgage or tax bill if an owner.
- b. A student shall not be deemed ineligible under N.J.A.C. 6A:22-3.2 because required sworn statement(s) cannot be obtained when evidence is presented that the underlying requirements of the law are being met, notwithstanding the inability of the resident or student to obtain the sworn statement(s).
- c. A student shall not be deemed ineligible under N.J.A.C. 6A:22-3.2 when evidence is presented that the student has no home or possibility of school attendance other than with a school district resident who is not the student's parent or guardian, but is acting as the sole caretaker and supporter of the student.
- d. A student shall not be deemed ineligible under N.J.A.C. 6A:22-3.2 solely because a parent or guardian gives occasional gifts or makes limited contributions, financial or otherwise, toward the student's welfare provided the resident keeping the student receives from the parent or guardian no payment or other remuneration for regular maintenance of the student.
- e. Pursuant to N.J.S.A. 18A:38-1.c, any person who fraudulently allows a child of another person to use their residence and is not the primary financial supporter of that child and any person who fraudulently claims to have given up custody of their child to a person in another school district commits a disorderly persons offense.

2. A student over five and under twenty years of age pursuant to N.J.S.A. 18A:38-1, or such younger or older student as is otherwise entitled by law to a free public education, is eligible to attend school in this school district pursuant to N.J.S.A. 18A:38-1.b if the student is kept in the home of a person domiciled in the school district, who is not the parent or guardian and the parent or guardian is a member of the New Jersey National Guard or the reserve component of the United States armed forces and has been ordered into active military service in the United States armed forces in time of war or national emergency.
 - a. Eligibility under N.J.A.C. 6A:22-3.2(b) and C.2. above shall cease at the end of the school year during which the parent or guardian returns from active military duty.
3. A student over five and under twenty years of age pursuant to N.J.S.A. 18A:38-1, or such younger or older student as is otherwise entitled by law to a free public education, is eligible to attend school in this school district pursuant to N.J.S.A. 18A:38-1.d if the student's parent or guardian temporarily resides within the school district and elects to have the student attend the school district of temporary residence, notwithstanding the existence of a domicile elsewhere.
 - a. When required by the Board, the parent or guardian shall demonstrate the temporary residence is not solely for purposes of the student attending the school district of temporary residence;
 - b. When one of a student's parents or guardians temporarily resides in a school district while the other is domiciled or temporarily resides elsewhere, eligibility to attend school shall be determined in accordance with N.J.A.C. 6A:22-3.1(a)1i. However, no student shall be eligible to attend school based upon a parent or guardian's temporary residence in a school district unless the parent or guardian demonstrates, if required by the Board, the temporary residence is not solely for purposes of a student's attending the school district.
4. A student over five and under twenty years of age pursuant to N.J.S.A. 18A:38-1, or such younger or older student as is otherwise entitled by law to a free public education, is eligible to attend school in this school district pursuant to N.J.S.A. 18A:38-1.f if the student's parent or guardian moves to another school district as the result of being homeless, subject to the provisions of N.J.A.C. 6A:17-2, Education of Homeless Children.
5. A student over five and under twenty years of age pursuant to N.J.S.A. 18A:38-1, or such younger or older student as is otherwise entitled by law to a free public

education, is eligible to attend school in this school district pursuant to N.J.S.A. 18A:38-2 if the student is placed by court order or by a society, agency, or institution in the home of a school district resident pursuant to N.J.S.A. 18A:38-2. As used in this section, “court order” shall not encompass orders of residential custody under which claims of entitlement to attend a school district are governed by provisions of N.J.S.A. 18A:38-1 and the applicable standards set forth in N.J.A.C. 6A:22.

6. A student over five and under twenty years of age pursuant to N.J.S.A. 18A:38-1, or such younger or older student as is otherwise entitled by law to a free public education, is eligible to attend school in this school district pursuant to N.J.S.A. 18A:38-3.b if the student previously resided in the school district and if the parent or guardian is a member of the New Jersey National Guard or the United States reserves and has been ordered to active service in time of war or national emergency, resulting in the relocation of the student out of the school district. A school district admitting a student pursuant to N.J.S.A. 18A:38-3.b shall not be obligated for transportation costs.
7. A student over five and under twenty years of age pursuant to N.J.S.A. 18A:38-1, or such younger or older student as is otherwise entitled by law to a free public education, is eligible to attend the school district pursuant to N.J.S.A. 18A:38-7.7 et seq. if the student resides on Federal property within the State.

A student attending an academic program during the summer, who is otherwise eligible except for the timing of the move, shall be permitted to remain in the school district for the remainder of the summer program if it is considered an extension of the preceding academic year.
 - a. For purposes of N.J.A.C. 6A:22-3.2(h), Policy 5111 and this Regulation, “family crisis” shall include, but not be limited to:
 - (1) An instance of abuse such as domestic violence or sexual abuse;
 - (2) A disruption to the family unit caused by death of a parent or guardian; or

- b. Upon notification of the move by the parent or guardian, the original school district of residence shall allow the student to continue attendance and shall provide transportation services to and from the student's new domicile in accordance with N.J.S.A. 18A:39-1. The original school district of residence may request from the parent or guardian and may review supporting documentation about the reason(s) for the move; however, any such review shall not interrupt the student's continued enrollment in the school district and in the current school of attendance with the provision of transportation.
- (1) Examples of documentation include, but are not limited to, newspaper articles, insurance claims, police or fire reports, notes from health professionals, custody agreements, or any other legal document.
- c. If the parent or guardian or the relevant documentation indicates the child is homeless pursuant to N.J.S.A. 18A:7B-12, the school district liaison shall assume the coordination of enrollment procedures pursuant to N.J.A.C. 6A:17-2.5 and the student shall not be eligible for enrollment under N.J.S.A. 18A:38-1.1.
- d. If the original school district of residence determines the situation does not meet the family crisis criteria outlined in C.8.a. above, the Superintendent or designee shall notify the parent or guardian in writing. The notification shall inform the parent or guardian of their right to appeal the decision within twenty-one calendar days of the parent's or guardian's receipt of the notification, and shall state that if such appeal is denied, the parent or guardian may be assessed the costs for transportation provided to the new residence during the period of ineligible attendance. It shall also state whether the parent or guardian is required to withdraw the student by the end of the twenty-one day appeal period in the absence of an appeal.
 - (1) The parent or guardian may appeal by submitting the request in writing with supporting documentation to the Executive County Superintendent of the county in which the original school district of residence is situated.

- (2) Within thirty calendar days of receiving the request and documentation, the Executive County Superintendent shall issue a determination whether the situation meets the family crisis criteria at C.8.a. above. The original school district of residence shall continue to enroll the student and provide transportation to the current school of attendance in accordance with N.J.S.A. 18A:39-1 until the determination is issued.
 - (3) If the Executive County Superintendent determines the situation does not constitute a family crisis, the school district may submit to the Executive County Superintendent for approval the cost of transportation to the ineligible student's new domicile. The Executive County Superintendent shall certify the transportation costs to be assessed to the parent or guardian for the period of ineligible attendance.
- e. When the original school district of residence determines the situation constitutes a family crisis pursuant to N.J.S.A. 18A:38-1.1, the Superintendent or designee shall immediately notify the parent or guardian in writing.
 - (1) When the original school district of residence anticipates the need to apply for reimbursement of transportation costs, it shall send to the Executive County Superintendent a request and documentation of the family crisis for confirmation the situation meets the criteria at C.8.a. above.
 - (2) Within thirty days of receiving the school district's request and documentation, the Executive County Superintendent shall issue a determination of whether the situation meets the criteria for a family crisis. The original school district of residence shall continue to enroll the student and provide transportation to the current school of attendance in accordance with N.J.S.A. 18A:39-1 until the determination is issued, and shall not be reimbursed for additional transportation costs unless the Executive County Superintendent determines the situation is a family crisis or as directed by the Commissioner upon appeal.

- f. In providing transportation to students under N.J.S.A. 18A:38-1.1, the Board shall use the most efficient and cost-effective means available and in conformance with all laws governing student transportation.
- g. At the conclusion of the fiscal year in which the Executive County Superintendent has determined the situation constitutes a family crisis, the original school district of residence may apply to the Executive County Superintendent for a reimbursement of eligible costs for transportation services.
 - (1) Eligible costs shall include transportation for students who are required to be transported pursuant to N.J.S.A. 18A:39-1.
 - (2) The school district shall provide documentation of the transportation costs for the eligible student(s) to the Executive County Superintendent who shall review and forward the information to the New Jersey Department of Education's Office of School Facilities and Finance for reimbursement payment(s) to the school district.
 - (3) Payment to the school district shall be made in the subsequent fiscal year and shall equal the approved cost less the amount of transportation aid received for the student(s).
- h. Nothing in N.J.A.C. 6A:22-3.2 shall prevent a parent or school district from appealing the Executive County Superintendent's decision(s) to the Commissioner in accordance with N.J.A.C. 6A:3-1.3. If the Commissioner of Education determines the situation is not a family crisis, their decision shall state which of the following shall pay the transportation costs incurred during the appeal process: the State, school district, or parent.

D. Housing and Immigration Status - N.J.A.C. 6A:22-3.3

When affidavit student forms are used, the school district shall provide them to any person attempting to register a student of whom they are is not the parent or guardian, even if not specifically requested.

 - (2) The Board or its agents shall not demand or suggest that an applicant seeking to enroll a student of whom the applicant has guardianship or custody produce affidavit student proofs.
 - b. A district-level administrator designated by the Superintendent shall be clearly identified to applicants and available to assist persons who experience difficulties with the enrollment process.

3. Initial eligibility determinations shall be made upon presentation of an enrollment application, and enrollment shall take place immediately except in cases of clear, uncontested denials.
 - a. Enrollment shall take place immediately when an applicant has provided incomplete, unclear, or questionable information, but the applicant shall be notified that the student will be removed from the school district if defects in the application are not corrected, or an appeal is not filed, in accordance with subsequent notice to be provided pursuant to N.J.A.C. 6A:22-4.2 and G. below.
 - b. When a student appears ineligible based on information provided in the initial application, the school district shall issue a preliminary written notice of ineligibility, including an explanation of the right to appeal to the Commissioner of Education. Enrollment shall take place immediately if the applicant clearly indicates disagreement with the school district's determination and intent to appeal to the Commissioner.

4. When enrollment is denied and no intent to appeal is indicated, applicants shall be advised they shall comply with compulsory education laws. When the student is between the ages of six and sixteen, applicants also shall be asked to complete a written statement indicating the student will be attending school in another school district or nonpublic school, or receiving instruction elsewhere than at a school pursuant to N.J.S.A. 18A:38-25.  7. Enrollment or attendance in the school district shall not be denied based upon absence of a certified copy of the student's birth certificate or other proof of their identity as required within thirty days of initial enrollment, pursuant to N.J.S.A. 18A:36-25.1.
 8. Enrollment in the school district shall not be denied based upon the absence of student medical information. However, actual attendance at school may be deferred until the student complies with student immunization rules set forth in N.J.A.C. 8:57-4.
 9. When enrollment in the school district, attendance at school, or the receipt of educational services in the regular education program appears inappropriate, the student shall not be denied based upon the absence of a student's prior educational record. However, the applicant shall be advised the student's initial educational placement may be subject to revision upon the school district's receipt of records or further assessment of the student.
- G. Notice of Ineligibility - N.J.A.C. 6A:22-4.2

- e. A clear statement of the student's right to continue attending school while an appeal to the Commissioner is pending;
- f. A clear statement that, if an appeal is filed with the Commissioner and the applicant does not sustain the burden of demonstrating the student's right to attend the school district, or the applicant withdraws the appeal, fails to prosecute or abandons the appeal by any means other than settlement, the applicant may be assessed, by order of the Commissioner enforceable in Superior Court, tuition for any period of ineligible attendance, including the initial twenty-one day period and the period during which the appeal was pending before the Commissioner;
- g. A clear statement of the approximate rate of tuition, pursuant to N.J.A.C. 6A:22-6.3, J.2. and J.3. below that an applicant may be assessed for the

In the absence of a written statement from the parent or guardian that the student will be attending school in another school district or non-public school, or receiving instruction elsewhere than at a school, school district staff shall notify the school district of actual domicile/residence, or the Department of Children and Families, of a potential instance of "neglect" pursuant to N.J.S.A. 9:6-1. For purposes of facilitating enforcement of the State compulsory education requirement (N.J.S.A. 18A:38-25), staff shall provide the student's name, the name(s) of the parent/guardian/resident, address to the extent known, denial of admission based on residency or domicile, and absence of evidence of intent to attend school or receive instruction elsewhere.

H. Removal of Currently Enrolled Students - N.J.A.C. 6A:22-4.2

- 1. Nothing in N.J.A.C. 6A:22-4, Policy 5111, and this Regulation shall preclude the Board of Education from identifying through further investigation or periodic requests for revalidation of eligibility, students enrolled in the school district who may be ineligible for continued attendance due to error in initial assessment, changed circumstances, or newly discovered information.
- 2. When a student who is enrolled and attending school based on an initial eligibility determination is later determined to be ineligible for continued attendance, the Superintendent may apply to the Board for the student's removal.
 - a. The Superintendent shall issue a preliminary notice of ineligibility meeting the requirements of N.J.A.C. 6A:22-4.2 and G. above. However,

the notice shall also provide for a hearing before the Board prior to a final decision on removal.

3. No student shall be removed from school unless the parent, guardian, adult student, or resident keeping an “affidavit student,” has been informed of their entitlement to a hearing before the Board.
 4. Once the hearing is held, or if the parent, guardian, adult student, or resident keeping an “affidavit student,” does not respond within the designated time frame to the Superintendent’s notice or appear for the hearing, the Board shall make a prompt determination of the student’s eligibility and shall immediately provide notice in accordance with N.J.A.C. 6A:22-4.2 and G. above.
 5. Hearings required pursuant to N.J.A.C. 6A:22-4.3 may be conducted by the full Board or a Board committee, at the discretion of the full Board. If the hearing is conducted by a Board Committee, the Committee shall make a recommendation to the full Board for action. However, no student shall be removed except by vote of the Board taken at a meeting duly convened and conducted pursuant to N.J.S.A. 10:4-6 et seq., the Open Public Meetings Act.
- I. Appeal to the Commissioner - N.J.A.C. 6A:22-5.1
1. An applicant may appeal to the Commissioner of Education a school district determination that a student is ineligible to attend its schools. Appeals shall be initiated by petition, which shall be filed in accordance with N.J.S.A. 18A:38-1 and N.J.A.C. 6A:3-8.1 and shall proceed as a contested case pursuant to N.J.A.C. 6A:3.
 - a. Pursuant to N.J.S.A. 18A:38-1.b(1), appeals of “affidavit student” ineligibility determinations shall be filed by the resident keeping the student.
- J. Assessment and Calculation of Tuition - N.J.A.C. 6A:22-6
1. If no appeal to the Commissioner is filed by the parent, guardian, adult student, or school district resident keeping an “affidavit” student following notice of an ineligibility determination, the Board may assess tuition for up to one year of a student’s ineligible attendance, including the twenty-one day period provided by N.J.S.A. 18A:38-1 for appeal to the Commissioner.

- a. If the responsible party does not pay the tuition assessment, the Board may petition the Commissioner pursuant to N.J.A.C. 6A:3 for an order assessing tuition, enforceable in accordance with N.J.S.A. 2A:58-10 through recording, upon request of the Board pursuant to N.J.A.C. 6A:3-12, on the judgment docket of the Superior Court, Law Division.
2. If an appeal to the Commissioner is filed by the parent, guardian, adult student, or school district resident keeping an “affidavit” student and the petitioner does not sustain the burden of demonstrating the student’s right to attend the school district, or the petitioner withdraws the appeal, fails to prosecute, or abandons the appeal by any means other than settlement agreeing to waive or reduce tuition, the Commissioner may assess tuition for the period during which the hearing and decision on appeal were pending, and for up to one year of a student’s ineligible attendance in a school district prior to the appeal’s filing and including the twenty-one day period to file an appeal.
 - a. Upon the Commissioner’s finding that an appeal has been abandoned, the Board may remove the student from school and seek tuition for up to one year of ineligible attendance pursuant to N.J.A.C. 6A:22-6.1(a) and J.1. above plus the period of ineligible attendance after the appeal was filed. If the record of the appeal includes a calculation reflecting the tuition rate(s) for the year(s) at issue, the per diem tuition rate for the current year and the date on which the student’s ineligible attendance began, the Commissioner may order payment of tuition as part of their decision. In doing so, the Commissioner shall consider whether the ineligible attendance was due to the school district’s error. If the record does not include such a calculation and the Board has filed a counterclaim for tuition, the counterclaim shall proceed to a hearing notwithstanding that the petition has been abandoned.
 - b. An order of the Commissioner assessing tuition is enforceable through recording, upon request of the Board pursuant to N.J.A.C. 6A:3-12, on the judgment docket of the Superior Court, Law Division, in accordance with N.J.S.A. 2A:58-10.
3. Tuition assessed pursuant to the provisions of N.J.A.C. 6A:22-6 shall be calculated on a per-student basis for the period of a student’s ineligible enrollment, up to one year, by applicable grade/program category and consistent with the provisions of N.J.A.C. 6A:23A-17.1. The individual student’s record of daily attendance shall not affect the calculation.

4. Nothing in N.J.A.C. 6A:22, Policy 5111, and this Regulation shall preclude an equitable determination by the Board or the Commissioner that tuition shall not be assessed for all or part of any period of a student's ineligible attendance in the school district when the particular circumstances of a matter so warrant. In making the determination, the Board or Commissioner shall consider whether the ineligible attendance was due to the school district's error.

A student's membership begins on the first possible day of attendance following enrollment during the school year, notwithstanding the actual day the student was recorded as present for the first time.

2. Day in Session (N.J.A.C. 6A:32-8.3)

- a. A day in session shall be a day on which the school is scheduled to provide instruction and students are under the guidance and direction of a teacher(s) engaged in the teaching process. - b. A day in session shall consist of not less than four hours, exclusive of recess and lunch periods, except that one continuous session of two and one-half hours may be considered a full day in Kindergarten.

3. Student Attendance (N.J.A.C. 6A:32-8.4)

- a. For all State attendance submissions, a student shall be recorded as present, absent, or excused for a State-excused absence, pursuant to N.J.A.C. 6A:32-8.4(e) and A.3.e. below, on every day the school is in session after the student enrolls until the date the student is transferred to another school or officially leaves the school district.
- b. A record of attendance of all students shall be kept in accordance with N.J.A.C. 6A:32-8.1(c) and A.1.b. above. The employee designated by the Superintendent shall keep the attendance records according to N.J.A.C. 6A:32-8 and the guidance issued by the Commissioner in accordance with N.J.A.C. 6A:32-8.1(c) and A.1.b. above.

A student enrolled in a school shall be recorded in the school register as present if the student participates in instruction or instruction-related activities for at least half a day in session whether the student is physically on school grounds, at an approved off-grounds location, or in a virtual or remote instruction setting, pursuant to N.J.A.C. 6A:32-13.
- d. A student enrolled in a school who is not participating in instruction or instruction-related activities pursuant to N.J.A.C. 6A:32-8.4(c) and A.3.c. above shall be recorded in the school register as absent, unless the student is recorded as a State-excused absence, pursuant to N.J.A.C. 6A:32-8.4(e) and A.3.e. below.

- f. For absences that do not meet the criteria at N.J.A.C. 6A:32-8.4(e) and A.3.e. above, the Board may adopt policies that establish locally approved or excused absences consistent with N.J.A.C. 6A:16-7.6 for the purposes of expectations and consequences regarding truancy, student conduct, promotion, retention, and the award of course credit. However, an absence designated as excused by the Board pursuant to N.J.A.C. 6A:16-7.6 shall be considered as an absence in the submission to the State for the purpose of chronic absenteeism reporting, as set forth at N.J.A.C. 6A:32-8.6.

In accordance with N.J.S.A. 18A:38-25.1, the school will annually review and revise the corrective action plan and present the revisions to the Board, until the percentage of students who are chronically absent is less than ten percent.

B. Unexcused Absences That Count Toward Truancy/Excused Absences for Board Policy

1. Notwithstanding the requirement of reporting student absences in the school register for State and Federal reporting purposes, "excused" and "unexcused" student absences for the purpose of expectations and consequences regarding truancy, student conduct, promotion, retention, and the award of course credit is a Board decision outlined in Policy 5200 and this Regulation.

The teacher may record an incomplete grade for a student who has not had a full opportunity to make up missed work.
2. An elementary student may be retained at grade level, in accordance with Policy 5410, when the student has been absent thirty or more school days, whatever the reason for the absence, except that absences for the observance of a religious holiday, absences for those excused in accordance with the reporting requirements of the school register, and absences due to student's suspension will not count toward the total.

R 5331 MANAGEMENT OF LIFE-THREATENING ALLERGIES IN THE SCHOOL

A. Definitions

1. Anaphylaxis - A serious allergic reaction that is rapid in onset and may cause death.
2. Epinephrine (adrenaline) - A drug that can be successfully utilized to counteract anaphylaxis.
3. Food Allergy - A group of disorders characterized by immunologic responses to specific food proteins. In the United States, the most likely common allergens in adults and children are cow's milk, eggs, peanuts, wheat, soy, fish, shellfish, and nuts.
4. Individualized Emergency Healthcare Plan (IEHP) - A personalized healthcare plan written by the certified school nurse that specifies the delivery of accommodations and services needed by a student in the event of an emergency.
5. Individualized Healthcare Plan (IHP) - A plan written by the certified school nurse that details accommodations and/or nursing services to be provided to a student because of the student's medical condition based on medical orders written by a health care provider in the student's medical home.
6. School-Sponsored Function - Any activity, event, or program occurring on or off school grounds, whether during or outside of regular school hours, that is organized and/or supported by the school.

B. Policy and Regulation Development

1. Policy and Regulation 5331 address different allergens, varying ages and maturity levels of students, and the physical properties and organizational structures of school. The components below were critical in developing Policy and Regulation 5331.
 - a. The school district nursing staff, in consultation with the school physician, if needed:
 - (1) Assessed the overall health needs of the student population at risk for anaphylaxis, particularly students with food allergies; and

- (2) Assessed current and relevant policies and/or protocols regarding the care of students with life-threatening allergies and identified areas in need of development or improvement.
2. Policy and Regulation 5331 were developed using a multidisciplinary team that included various school district administrators, teachers, and support staff members.
3. Additional factors need to be regarded at the secondary school level in order to provide the best care for food-allergic teens. The multidisciplinary team should consider the factors below when developing Policy and Regulation 5331 as it pertains to food-allergic teens.
 - a. Students move to different classrooms, frequently in larger buildings and campuses, presenting needs for updated avoidance strategies, epinephrine availability, and designated assistance.
 - b. Students may have open lunch periods and accompany friends to local eateries.
 - c. Students may have access to vending machines.
 - d. Certain classes give rise to new avoidance issues, e.g., chemistry/biology labs, home economics/culinary class, etc.
 - e. The number of off-site school-sponsored functions increases, e.g., travel, sometimes to other States and foreign countries; athletic games and competitions, sometimes in other towns; dances; etc.
 - f. Risk-taking behaviors frequently accompany the independence of adolescent years.
 - g. N.J.S.A. 18A:40-12.6 provides for a delegate for the emergency administration of epinephrine even when a student is able to self-administer life-saving medication. Although teenage students will more than likely be permitted to carry and self-administer emergency medications, those students are not to be expected to have complete responsibility for the administration of epinephrine. A severe allergic reaction can completely incapacitate a student and inhibit the ability to

self-administer emergency medication. Therefore, the school nurse or volunteer delegate shall be available during school and school-sponsored functions to administer epinephrine in an emergency in accordance with the provisions of N.J.S.A. 18A:40-12.5.e.(2).

4. The Principal and/or the school nurse will educate staff and the community regarding Policy and Regulation 5331; obtain feedback on the implementation and effectiveness of the Policy and Regulation; and annually review, evaluate, and update the Policy and Regulation, as needed or required by law.
- C. Prevention Measures
1. Considerations for the Cafeteria
- The Principal, in consultation with the school nurse, teaching staff members, food service staff members, and other appropriate staff members, will work to make the cafeteria environment as safe as possible for food-allergic students. This process includes making determinations about serving foods with known allergens and identifying steps that can be taken to reduce the chance of accidental exposure. The steps may include:
- a. Training to food service personnel on food label reading and safe handling, as well as safe meal substitutions for food-allergic children.
 - b. Educating cafeteria staff and monitors about food-allergy management and make them aware of the students who have life-threatening food allergies.
 - c. Developing and implementing standard procedures for cleaning tables, chairs, and trays, particularly those designated as allergen-safe, after lunch periods using dedicated and disposable supplies to avoid cross contact.
 - d. When possible, sharing ingredient/allergen information for food provided by the school to students and parent(s) or legal guardian(s).
 - e. Making allergen-safe table(s) an available option for allergic students.
 - f. Considering allergen-full table(s) (i.e., all those eating peanut butter sit together).

- g. Discouraging students from sharing or trading food/snack items, drinks, straws, or utensils.
- h. Encouraging students to wash hands before and after eating.
- i. Considering the benefits and ramifications of serving and/or removing allergen-containing foods or removing a particular food item from the school menu.
- j. Making accommodations in the event a student cannot be in direct proximity to certain allergens that are being cooked/boiled/steamed.

2. Considerations for the Classroom

Provisions will be made to develop safeguards for the protection of food-allergic students in the classroom. The school nurse will work with the classroom teacher(s) so the teacher understands and is able to initiate the student's IEHP, as necessary.

- a. If possible, consider prohibiting the use or consumption of allergen-containing foods in the classroom.
- b. Conduct training for teachers, aides, volunteers, substitutes, and students about food allergies.
- c. Develop and implement a procedure that will alert substitute teachers to the presence of any students with food allergies and any accompanying instructions.
- d. Develop and implement a letter to parent(s) or legal guardian(s) of classmates of the food-allergic student (without identifying the student), particularly in lower grades, explaining any prohibitions on food in the classroom.
- e. Discourage the use of food allergens for classroom projects/activities, classroom celebrations, etc.
- f. Encourage the use of non-food items for all classroom events/activities, as a way to avoid the potential presence of major food allergens.

- g. Notify parent(s) or legal guardian(s) of classroom celebrations that involve food with particular attention to notification of parent(s) or legal guardian(s) of food-allergic children.
- h. Encourage students to wash hands before and after eating.
- i. Develop and implement standard procedures for cleaning desks, tables, and the general classroom area.

3. General Considerations for the School Environment

The Principal, in consultation with the school nurse, teaching staff members, food service staff members, and other appropriate staff members, will work to make the school environment as safe as possible for the food-allergic student to include:

- a. Developing and implementing cleaning procedures for common areas (i.e., libraries, computer labs, music and art rooms, hallways, etc.).
- b. Developing and implementing guidelines for food fundraisers (i.e. bake sales, candy sales, etc.) that are held on school grounds.
- c. Avoiding the use of food products as displays or components of displays in hallways.
- d. Developing protocols for appropriate cleaning methods following events held at the school, which involve food.

4. Field Trips and Other School Functions

N.J.S.A. 18A:40-12.6 requires a nurse or delegate to be available during school and school-sponsored functions in the event of anaphylaxis. Students with food allergies should participate in all school activities and will not be excluded based on their condition. The appropriate school staff member(s) should:

- a. Communicate (with parent(s) or legal guardian(s) permission) relevant aspects of the IEHP to staff, as appropriate, for field trips, school-sponsored functions, and before- and after-school programs.
- b. Encourage long-term planning of field trips in order to ensure that food-allergic students receive needed services while away from school.

Management of Life-Threatening Allergies in the School

- c. Evaluate appropriateness of trips when considering the needs of students e.g., a trip to a dairy farm should not be scheduled for a class with a milk-allergic student.

6. Preparing for an Emergency

The Principal and school nurse will establish emergency protocols and procedures in advance of an emergency. These protocols and procedures should:

- h. Adhere to Occupational Safety and Health Administration (OSHA) and Universal Precautions Guidelines for disposal of epinephrine auto-injectors after use.

7. Sensitivity and Bullying

A food-allergic student may become victim to threats of bullying related to his/her condition. N.J.A.C. 6A:16-7.9 requires each Board of Education to develop, adopt, and implement a policy prohibiting harassment, intimidation, or bullying on school grounds, including on a school bus or at a school-sponsored function, pursuant to N.J.S.A. 18A:37-15. D. Roles and Responsibilities for Managing Food Allergies

The risk of accidental exposure to foods can be reduced in the school setting if the school, students, parent(s) or legal guardian(s), and physicians work together to minimize risks of exposure to allergens and provide a safe educational environment for food-allergic students.

1. Family's Role

- a. Notify the school of the student's allergies.

- c. Provide written medical documentation, instructions, and medications as directed by a physician, using the Food Allergy Action Plan as a guide. Include a photo of the child on written form.
- d. Provide properly labeled medications and promptly replace medications after use or upon expiration.

Management of Life-Threatening Allergies in the School

- b. Identify a core team including the school nurse, teacher, Principal, and school food service and nutrition manager/director to work with parent(s) or legal guardian(s) and the student (age appropriate) to establish an IEHP. Changes to the IEHP that promote food allergy management should be made with core team participation.
- c. Assure that all staff who interact with the student on a regular basis understand food allergies, can recognize symptoms, know what to do in an emergency, and work with other school staff to eliminate the use of food allergens in the allergic student's meals, educational tools, arts and crafts projects, or incentives.
- d. Coordinate with the school nurse to ensure medications are appropriately stored and ensure an emergency kit is available that contains a physician's standing order for epinephrine. Epinephrine should be kept in a secure but unlocked location that is easily accessible to delegated school personnel.
- e. Students who are permitted to self-administer should be permitted to carry their own epinephrine in accordance with State regulations and district policy.
- f. Designate school personnel who volunteer to administer epinephrine in an emergency.
- g. Be prepared to handle a reaction and ensure there is a staff member available who is properly trained to administer medications during the school day, regardless of time or location.
- h. Review policies and prevention plans with the core team members, parent(s) or legal guardian(s), student (age appropriate), and physician after a reaction has occurred.
- i. Work with the transportation administrator to insure that school bus drivers receive training that includes symptom awareness and what to do if a reaction occurs and assess the means by which a bus driver can communicate during an emergency, including proper devices and equipment.
- j. Discuss field trips with the family of the food-allergic child to decide appropriate strategies for managing the food allergy.

- k. Follow Federal and/or State laws and regulations regarding sharing medical information about the student.
 - l. Take threats or harassment against an allergic child seriously.
- 3. Student's Role
 - a. Students should not trade food with others.
 - b. Students should not eat anything with unknown ingredients or known to contain any allergens.
 - c. Students should be proactive in the care and management of their food allergies and reactions based on their developmental level.
 - d. Students should notify an adult immediately if they eat something they believe may contain the food to which they are allergic.

Type Four Offenses	For Type Four offenses, school officials shall refer to Level F of the Discipline Ladder.
Serious fighting (including incidents with significant injuries, but which do not rise to the level of the Type Five offense “1st or 2nd degree assault”).	As required by State law, the two offenses marked with an asterisk must be reported to law enforcement.

Assault, harassment, or false allegation of abuse against a school employee. *	Note that recurring Type One offenses can eventually proceed to Type Two and Type Three, but shall never result in referral to law enforcement.
Other student behaviors that most seriously disrupt the school environment or seriously endanger the welfare or safety of other students or school personnel.	
Recurring Type Three offenses.	

Type Five Offenses	The Discipline Ladder does not apply to Type Five Offenses

5. The school district may not require the parties to participate in an informal resolution process regarding a Title IX claim and may not offer an informal resolution process unless a formal complaint is filed pursuant to 34 CFR §106.45(b)(9).
6. The Title IX Coordinator must promptly contact the Complainant in accordance with 34 CFR §106.44(a).
7. In response to a formal complaint, the school district will follow a grievance process that complies with 34 CFR §106.45.
 - a. Upon receipt of a formal complaint, the Title IX Coordinator shall provide written notice to the parties who are known in accordance with 34 CFR §106.45(b)(2)(i).
 - b. The Title IX Coordinator shall provide the investigator with a copy of the formal complaint if the Title IX Coordinator is not the investigator.
 - c. The investigator shall investigate the allegations contained in a formal complaint pursuant to 34 CFR §106.45(b).
8. The investigator shall create an investigative report in accordance with the provisions of 34 CFR §106.45(b)(5)(vii).
 - a. The investigator will attempt to collect all relevant information and evidence.
 - b. While the investigator will have the burden of gathering evidence, it is crucial that the parties present evidence and identify witnesses to the investigator so that they may be considered during the investigation.
 - c. While all evidence gathered during the investigative process and obtained through the exchange of written questions will be considered, the decision-maker may in their discretion grant lesser weight to last minute information or evidence introduced through the exchange of written questions that was not previously presented for investigation by the investigator.

- d. To the greatest extent possible, and subject to Title IX, the school will make reasonable accommodations in an investigation to avoid potential re-traumatization of a student.
 - e. The investigative report shall be provided to the decision-maker in accordance with the provisions of 34 CFR §106.45(b)(6)(ii).
9. The decision-maker, who cannot be the same person as the Title IX Coordinator or the investigator, shall issue a written determination regarding responsibility pursuant to 34 CFR §106.45(b)(7).
- a. To reach this determination, the decision-maker will apply the preponderance of the evidence standard, which shall be the same standard of evidence for formal complaints against students as for formal complaints against employees, including faculty, and apply the same standard of evidence to all formal complaints of sexual harassment pursuant to 34 CFR §106.45(b)(1)(vii).
 - b. The decision-maker will facilitate a written question and answer period between the parties.
 - (1) Each party may submit their written questions for the other party and witnesses to the decision-maker for review.
 - (2) The questions must be relevant to the case and the decision-maker will determine if the questions submitted are relevant and will then forward the relevant questions to the other party or witnesses for a response.
 - (3) The decision-maker shall then review all the responses, determine what is relevant or not relevant, and issue a decision as to whether the Respondent is responsible for the alleged sexual harassment.
 - (4) The decision-maker will issue a written determination following the review of evidence. The written determination will include:
 - (a) Identification of allegations potentially constituting sexual harassment as defined in Policy and Regulation 5751 and 34 CFR §106.30;

- (b) A description of the procedural steps taken from the receipt of the complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather evidence;
 - (c) Findings of fact supporting the determination, conclusions regarding the application of this formal grievance process to the facts; and
 - (d) A statement of and rationale for the result as to each allegation, including any determination regarding responsibility, any disciplinary sanctions the decision-maker imposed on the Respondent that directly relate to the Complainant, and whether remedies designed to restore or preserve equal access to the school's education program or activity will be provided to the Complainant; and procedures and permissible bases for the parties to appeal the determination.
- (5) The written determination will be provided to the parties simultaneously.
 - (6) Notwithstanding a temporary delay of the grievance procedure or the limited extension of the grievance procedure time frames with good cause, the written determination shall be provided within sixty calendar days from receipt of the Complaint.
 - (a) The sixty calendar day time frame does not include the appeal process.
 - (7) Remedies and supportive measures that do not impact the Respondent should not be disclosed in the written determination; rather the determination should simply state that remedies will be provided to the Complainant.

E. Appeals

1. The school district will offer both parties an appeal from a determination regarding responsibility, and from the Title IX Coordinator's dismissal of a formal complaint or any allegations therein in accordance with 34 CFR §106.45(b)(8)(i).

2. As to all appeals, the school district will comply with the requirements of 34 CFR §106.45(b)(8).
3. The Superintendent shall designate an appeal officer for each appeal filed.
 - a. The appeal officer shall not be the same person as the decision-maker that reached the determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator in accordance with 34 CFR §106.45(b)(8)(iii)(B).
4. The Complainant and Respondent shall have an equal opportunity to appeal the policy violation determination and any sanctions.
5. The school district shall administer the appeal process, but is not a party and will not advocate for or against any appeal.
6. A party may appeal only on the following grounds and the appeal shall identify the reason(s) why the party is appealing:
 - a. There was a procedural error in the hearing process that materially affected the outcome;
 - (1) Procedural error refers to alleged deviations from school district policy, and not challenges to policies or procedures themselves;
 - b. There is new evidence that was not reasonably available at the time of the hearing and that could have affected the outcome;
 - c. The decision-maker had a conflict of interest or bias that affected the outcome;
 - d. The determination regarding the policy violation was unreasonable based on the evidence before the decision-maker;
 - (1) Appealing on this basis is available only to a party who participated in the hearing; and
 - e. The sanctions were disproportionate to the hearing officer's findings.

7. The appeal must be submitted in writing to the Title IX Coordinator within ten calendar days following the issuance of the notice of determination.
8. The appeal must identify the ground(s) for appeal and contain specific arguments supporting each ground for appeal.
9. The Title IX Coordinator shall notify the other party of the appeal, and that other party shall have an opportunity to submit a written statement in response to the appeal, within ten calendar days.
10. The Title IX Coordinator shall inform the parties that they have an opportunity to meet with the appeal officer separately to discuss the proportionality of the sanction.
11. The appeal officer shall decide the appeal considering the evidence presented at the hearing, the investigation file, and the appeal statements of both parties.
12. In disproportionate sanction appeals, input the parties provided during the meeting may also be considered.
13. The appeal officer shall summarize their decision in a written report that will be sent to the Complainant and Respondent within twenty calendar days of receiving the appeal.

F. Remedies

1. The Title IX Coordinator shall be responsible for effective implementation of any remedies in accordance with 34 CFR §106.45(b)(7)(iv).
2. Following receipt of the written determination from the decision-maker, the Title IX Coordinator will facilitate the imposition of sanctions, if any, the provision of remedies, if any, and to otherwise complete the formal resolution process.
3. The appropriate school official designated by the Superintendent, after consultation with the Title IX Coordinator, will determine the sanctions imposed and remedies provided, if any.
 - a. The imposition of sanctions or provisions of remedies will be revisited by the Title IX Coordinator following the appeal officer's decision, as appropriate.

4. The Title IX Coordinator must provide written notice to the parties simultaneously.
 5. The school district must disclose to the Complainant the sanctions imposed on the Respondent that directly relate to the Complainant when such disclosure is necessary to ensure equal access to the school district's education program or activity.
 6. It is important to note that conduct that does not meet the criteria under Title IX may violate other Federal or State laws or school district policies regarding student misconduct or may be inappropriate and require an immediate response in the form of supportive measures and remedies to prevent its recurrence and address its effects.
- G. Parent Rights
1. Consistent with the laws of New Jersey, a student's parent must be permitted to exercise the rights granted to their child under Policy and Regulation 5751, whether such rights involve requesting supportive measures, filing a formal complaint, or participating in a grievance process.
 2. A student's parent must also be permitted to accompany the student to meetings, interviews, and hearings, if applicable, during a grievance process in order to exercise rights on behalf of the student.
 3. The student may have an advisor in addition to the parent.
- H. Training
- The Superintendent or designee shall ensure that Title IX Coordinators, investigators, decision-makers, appeal officers, and any person who facilitates an informal resolution process, receive training in accordance with 34 CFR §106.45(b)(1)(iii).
- I. Compliance
- The Superintendent or designee shall consult with the Board Attorney to ensure the school district's response to any allegations of sexual harassment and the school district's grievance process are in accordance with 34 CFR §106.44 and 34 CFR §106.45.

J. Requirements of New Jersey's Anti-Bullying Bill of Rights Act

Any time a report is made to the Title IX Coordinator or formal complaint is filed pursuant to Policy and Regulation 5751 and in accordance with 34 CFR §106, the Title IX Coordinator shall forward the report or complaint to the Principal of the school building attended by the alleged victim for the Principal to follow the requirements of New Jersey's Anti-Bullying Bill of Rights Act and Policy 5512.

R 6111 SPECIAL EDUCATION MEDICAID INITIATIVE (SEMI) PROGRAM

Every New Jersey school district, with the exception of any district that obtains a waiver of the requirements of N.J.A.C. 6A:23A-5.3 pursuant to the procedures set forth at N.J.A.C. 6A:23A-5.3(b), shall take appropriate steps to maximize its revenue from the Special Education Medicaid Initiative (SEMI) Program by following policies and procedures to maximize participation in the program as set forth in N.J.A.C. 6A:23A-5.3(d) and to comply with all program requirements as set forth in N.J.A.C. 6A:23A-5.3(e).

A. Waiver

1. The school district may seek, in the prebudget year, a waiver of the requirements of N.J.A.C. 6A:23A-5.3 upon demonstration that for the subsequent school year:
 - a. The district projects, based on reliable evidence, that it will have forty or fewer Medicaid eligible classified students; or
 - b. The district demonstrates that efforts to participate in SEMI would not provide a cost benefit to the district, based on the projection of the district's available SEMI reimbursement for the budget year as set forth in N.J.A.C. 6A:23A-5.3 (c) and B. below.
2. The application for a waiver of the requirements of N.J.A.C. 6A:23A-5.3 shall be made to the Executive County Superintendent no less than forty-five days prior to the submission of the district's proposed budget for the school year to which the waiver request applies. The Executive County Superintendent shall notify the district of the decision on the waiver application within twenty days of receipt of the waiver request. If the waiver is not granted, the district shall submit a SEMI action plan to the Executive County Superintendent as required by N.J.A.C. 6A:23A-5.3(f) as part of its annual school district budget submission or demonstrate to the Executive County Superintendent the district has achieved maximum participation in the SEMI program in the prebudget year.

B. Projection of Available SEMI Reimbursement

1. As part of the annual budget information, the New Jersey Department of Education shall provide the school district with a projection of available SEMI reimbursement for the budget year, as determined by the State Department of Treasury's third party administrator for SEMI. The projection shall be based on the following:

- a. Number of Medicaid eligible students;
 - b. Assumption of twenty services per eligible students per year;
 - c. One IEP meeting per eligible student per year; and
 - d. Applicable SEMI reimbursement rates.
 2. Beginning with the 2009-2010 school year, the school district shall recognize as revenue in its annual school district budget no less than ninety percent of the projection of available SEMI reimbursement. The district may seek approval from the Executive County Superintendent to use its own projection of SEMI reimbursement upon demonstration that the numbers it used in calculating the projection are more accurate than the projection provided.
- C. SEMI Program Requirements
1. The school district shall strive to achieve maximum participation in the SEMI program. "Maximum participation" means obtaining a ninety percent return rate of parental consent forms for all SEMI eligible students. Districts shall enter all students following their evaluations into the third-party system to identify the district's universe of eligible students. This can be done without parental consent.
 2. Districts participating in the SEMI reimbursement program shall comply with program requirements as follows:
 - a. The school district shall implement Policy and Regulation 6111 concerning the effective and efficient administration of the SEMI reimbursement program consistent with the requirements of N.J.A.C. 6A:23A-5.3.
 - b. Any service submitted to Medicaid for reimbursement shall be rendered by a Medicaid qualified practitioner, or rendered by a provider under the supervision of a Medicaid qualified practitioner. The following outlines the required documentation for each related service provider:
 - (1) Nurses – copy of license (DOE certification is not required for SEMI);
 - (2) Occupational Therapist – copy of license and DOE certification;

- (3) Physical Therapist – copy of license and DOE certification;
 - (4) Psychologist – copy of DOE certification;
 - (5) Social Worker – copy of DOE certification; and
 - (6) Speech Therapist – copy of DOE certification and American Speech-Language-Hearing Association (ASHA) Certification or Copy of DOE certification and past or present license (on or after January 1, 1993); or copy of DOE certification and documentation that the equivalent educational requirements and work experience necessary for ASHA certification have been met.
3. Practitioners who are not Medicaid qualified can deliver services under the direction of Medicaid qualified practitioners. These include certified occupational therapist assistants (COTAs), physical therapist assistants (PTAs) and speech correctionists.
4. Any direct therapy or other related service shall be prescribed in the related services section of the student's IEP prior to submitting a claim to Medicaid for reimbursement. Delivery of nursing services and dispensing of medication must be referenced in the IEP and supported by physicians' orders or prescriptions. These documents must be maintained on file. The supporting documentation to be maintained by the school district shall be the cover/signature page, related services section of the IEP, therapy logs, and the evaluations and assessments conducted by the Medicaid-qualified practitioners.
5. Entities where the school district has placed SEMI eligible students shall take steps to enable school districts to maximize participation, including either logging the eligible services provided directly through the vendor or the sending school district, as mutually agreed upon with the school district, and obtaining SEMI provider qualification certifications. Every out-of-district placement must provide copies of SEMI provider qualifications, certifications and licenses. This provision applies to the following out-of-district placement options:
 - a. Approved private schools for students with disabilities;
 - b. Educational services commissions;
 - c. Jointure commissions;
 - d. Vocational half-time programs;
 - e. Department of Education Regional Day Schools; and
 - f. Special Service School Districts.

6. All supporting documentation for a Medicaid claim shall be maintained on file and available for audit or State review for at least seven years from the date of service. Supporting documentation shall include provider certification (current and historical for each provider), provider service logs, licenses and certifications, physician authorizations for nursing services, parental consent forms, attendance records, and copies of the student's IEP.
- D. SEMI Action Plan
1. A school district that has less than ninety percent participation of SEMI eligible students in the prebudget year or that has failed to comply with all program requirements set forth in C. above shall submit a SEMI action plan to the Executive County Superintendent for review and approval as part of the school district's proposed budget submission.
 2. The SEMI action plan shall include the following components:
 - a. Procedures for obtaining parental consent forms including the Parental Consent Best Practices which are available from the New Jersey Department of Education.
 - b. Establishment of a benchmark for the 2008-2009 school year or for the first year the district does not have an approved waiver pursuant to the provisions of N.J.A.C. 6A:23A-5.3(b), whichever is applicable, for obtaining maximum participation of all SEMI eligible students by the start of the subsequent school year:
 - (1) The benchmarks for the 2008-2009 school year or for the first year that the district does not have an approved waiver pursuant to N.J.A.C. 6A:23A-5.3(b), whichever is applicable, for achieving maximum participation shall at a minimum close the gap between current participation and maximum participation by fifty percent by the beginning of the subsequent school year; and
 - (2) The benchmarks shall be based on the percentage of parental consent forms collected from eligible students. The number of parental consent forms shall reflect one parental consent form for each eligible student. This should include documentation of parental refusal to give consent.

- c. Procedures to ensure that all IEP meetings are documented in the third-party administrator's system. IEPs are only claimable if a Medicaid qualified practitioner is present.
 - d. Procedures to ensure that all SEMI eligible services, including services provided by entities where the school district has placed SEMI eligible students, are documented in the third-party administrator's system.
 - e. Procedures to ensure that a valid IEP is on file and the IEP date is on file in the third-party administrator's system for each SEMI eligible student for whom parental consent has been obtained.
 - f. Procedures to ensure that service providers used by the school district and entities where the school district has placed SEMI eligible students have valid licenses and certifications documenting SEMI provider qualifications on file in the third-party administrator's system.
- E. Districts that did not achieve ninety percent participation or achieve their approved benchmarks in the SEMI program for a given budget year and cannot demonstrate they fully implemented their New Jersey Department of Education approved SEMI action plan required above shall be subject to review for the withholding of State aid by the Commissioner pursuant to N.J.S.A. 18A:55-3 in an amount equal to the SEMI revenue projection based on their approved benchmark for the budget year, if applicable, less actual SEMI reimbursements for the budget year. The State aid deduction shall be made in the second subsequent year after the budget year.

R 6112 REIMBURSEMENT OF FEDERAL AND OTHER GRANT EXPENDITURES

The State of New Jersey and school districts must assure certain Federal and other grant funds have been, or will be, spent within a minimal amount of time after having been drawn from the Federal government. In accordance with this requirement, the New Jersey Department of Education (NJDOE) has implemented a reimbursement request system of payment for grant awards. The procedures outlined in this Regulation are to be followed by school districts in submitting reimbursement requests. Reimbursement requests for entitlement grant awards under the Every Student Succeeds Act (ESSA), the Individuals with Disabilities Education Act (IDEA), the Carl D. Perkins Career and Technical Education Improvement Act of 2006, and any other program designated by the NJDOE shall be made using the NJDOE's Electronic Web-Enabled Grant (EWEG) System.

A. Definitions

1. "Cost objective" means a function, organizational subdivision, contract, grant, or other activity for which cost data are needed and for which costs are incurred.
2. "Grant" means an award of financial assistance by the Federal government to the State of New Jersey, Department of Education or funds NJDOE receives from the State legislature to be awarded to eligible subgrantees.
3. "Grantee" means the State of New Jersey, Department of Education, to which a grant is awarded by the Federal government.
4. "Subgrant" means an award of financial assistance to an eligible subgrantee, in this case, awards by the State of New Jersey, Department of Education to local education agencies or other eligible entities.
5. "Subgrantee" means the local education agency or other legal entity to which a subgrant is awarded and which is accountable to the State of New Jersey, Department of Education for the use of funds provided.

B. Procedures

1. Functionality

- a. The School Business Administrator/Board Secretary or designee will submit reimbursement requests using the payment functionality of the EWEG system.

- b. The payment functionality is enabled upon final NJDOE approval of the subgrant application through the EWEG system.

2. Submission of Reimbursement Requests

- a. The School Business Administrator/Board Secretary or designee will make reimbursement requests for individual titles and awards. Therefore, reimbursement requests for ESSA will be made for each individual title. Reimbursement requests for IDEA must be made separately for Basic and Preschool as well as for the Perkins Secondary and Perkins Post-Secondary grant funds. Only one reimbursement request per month may be submitted for an individual title, award, or subgrant.
- b. Reimbursement requests may only be for expenditures that have already occurred or will occur within three business days of receipt of funds. The following examples are based upon the schedule in Section C. below.
 - (1) The school has ordered and received supplies and has paid the vendor. The school may request reimbursement.
 - (2) The school has ordered and received equipment but has not yet paid the vendor. The school expects payment to be made on the seventh of the following month, following the monthly Board meeting. The school may request reimbursement since the school will make payment within three business days of receipt of funds.
 - (3) The school makes salary payments on the first and fifteenth day of each month. In a given month, the school may request reimbursement for payroll expenditures actually made during the month and for the payroll scheduled for the first day of the following month because the school will make payroll expenditure within three business days of receiving the funds. The school may not request reimbursement in anticipation of subsequent pay dates, that is, those occurring more than three business days after receiving funds.

- (4) The school is responsible for payment of health benefits to its provider on a quarterly basis. The subgrantee may request reimbursement prospectively if payment to the provider will be made within three business days of receipt of funds. If payment to the provider is made at the end of the month; however, the school must request reimbursement during the month following payment.
 - (5) The school is responsible for reimbursing the State of New Jersey for pension and social security payments made on behalf of employees paid with Federal funds. For members of the Teachers' Pension and Annuity Fund (TPAF), school districts shall reimburse the State no later than November. The request for reimbursement for pension and social security contributions for members of TPAF should be made at the time the school will make payment to the State. For members of the Public Employees Retirement System or other State pension systems, the school should request reimbursement at the time payments are due to the State for pension contributions and to the Internal Revenue Service for Social Security contributions. The school should not include fringe benefit calculations in their regular salary reimbursement requests.
- c. The submission of a reimbursement request constitutes a certification by the School Business Administrator/Board Secretary that the school has previously made the appropriate expenditures and/or will make the expenditures within three business days of receipt of funds. The submission of a reimbursement request also constitutes a certification that the expenditures are allowable and appropriate to the cost objective(s) of the subgrant.
- d. Reimbursement requests must be in accordance with approved grant applications.
 - (1) The Superintendent or designee is responsible for submitting an amendment application to the NJDOE for approval if a new budget category for which no funds were previously budgeted or approved has been created.

- (2) The Superintendent or designee is responsible for submitting an amendment application to the NJDOE for approval if cumulative transfers among expenditure categories exceed ten percent of the total award. The Superintendent or designee is responsible for monitoring the cumulative ten percent level of fiscal change.

C. Processing Timelines

1. Reimbursement requests may be submitted at any time after the subgrant has received final NJDOE approval. No more than one reimbursement request may be submitted per month for any one subgrant.
2. Reimbursement requests submitted at least ten business days before the end of the month but no later than the fifteenth day of the month will be reviewed and, if approved, processed for payment the first business day of the following month. School districts will normally receive payment by the fifth business day of the month and will be able to track the grant's payment history in EWEG through the payments link of the grant application.

D. Content of Reimbursement Requests

1. Reimbursement requests must contain a brief description of the expenditures for which reimbursement is being requested. Individual line items need not be detailed.
 - a. Example - \$8,750 is being requested in the 100 function code. The description is "salaries and instructional supplies."
2. Expenditures must be supported by documentation at the school level. This documentation should not be submitted to the NJDOE with a reimbursement request. The Superintendent or designee is responsible to maintain supporting documentation for seven years and for making it available to the NJDOE, the United States Department of Education, and/or their authorized representatives upon request.
3. Documentation for salary expenditures is subject to the requirements of the Federal Uniform Grant Guidance. Documentation for all other expenditures must include evidence that the expenditures are allowable costs and of the relationship of the expenditure to the subgrant's cost objectives.

E. Review and Approval of Reimbursement Requests

1. NJDOE staff will review reimbursement requests to determine that they meet the subgrant's criteria, including but not limited to the following:
 - a. Adequate description of the expenditures is provided;
 - b. No new budget category has been created; and
 - c. The reimbursement request does not exceed the allowable threshold for an amendment as a result of cumulative transfers among expenditure categories.
2. When a reimbursement request is approved or denied, the school will receive an email notification through the EWEG system.
3. Approval of a reimbursement request by NJDOE does not imply approval of the expenditures as allowable or appropriate to the subgrant's cost objectives. Approval of expenditures will continue to be processed through the final report. The School Business Administrator/Board Secretary or designee assumes responsibility for assuring that all funds requested through the EWEG system either have already been expended, or will be expended within three business days of receipt of funds.

 - b. Monitor the Federal grant program to ensure the program is being administered in accordance with the requirements of the grant; and

- c. Oversee the program's expenditures to ensure the grant funds are budgeted and expended in accordance with the grant application and approval.
- 4. Upon completion of the Federal grant program, the grant administrator will work with the School Business Administrator/Board Secretary or designee to complete any close-out and final reports as required by the Federal grant.

4. Because the school district is exempt from the payment of sales and use taxes, all charges for taxes must be borne by the bidder.
5. The bid must note in detail any deviations from specifications. When the specifications indicate a product of a particular manufacturer, model, or brand, the bidder shall bid that particular manufacturer, model, or brand or, unless the specifications prohibit substitution, a substitute proven to be of equal or better grade. If a substitute is bid, the bid must include detailed documentation of its equivalency. Bidders may be required to submit samples of materials or products, to be retained by the Board. 7. The bid shall include a delivery date or the date on which services bid upon will commence.

8. Where applicable, service facilities and convenience of service will be considered as part of the bid and should be included by the bidder. When necessary, a bidder shall submit evidence of his or her ability to provide proper installation, service, and supplies and/or indicate that the provision of the services and supplies is a regular and continuous part of the bidder's business.

- D. Receipt of Bids
1. Bids will be received at the time and place announced and will be opened by the School Business Administrator/Board Secretary in accordance with law. All bids will be submitted in sealed envelopes clearly marked with the words "BID OPENING," the date and time of the opening, and the nature of the contract bid on.
 2. Each bid will be accompanied by a deposit for bid security, which will be returned to unsuccessful bidders.
 3. A written request for the withdrawal of a bid will be granted if the request is received by the School Business Administrator/Board Secretary before the scheduled time for opening bids.
 4. A bidder who claims, before bids are opened, that a mistake has been made in its preparation will be allowed to withdraw the bid but will lose the right to bid.

5. A bidder who discovers a mistake or omission after bids have been opened may withdraw the erroneous bid provided the bidder gives immediate written notice of the mistake or omission and certification supported by clear evidence, that he or she exercised reasonable care in the examination of the specifications and preparation of the bid. - E. Award of Contract
1. Bids will be opened by the School Business Administrator/Board Secretary, in the presence of one or more witnesses, at the time and place advertised.

 3. The Board will award the contract to the lowest responsible bidder or will reject all bids. If all bids are rejected, the Board will readvertise or purchase under a state contract.
 4. The Board reserves the right to reject any bid and may waive technical deficiencies in an otherwise acceptable bid when such waiver is in the public interest.
 5. No contract or order awarded by the Board shall be sublet or assigned without the written consent of the School Business Administrator/Board Secretary.
 6. The successful bidder may be required in the bid specifications and upon award of the contract to furnish a surety or performance bond issued by a responsible surety company authorized to transact business in New Jersey, for 100% of the total contract price, insuring faithful performance of the contract. The bond, pursuant to N.J.S.A. 18A:18A-23 and 24, shall be payable to the Board and the cost of the bond is to be included in the bid.
 7. The bidder's failure to perform his or her contract with the Board in accordance with the bid accepted by the Board or failure to meet performance bond requirements may result in forfeiture of the bidder's deposit as liquidated damages and not as a penalty.

8. Every bidder is assumed to be acquainted with all the information necessary for the submission of an informed and responsible bid. A successful bidder will be responsible for any errors in his or her proposal resulting from the bidder's failure or neglect to obtain information and forecast costs. The Board will not be responsible for any change in anticipated profits resulting from such failure or neglect.
9. When a contractor fails to perform the terms of the contract promptly, the Board shall give written notice of default. If the contractor fails to cure the default within the time permitted by the notice, the Board may terminate the contract and, at the expense of the contractor or the surety, complete the contract or cause the contract to be completed.

F. Bidder Disqualification

1. The Board may, by resolution approved by a majority of the Board, and pursuant to N.J.S.A. 18A:18A-4 disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the Board finds that it has had prior negative experience with the bidder.
 - a. As used in this section, "prior negative experience" means any of the following:
 - (1) The bidder has been found, through either court adjudication, arbitration, mediation, or other contractually stipulated alternate dispute resolution mechanism, to have: failed to provide or perform goods or services; or failed to complete the contract in a timely manner; or otherwise performed unsatisfactorily under a prior contract with the Board;
 - (2) The bidder defaulted on a contract, thereby requiring the Board to utilize the services of another contractor to provide the goods or perform the services or to correct or complete the contract;
 - (3) The bidder defaulted on a contract, thereby requiring the Board to look to the bidder's surety for completion of the contract or tender of the costs of completion; or

- (4) The bidder is debarred or suspended from contracting with any of the agencies or departments of the executive branch of the State of New Jersey at the time of the contract award, whether or not the action was based on experience with the Board.
- b. The following conditions apply if the Board is contemplating a disqualification based on prior negative experience:
 - (1) The existence of any of the indicators of prior negative experience set forth in this section shall not require that a bidder be disqualified. In each instance, the decision to disqualify shall be made within the discretion of the Board and shall be rendered in the best interests of the Board.
 - (2) All mitigating factors shall be considered in determining the seriousness of the prior negative experience and in deciding whether disqualification is warranted.
 - (3) The bidder shall be furnished by the Board with a written notice:
 - (a) Stating that a disqualification is being considered;
 - (b) Setting forth the reason for the disqualification; and
 - (c) Indicating that the bidder shall be accorded an opportunity for a hearing before the Board if the bidder so requests within a stated period of time. At the hearing, the bidder shall show good cause why the bidder should not be disqualified by presenting documents and testimony. If the Board determines that good cause has not been shown by the bidder, it may vote to find the bidder lacking in responsibility and, thus, disqualified.
 - (4) Disqualification shall be for a reasonable, defined period of time which shall not exceed five years.
 - (5) A disqualification, other than a disqualification pursuant to which a Board is prohibited by law from entering into a contract with a bidder, may be voided or the period thereof may be reduced, in the discretion of the Board, upon the submission of a good faith

application under oath, supported by documentary evidence, setting forth substantial and appropriate grounds for the granting of relief, such as reversal of a judgment, or actual change of ownership, management or control of the bidder.

- (6) An opportunity for a hearing need not be offered to a bidder whose disqualification is based on its suspension or debarment by an agency or department of the executive branch of the State of New Jersey. The term of such a disqualification shall be concurrent with the term of the suspension or debarment by the State agency or department.

The purchasing agent shall retain the record of the quotation solicitation and shall include a copy of the record with the voucher used to pay the vendor.
 2. When in excess of the bid threshold, and after documented effort by the purchasing agent to secure competitive quotations, a contract for extraordinary unspecifiable services may be awarded when the purchasing agent has determined in writing that solicitation of competitive quotations is impracticable. Any such contract shall be awarded by resolution of the Board.

3. Whenever two or more responses to a request of a purchasing agent offer equal prices and are the lowest responsible bids or proposals, the Board may award the contract to the vendor whose response, in the discretion of the Board, is the most advantageous, price and other factors considered. In such a case, the award resolution or purchase order documentation shall explain why the vendor selected is the most advantageous.

 5. A Board of Education employee, a Board member, or an organization shall not receive partial or full payment for travel and travel-related expenses in advance of the travel, pursuant to N.J.S.A. 18A:19-1 et seq. 1. A Board of Education that violates its established maximum travel expenditure, as set forth in N.J.A.C. 6A:23A-7.3, or that otherwise is not in compliance with N.J.A.C. 6A:23A-7 travel limitations, may be subject to sanctions by the Commissioner as authorized pursuant to N.J.S.A. 18A:4-23 and 24, including reduction of State aid in an amount equal to any excess expenditure pursuant to N.J.S.A. 18A:11-12 and 18A:7F-60.

 - (2) The Superintendent shall determine if a violation of N.J.A.C. 6A:23A-7 requires a penalty in accordance with N.J.A.C. 6A:23A-7.7.

5. The annual audit conducted pursuant to N.J.S.A. 18A:23-1 shall include test procedures to ensure compliance with the Board of Education's policy and travel limitations set forth in this section and N.J.S.A. 18A:11-12.

 - c. Reimbursement for expenses shall be based only on charges that do not exceed what would have been incurred by using the most direct, economical, and usually traveled route.

The specific required overnight in-State travel event shall be detailed in the final grant, donation, or other fund acceptance agreement along with the number of authorized travelers and total cost. All reimbursements shall be subject to N.J.A.C. 6A:23A-7 unless the funding acceptance agreement specifies otherwise.

 - b. The sponsoring organization shall demonstrate the conference's content, structure, scheduling, and anticipated attendance necessitate that it be held on multiple consecutive days with overnight lodging. When such waivers are granted, individual school districts or individuals shall not be required to submit waiver requests for attendance at these conferences.
 - c. Sponsors of in-State conferences may submit to the Commissioner a request for a waiver of this prohibition by providing information regarding the conference as follows:

The latest Federal per diem rates schedule for lodging, meals, and incidental expenses by location can be found at www.gsa.gov. The following restrictions apply to allowable per diem reimbursements:
 - a. Allowable per diem reimbursement for lodging, meals, and incidentals shall be actual reasonable costs, not to exceed the Federal per diem rates for the event location. Registration and conference fees are not subject to the Federal per diem rate caps. If the event location is not listed, the maximum per diem allowance shall be equal to the standard Continental United States (CONUS) per diem rates published by the General Services Administration for meals, incidental expenses, and lodging.
 - b. Pursuant to N.J.S.A. 18A:11-12.o., reimbursement for lodging expenses for overnight travel, out-of-State or in-State as authorized by the Commissioner, may exceed the Federal per diem rates if the hotel is the site of the convention, conference, seminar, or meeting and the going rate of the hotel is in excess of Federal per diem rates.

 - (2) If there is no hotel at the site of the current travel event (for example, Atlantic City Convention Center), then reimbursement for lodging shall not exceed the Federal per diem rate.
 - c. If the meal is not part of a one-sum fee for a travel event, reimbursement may be approved for the full cost of an official convention meal that the employee or Board member attends, when such meal is scheduled as an integral part of the convention or conference proceedings. Receipts shall be submitted to obtain reimbursement in such situations. The amount of the Federal per diem rate for the corresponding meal shall be deducted from that day's subsistence allowance.

 - c. Refreshments for breaks may also be provided at training sessions held at a site other than the school district.
4. Subsistence expenses for an employee or Board member shall not be allowed within the school district or within a radius of ten miles thereof, except for meals expressly authorized by and in accordance with N.J.A.C. 6A:23A-7.12. Non-allowed expenses include, but are not limited to, meals and refreshments for on-site staff meetings and in-service days.
5. Reimbursement may be approved for the cost of an official luncheon or dinner, up to \$10 and \$15, respectively, that an employee or Board member is authorized to attend, if the meal is scheduled as an integral part of an official proceeding or program related to school district business and the employee's or Board member's responsibilities.

The meals may be served to employees who are required to attend the event and if it is impractical for the employee to commute to and from his or her residence between the end of the work day and the beginning of the event, or if the employee is required to remain at the school district to prepare for the event.

- b. The school district shall acquire the light meals and refreshments by the solicitation of quotes, if required pursuant to N.J.S.A. 18A:18A-1 et seq.
 - c. If the school district's food service program can prepare comparable meals at a lower cost, the food service program shall be used.
 - d. The average cost per meal shall not exceed \$10.
 - e. The school district shall purchase or prepare food that is sufficient to provide each district Board member, dignitary, non-employee speaker, or allowable staff member one meal. Meals should be carefully ordered to avoid excess. Unintended left over food should be donated to a charitable shelter or similar facility, if at all possible.
- 7. Reimbursement may be approved for allowable telephone and incidental travel expenses that are essential to transacting official business.

 - b. Employees and Board members using their personally owned telephone for business may request reimbursement, less Federal Communications Tax. Calls for business are tax exempt and the telephone company will make allowances for the tax if the employee or Board member certifies to the telephone company when paying bills for personally owned phones that said calls were business calls.
 - c. Incidental expenses, defined as "non-meal tips" by the State travel regulations, when necessarily incurred by the traveler in connection with the transaction of official business, may be submitted for reimbursement only when the necessity and nature of the expense are clearly and fully explained on the travel voucher and the voucher is approved. Travel vouchers shall be supported by receipts showing the quantity and unit price.
- L. Records and Supporting Documents (N.J.A.C. 6A:23A-7.13)

2. The travel voucher shall be completed by the employee or Board member to document the details of the travel event. The travel voucher shall be signed by the employee or Board member to certify the validity of the charges for which reimbursement is sought. The form also shall bear the signatures of approval officials for processing.
3. Sufficient documentation shall be maintained centrally by the school district to support payment and approval of the travel voucher.
4. In addition to the documentation required for reimbursement, each person authorized to travel shall submit a brief report that includes the primary purpose for the travel, the key issues addressed at the event, and their relevance to improving instruction or the operations of the school district. When travel is authorized for the employee's or Board member's own automobile on a mileage basis, the points between which travel was made, and the distance traveled between each place shall be shown. A statement as to ownership of the auto or other conveyance used, as well as a certification that liability insurance is in effect, shall be documented;

13. “Hazardous chemical” means a chemical for which there is statistically significant evidence based on at least one study conducted in accordance with established scientific principles that acute or chronic health effects may occur in exposed employees. The term "health hazard" includes chemicals which are carcinogens, toxic or highly toxic agents, reproductive toxins, irritants, corrosives, sensitizers, hepatotoxins, nephrotoxins, neurotoxins, agents which act on the hematopoietic systems, and agents which damage the lungs, skin, eyes, or mucous membranes.

Appendices A and B of the Hazard Communication Standard (29 CFR 1910.1200) provide further guidance in defining the scope of health hazards and determining whether or not a chemical is to be considered hazardous for purposes of this standard.

14. "Laboratory" means a facility where the "laboratory use of hazardous chemicals" occurs. It is a workplace where relatively small quantities of hazardous chemicals are used on a non-production basis.
15. "Laboratory scale" means work with substances in which the containers used for reactions, transfers, and other handling of substances are designed to be easily and safely manipulated by one person. "Laboratory scale" excludes those workplaces whose function is to produce commercial quantities of materials.
16. "Laboratory-type hood" means a device located in a laboratory, enclosure on five sides with a movable sash or fixed partial enclosed on the remaining side; constructed and maintained to draw air from the laboratory and to prevent or minimize the escape of air contaminants into the laboratory; and allows chemical manipulations to be conducted in the enclosure without insertion of any portion of the employee's body other than hands and arms.

Walk-in hoods with adjustable sashes meet the above definition provided that the sashes are adjusted during use so that the airflow and the exhaust of air contaminants are not compromised and employees do not work inside the enclosure during the release of airborne hazardous chemicals.

17. "Laboratory use of hazardous chemicals" means handling or use of such chemicals in which all of the following conditions are met:
 - a. Chemical manipulations are carried out on a "laboratory scale";
 - b. Multiple chemical procedures or chemicals are used;
 - c. The procedures involved are not part of a production process, nor in any way simulate a production process; and
 - d. "Protective laboratory practices and equipment" are available and in common use to minimize the potential for employee exposure to hazardous chemicals.

18. "Medical consultation" means a consultation which takes place between an employee and a licensed physician for the purpose of determining what medical examinations or procedures, if any, are appropriate in cases where a significant exposure to a hazardous chemical may have taken place.
19. "Organic peroxide" means an organic compound that contains the bivalent -O-O- structure and which may be considered to be a structural derivative of hydrogen peroxide where one or both of the hydrogen atoms has been replaced by an organic radical.
20. "Oxidizer" means a chemical other than a blasting agent or explosive as defined in § 1910.109(a), that initiates or promotes combustion in other materials, thereby causing fire either of itself or through the release of oxygen or other gases.
21. "Physical hazard" means a chemical for which there is scientifically valid evidence that it is a combustible liquid, a compressed gas, explosive, flammable, an organic peroxide, an oxidizer, pyrophoric, unstable (reactive) or water-reactive.
22. "Protective laboratory practices and equipment" means those laboratory procedures, practices and equipment accepted by laboratory health and safety experts as effective, or that the employer can show to be effective, in minimizing the potential for employee exposure to hazardous chemicals.
23. "Reproductive toxins" means chemicals which affect the reproductive capabilities including chromosomal damage (mutations) and effects on fetuses (teratogenesis).
24. "Select carcinogen" means any substance which meets one of the following criteria:
 - a. It is regulated by OSHA as a carcinogen; or
 - b. It is listed under the category, "known to be carcinogens," in the Annual Report on Carcinogens published by the National Toxicology Program (NTP) (latest edition); or
 - c. It is listed under Group 1 ("carcinogenic to humans") by the International Agency for Research on Cancer Monographs (IARC) (latest editions); or

- d. It is listed in either Group 2A or 2B by IARC or under the category, "reasonably anticipated to be carcinogens" by NTP, and causes statistically significant tumor incidence in experimental animals in accordance with any of the following criteria:
 - (1) After inhalation exposure of 6-7 hours per day, 5 days per week, for a significant portion of a lifetime to dosages of less than 10 mg/m³;
 - (2) After repeated skin application of less than 300 (mg/kg of body weight) per week; or

- 25. "Unstable (reactive)" means a chemical which is in the pure state, or as produced or transported, will vigorously polymerize, decompose, condense, or will become self-reactive under conditions of shocks, pressure or temperature.
- 26. "Water-reactive" means a chemical that reacts with water to release a gas that is either flammable or presents a health hazard.

B. Employee Exposure

The Board shall provide for initial and periodic monitoring of any employees if there is reason to believe that exposure levels to an OSHA regulated substance will exceed permissible limits as specified in 29 CFR part 1910 subpart Z. Monitoring may only be terminated in accordance with the relevant standard. The Buildings and Grounds Supervisor will notify in writing affected employees within fifteen working days of the results of monitoring either individually or by posting the results in a location accessible to all employees.

C. Chemical Hygiene Plan

- 1. The Superintendent shall cause the development of a Chemical Hygiene Plan by the Buildings and Grounds Supervisor which shall include at least the following elements and indicate specific measures the Board will take to ensure employee protection:
 - a. Standard operating procedures relevant to safety and health considerations to be followed when laboratory work involves the use of hazardous chemicals;

- b. Criteria that the employer will use to determine and implement control measures to reduce employee exposure to hazardous chemicals including engineering controls, the use of personal protective equipment and hygiene practices; particular attention shall be given to the selection of control measures for chemicals that are known to be extremely hazardous;

D. Employee Information and Training

The Buildings and Grounds Supervisor shall provide employees with information and training to ensure that they are apprised of the hazards of chemicals present in their work area. The information shall be provided at the time of the employees initial assignment to the work area and whenever new exposure situations arise. Refresher information shall be provided as the situation with regard to hazardous chemicals changes. Employees shall be informed of (1) the contents of Federal standards relating to hazardous chemicals; (2) the location and availability of the chemical hygiene plan; (3) the permissible exposure limits as established by OSHA; (4) signs and symptoms associated with exposure to hazardous chemicals used in the laboratory and (5) the location and availability of known references on the hazards, safe handling, storage and disposal of hazardous chemicals.

Employee training shall include (1) methods and observations used to detect the presence or release of hazardous chemicals; (2) the physical and health hazards of chemicals in the work area; (3) the measures employees can use to protect themselves, including specific procedures the Board has implemented to protect employees; (4) training on the applicable details of the Board's Chemical Hygiene Plan.

The Board will provide all employees who work with hazardous chemicals an opportunity to receive medical attention, including follow-up examinations the physician deems necessary under the following circumstances:

1. Whenever an employee develops signs or symptoms associated with a hazardous chemical to which the employee may have been exposed in the laboratory, the employee shall be provided an opportunity to receive an appropriate medical examination.
2. Where exposure monitoring reveals an exposure level routinely above the action level (or in the absence of an action level, the PEL) for an OSHA regulated substance for which there are exposure monitoring and medical surveillance requirements, medical surveillance shall be established for the affected employee as prescribed by the particular standard.

3. Whenever an event takes place in the work area such as a spill, leak, explosion or other occurrence resulting in the likelihood of a hazardous exposure, the affected employee shall be provided an opportunity for a medical consultation. Such consultation shall be for the purpose of determining the need for a medical examination.

F. Information Provided to the Physician

The employer shall provide the following information to the physician:

1. The identity of the hazardous chemicals(s) to which the employee may have been exposed;
2. A description of the conditions under which the exposure occurred including quantitative exposure data, if available; and
3. A description of the signs and symptoms of exposure that the employee is experiencing, if any.

G. Physician's Written Opinion Shall Include:

1. Any recommendation for further medical follow-up;
2. The results of the medical examination and any associated tests;
3. Any medical condition which may be revealed in the course of the examination which may place the employee at increased risk as a result of exposure to a hazardous chemical found in the workplace; and
4. A statement that the employee has been informed by the physician of the results of the consultation or medical examination and any medical condition that may require further examination or treatment.

H. Hazard Identification

With respect to labels and material data sheets, the Board shall (1) ensure that labels on incoming containers of hazardous materials are not removed or defaced; (2) maintain material safety data sheets and ensure they are available to employees, and (3) comply with Federal regulations with regard to chemical substances produced within the laboratory, assuming that if a substance is produced whose composition is not known that it will be assumed it is hazardous.

I. Use of Respirators

Where respirators are required to maintain exposure below permissible limits, they will be provided to the employee at no cost and will comply with the requirements of 29 CFR 1910.134.

J. Recordkeeping

The School Business Administrator/Board Secretary shall establish and maintain for each employee exposed to hazardous chemicals an accurate record of any measurements taken to monitor employee exposures and any medical consultation and examinations including tests or written opinions required by Federal standards. The Board shall assure that records are kept, transferred and made available in accordance with 29 CFR 1910.1020.

The United States Environmental Protection Agency (EPA) and the New Jersey Department of Environmental Protection (DEP) register pesticides to determine that the use of a pesticide in accordance with instructions printed on the label does not pose an unreasonable risk to human health and the environment. Nevertheless, the EPA and DEP cannot guarantee that registered pesticides do not pose any risk to human health, thus unnecessary exposure to pesticides should be avoided. The EPA has issued the statement that where possible, persons who are potentially sensitive, such as pregnant women, infants and children, should avoid unnecessary pesticide exposure.”

After the beginning of each school year, the IPMC, in conjunction with the Building Principal(s), shall provide this notice to each new staff member who is employed during the school year and to the parent(s) or legal guardian(s) of each new student enrolled during the school year.

D. Permitted Use of Certain Pesticides; Notice

If it is determined that a pesticide, other than a low impact pesticide, must be used on school property, the pesticide may be used only in accordance with the requirements of N.J.S.A. 13:1F-25.

1. The Principal, upon prior notice from the IPMC, shall provide notice to a parent or legal guardian of each student enrolled at the school and each staff member of the school, at least seventy-two hours before a pesticide, other than a low impact pesticide, is used on school property. The notice shall include:

 - b. A telephone call;
 - c. Direct contact;
 - d. Written notice mailed at least one week before the application; or
 - e. Electronic mail.
 3. If the date of the application of the pesticide must be extended beyond the period required for notice under this section, the Board shall reissue the notice required under D.1. above for the new date of application.

E. Posting of Sign Prior to Use of Certain Pesticides

At least seventy-two hours before a pesticide, other than a low impact pesticide, is used on school property, the IPMC shall post a sign that provides notice of the application of the pesticide in a prominent place that is in or adjacent to the location to be treated and at each entrance to the building or school ground to be treated.

In the case of outdoor pesticide applications, each sign shall include three dates, in chronological order, on which the outdoor pesticide application may take place if the preceding date is canceled due to weather. A sign shall be posted after an outdoor pesticide application in accordance with 1, 2 and 3 above.

The requirement imposed pursuant to this section shall be in addition to any requirements imposed pursuant to the “Pesticide Control Act of 1971,” P.L. 1971, c.176 (C.13:1F-1 et seq.), and any rules or regulations adopted pursuant thereto.

F. Applicability of Notice and Posting Requirements

The provisions of Sections D and E of this Regulation shall apply if any person applies a pesticide, other than a low impact pesticide, on school property, including a custodian, staff member, or commercial applicator. These provisions shall apply to a school during the school year, and during holidays and the summer months, only if the school is in use by children during those periods. During those periods, notices shall be provided to all staff members and the parents or legal guardians of the students that are using the school in an authorized manner.

G. Emergency Use of Certain Pesticides

A pesticide, other than a low impact pesticide, may be applied on school property in response to an emergency, without complying with the provisions of Sections D and E of this Regulation, provided the following requirements are met:

1. The Building Principal shall, upon prior notice from the IPMC and within twenty-four hours after the application or on the morning of the next school day, provide to each parent or legal guardian of students enrolled at the school, and staff members of the school, notice of the application of the pesticide for emergency pest control that includes:
 - a. The information required for a notice under Section D of this Regulation;
 - b. A description of the problem and the factors that qualified the problem as an emergency that threatened the health or safety of a student or staff member; and

- c. If necessary, a description of the steps that will be taken in the future to avoid emergency application of a pesticide pursuant to this section.

The district may provide notice required in G.1. above by:

1. Written notice sent home with the student and provided to the staff members;
2. A telephone call;
3. Direct contact; or
4. Electronic mail.

When a pesticide is applied pursuant to this section, the IPMC shall post a sign warning of the pesticide application at the time of the application of the pesticide in accordance with the provisions of Section E of this Regulation.

If there is an application of a pesticide pursuant to this section, the IPMC shall modify the School Integrated Pest Management Plan of the school district if necessary, to minimize the future emergency applications of pesticides under this section.

A pesticide, other than a low impact pesticide, shall not be applied on school property where students are expected to be present for academic instruction or for organized extra-curricular activities prior to the time prescribed for re-entry to the application site by the United States Environmental Protection Agency on the pesticide label, except that if no specific numerical re-entry time is prescribed on a pesticide label, such a pesticide, other than a low impact pesticide, shall not be applied on school property where students are expected to be present for academic instruction or for organized extra-curricular activities within seven hours of the application.

A pesticide, other than a low impact pesticide, shall not be applied in a school building when students are present. Students may not be present in an untreated portion of a school building being treated unless the area being treated with a pesticide, other than a low impact pesticide, is served by a separate ventilation system and is separated from the untreated area by smoke or fire doors.

A low impact pesticide may be applied in areas of a school building where students will not contact treated areas until sufficient time is allowed for the substance to dry or settle, or after the period of time prescribed for re-entry or for ventilation requirements on the pesticide label has elapsed.

The requirements of this section shall not apply when pesticides are applied on school property for student instructional purposes or by public health officials during the normal course of their duties.

H. Immunity From Liability of Commercial Pesticide Applicator

A commercial pesticide applicator shall not be liable to any person for damages resulting from the application of a pesticide at a school if the damages are solely due to the failure of the IPMC to provide the notice required prior to the application of a pesticide pursuant to the provisions of sections 7, 8, 9, or 10 of P.L. 2002, c.117 (C.13:1F-25, C.13:1F-26, C.13:1F-27 or C.13:1F-28).

I. Development, Availability of Form for Certifying Compliance

The Department of Environmental Protection shall develop and make available to commercial pesticide applicators a form that a commercial pesticide applicator may request an Integrated Pest Management Coordinator (IPMC) to sign prior to the application of a pesticide, other than a low impact pesticide, on school property. The form developed pursuant to this section shall set forth a certification by the Integrated Pest Management Coordinator (IPMC) that the notice and posting requirements for the application of a pesticide established pursuant to Sections D and E of this Regulation, or the posting requirement established pursuant to Section G of this Regulation, as appropriate, have met compliance requirements. Upon being presented by a commercial pesticide applicator with a form pursuant to this section, the signature of the Integrated Pest Management Coordinator (IPMC) shall be required as a condition for the application of the pesticide.

The Department of Environmental Protection may issue an administrative order against a local school Board that fails to adopt and implement a pesticide use and school Integrated Pest Management Policy in compliance with the provisions of N.J.S.A. 13:1F-32.

The Commissioner shall adopt, pursuant to the provisions of the “Administrative Procedure Act,” P.L.1968, c.410 (C.52:14B-1 et seq.), such rules or regulations as are necessary to implement the provisions of the School Integrated Pest Management Act.

R 7424 BED BUGS

The following procedures are established in implementation of Policy 7424 – Bed Bugs.

A. Observation of Possible Bed Bug Bites or Bed Bugs on a Student

1. A staff member who observes what he/she believes may be bed bug bites on a student or bed bugs on the student or in or on the student's possessions shall send the student to the school nurse.
2. The school nurse shall examine the student to determine if the student has bed bug bites or if there are any bed bugs present on the student or in or on the student's possessions.
3. If the school nurse determines the student does not have bed bug bites or bed bugs on them or in or on their possessions, the student will be returned to resume their school day.

B. Confirmation of Bed Bug Bites or Bed Bugs on a Student

1. If the school nurse believes the student has bed bug bites or finds bed bugs on the student or in or on the student's possessions, the school nurse will contact the Principal or designee.
2. The Principal or designee will arrange for a licensed pest management professional to complete an inspection of the student's classroom(s) to determine if bed bugs are present.
3. If a licensed pest management professional cannot complete an inspection within twenty-four hours of the request from the school district, the district custodial staff will vacuum the student's classroom(s) with a vacuum cleaner using a new vacuum cleaner bag.
4. When vacuuming is completed by district custodial staff, the staff member shall seal the bag and discard it in a receptacle outside the school building.  2. Prior to allowing access to any government record, the custodian will redact from that record any information which discloses the social security number, credit card number, unlisted telephone number, or driver license number of any person, except:
 - a. If the record is being used by any government agency, including any court or law enforcement agency, in carrying out its functions, or any private person or entity acting on behalf thereof, or any private person or entity seeking to enforce payment of court-ordered child support;
 - b. With respect to the disclosure of driver information by the Division of Motor Vehicles as permitted by section 2 of P.L.1997, c. 188 (C.39:2-3.4);

- c. That a social security number contained in a record required by law to be made, maintained or kept on file by a public agency shall be disclosed when access to the document or disclosure of that information is not otherwise prohibited by State or Federal law, regulation or order or by State statute, resolution of either or both houses of the Legislature, Executive Order of the Governor, rule of court or regulation promulgated under the authority of any statute or executive order of the Governor; and
 - d. Where an agency can demonstrate an emergent need, a regulation that limits access to government records shall not be retroactive in effect or applied to deny a request for access to a government record that is pending before the agency, the council or a court at the time of the adoption of the regulation.
- E. Copy Purchase (N.J.S.A. 47:1A-5 et seq.)
 - 1. The custodian shall charge the requestor a fee for a copy or copies of a government record in accordance with the provisions of N.J.S.A. 47:1A-5.b. Except as otherwise provided by law or regulation, the fee assessed for the duplication of a government record embodied in the form of printed matter shall be \$.05 per letter size page or smaller, and \$.07 per legal size page or larger.
 - a. If the school can demonstrate that its actual costs for duplication of a government record exceed the per page rates, the school shall be permitted to charge the actual cost of duplicating the record. The actual cost of duplicating the record, upon which all copy fees are based, shall be the cost of materials and supplies used to make a copy of the record, but shall not include the cost of labor or overhead expenses associated with making the copy except as provided for in N.J.S.A. 47:1A-5.c. and E.2. below.
 - b. The calculation of actual costs shall be as follows:
 - (1) The custodian should contact the school's supplier(s) to determine the cost of paper and toner. A supplier is wherever the school obtains copying materials such as paper and toner.
 - (2) The custodian should calculate or contact the copying company to determine the school's annual school year copying volume. This volume shall not only include copies pertaining to OPRA requests, but shall include all copying on all copy machines in the school for all purposes.

- (3) The custodian should contact the copying company to determine the average paper life of one toner/ink cartridge (i.e. how many pieces of paper the ink or toner should be able to copy).
 - (4) The custodian shall maintain documentation of all information provided by the copying company or office supplier (i.e. contracts or correspondence from purchasing agent or copying company) regarding this calculation.
 - (5) The actual calculation is the total cost of paper purchased for one school year plus the total cost of toner purchased for one school year divided by the annual copying volume. This calculation can be averaged for all copy machines in the school that produce letter and legal copies.
 - (6) Actual copy costs for special copies, such as color printing or blueprints copied within the school, shall be calculated separately.
 - c. If the school's calculated per copy actual cost exceeds the enumerated rates set forth in N.J.S.A. 47:1A-5.b. and E.1. above, the school, if challenged, must demonstrate its actual costs are indeed higher than those enumerated rates and are therefore justified.
 - d. Access to electronic records and non-printed materials shall be provided free of charge, but the school may charge for the actual costs of any needed supplies such as computer discs.
2. Whenever the nature, format, manner of collation, or volume of a government record embodied in the form of printed matter to be inspected, examined, or copied pursuant to this Regulation is such that the record cannot be reproduced by ordinary document copying equipment in ordinary business size or involves an extraordinary expenditure of time and effort to accommodate the request, the school will charge, in addition to the actual cost of duplicating the record, a special service charge that will be reasonable and will be based upon the actual direct cost of providing the copy or copies. The custodian will provide the requestor an opportunity to review and object to the charge prior to it being incurred.

3. A custodian shall permit access to a government record and provide a copy thereof in the medium requested if the school maintains the record in that medium. If the school does not maintain the record in the medium requested, the custodian will either convert the record to the medium requested or provide a copy in some other meaningful medium.
4. If a request is for a record in a medium not routinely used by the school; not routinely developed or maintained by the school or requiring a substantial amount of manipulation or programming of information technology, the school will charge, in addition to the actual cost of duplication, a special charge that will be reasonable and based on the cost for any extensive use of information technology, or for the labor cost of personnel providing the service, that is actually incurred by the school or attributable to the school for the programming, clerical, and supervisory assistance required, or both.
5. Immediate access ordinarily will be granted to budgets, bills, vouchers, contracts, including collective negotiations agreements and individual employment contracts, and public employee salary and overtime information.
6. The custodian will adopt a form for the use of any person who requests access to a government record held or controlled by the public agency. The form will provide:
 - a. Space for the name, address, and phone number of the requestor and a brief description of the government record sought;
 - b. Space for the custodian to indicate which record will be made available, when the record will be available, and the fees to be charged;
 - c. Specific directions and procedures for requesting a record;
 - d. A statement as to whether prepayment of fees or a deposit is required;
 - e. The time period within which the school is required by N.J.S.A. 47:1A-1 et seq. to make the record available;
 - f. A statement of the requestor's right to challenge a decision to deny access and the procedure for filing an appeal;
 - g. Space for the custodian to list reasons if a request is denied in whole or in part;

- h. Space for the requestor to sign and date the form; and
 - i. Space for the custodian to sign and date the form if the request is fulfilled or denied.
- 7. The custodian will require a deposit against costs for reproducing documents sought through an anonymous request whenever the custodian anticipates that the information thus requested will cost in excess of \$5.00 to reproduce.
- 8. Request for access to a government record shall be in writing and hand-delivered or mailed to the custodian.
- 9. The custodian will promptly comply with a request to inspect, examine, copy, or provide a copy of a government record.
- 10. If the custodian is unable to comply with a request for access, the custodian will indicate the specific basis therefore on the request form and promptly return it to the requestor.
- 11. The custodian will sign and date the form and provide the requestor with a copy thereof.
- 12. If the custodian asserts that part of a particular record is exempt from public access pursuant to N.J.S.A. 47:1A-1 et seq. the custodian will delete or excise from a copy of the record that portion which the custodian asserts is exempt from access and shall promptly permit access to the remainder of the record.
- 13. If the government record requested is temporarily unavailable because it is in use or in storage, the custodian will advise the requestor and will make arrangements to promptly make available a copy of the record.
- 14. If a request for access to a government record would substantially disrupt school operations, the custodian may deny access to the record after attempting to reach a reasonable solution with the requestor that accommodates the interests of the requestor and the school.
- 15. Any officer or employee of the school who receives a request for access to a government record will forward the request to the custodian of the record or direct the requestor to the custodian of the record.

16. Unless a shorter time period is otherwise provided by statute, regulation, or executive order, the custodian will grant access to a government record or deny a request for access to a government record as soon as possible, but not later than seven business days after receiving the request, provided that the record is currently available and not in storage or archived.
 - a. In the event the custodian fails to respond within seven business days after receiving a request, the failure to respond will be deemed a denial of the request, unless the requestor has elected not to provide a name, address or telephone number, or other means of contacting the requestor.
 - b. If the requestor has elected not to provide a name, address, or telephone number, or other means of contacting the requestor, the custodian will not be required to respond until the requestor reappears before the custodian seeking a response to the original request.
 - c. If the government record is in storage or archived, the requestor will be so advised within seven business days after the custodian receives the request. The requestor will be advised by the custodian when the record can be made available. If the record is not made available by that time, access shall be deemed denied.
17. A custodian will post prominently in public view in the part or parts of the office or offices of the custodian that are open to or frequented by the public a statement that sets forth in clear, concise and specific terms the right to appeal a denial of, or failure to provide, access to a government record by any person for inspection, examination, or copying or for purchase of copies thereof and the procedure by which an appeal may be filed.

F. Challenge to Access Upon Denial (N.J.S.A. 47:1A-6)

1. A person who is denied access to a government record by the custodian, at the option of the requestor, may:
 - a. Institute a proceeding to challenge the custodian's decision by filing an action in Superior Court; or
 - b. In lieu of filing an action in Superior Court, file a complaint with the Government Records Council established pursuant to section 8 of P.L.2001, c. 404 (C.47:1A-7).

2. The right to institute any proceeding under N.J.S.A. 47:1A-6 will be solely that of the requestor. Any such proceeding shall proceed in a summary or expedited manner. The Board will have the burden of proving that the denial of access is authorized by law. If it is determined that access has been improperly denied, the court or agency head shall order that access be allowed. A requestor who prevails in any proceeding shall be entitled to a reasonable attorney's fee.
- G. Government Records Council (N.J.S.A. 47:1A-7)
- The Board and the custodian of records will comply with the requirements and guidelines from the Government Records Council in accordance with N.J.S.A. 47:1A-7.
- H. Common Right Law Right of Access (N.J.S.A. 47:1A-8)
- Nothing contained in N.J.S.A. 47:1A-1 et seq. shall be construed as limiting the common law right of access to a government record, including criminal investigative records of a law enforcement agency.
- I. Construction with Other Laws (N.J.S.A. 47:1A-9 et seq.)
1. The provisions of this Regulation and N.J.S.A. 47:1A-1 et seq. shall not abrogate any exemption of a public record or government record from public access heretofore made pursuant to N.J.S.A. 47:1A-1 et seq.; any other statute; resolution of either or both Houses of the Legislature; regulation promulgated under the authority of any statute or Executive Order of the Governor; Executive Order of the Governor; Rules of Court; any Federal law; Federal regulation; or Federal order.
 2. The provisions of this Regulation and N.J.S.A. 47:1A-1 et seq. shall not abrogate or erode any executive or legislative privilege or grant of confidentiality heretofore established or recognized by the Constitution of this State, statute, court rule or judicial case law, which privilege or grant of confidentiality may duly be claimed to restrict public access to a public record or government record.

R 8330 STUDENT RECORDS

A. Definitions (N.J.A.C. 6A:32-2.1)

1. “Access” means the right to view, make notes, and/or reproduce a student record.
2. “Adult student” means a person who is at least eighteen years of age or is an emancipated minor.
3. “Days in membership” means the number of school days in session in which a student is enrolled. A student’s membership begins on the first possible day of attendance following enrollment during the school year, notwithstanding the actual day the student was recorded as present for the first time.
4. “Health history” means the record of a person’s past health events obtained in writing, completed by the individual or the individual’s physician.
5. “Mandated student records” means student records that school districts compile pursuant to State statute, regulation, or authorized administrative directive.
6. “Parent” means the natural or adoptive parent, legal guardian, surrogate parent appointed pursuant to N.J.A.C. 6A:14-2.2, or a person acting in place of a parent (such as a grandparent or stepparent with whom the student lives or a person legally responsible for the student’s welfare). Unless parental rights have been terminated by a court of appropriate jurisdiction, the parent retains all rights pursuant to N.J.A.C. 6A:32. In addition, a resource family may act as a parent pursuant to the provisions of N.J.A.C. 6A:32 if the parent’s authority to make educational decisions on the student’s behalf has been terminated by a court of appropriate jurisdiction.
7. “Permitted student records” means records that the Board of Education has authorized, by resolution adopted at a regular public meeting, to be collected to promote the educational welfare of students.
8. “Personally identifiable information” means, but is not limited to:
 - a. The student's name;
 - b. The name of the student's parent(s) or other family members;
 - c. The address of the student or the student's family;
 - d. The email address of the student, the student's parent(s), or other family members;

- e. The telephone number of the student, the student's parent(s), or other family members;
 - f. A personal identifier, such as the student's Social Security number, student number, or biometric record;
 - g. A photo of the student;
 - h. The location and times of class trips;
 - i. Other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name;
 - j. Other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community who does not have personal knowledge of the relevant circumstances to identify the student with reasonable certainty; or
 - k. Information requested by a person who the district, or private agency that provides educational services by means of public funds, reasonably believes knows the identity of the student to whom the student record relates.
9. "Physical examination" means the assessment of an individual's health, in accordance with the requirements at N.J.A.C. 6A:16-2.2.
10. "School contact directory for official use" means a compilation by a district that includes the following information for each student: name, address, telephone number, date of birth, and school of enrollment. The directory may be provided for official use only to judicial, law enforcement, and medical personnel.
11. "Student discipline record" means information regarding all disciplinary actions taken against a student by a school district pursuant to N.J.S.A. 18A:36-25.1.b. and that is maintained in a student's record.
12. "Student information directory" means a publication of the Board of Education that includes information relating to a student. The information shall be the student's: name; grade level; date and place of birth; dates of school attendance; major field of study; participation in officially recognized activities; weight and height relating to athletic team membership;

degrees; awards; the most recent educational agency attended by the student; and other similar information.

13. “Student record” means information related to an individual student gathered within or outside the school district and maintained within the school district regardless of the physical form in which it is maintained. Essential in this definition is the idea that any information that is maintained for the purpose of second-party review is considered a student record. Therefore, information recorded by certified school personnel solely as a memory aid and not for the use of a second party is excluded from this definition. In the absence of any “information related to an individual student,” the document(s) no longer meets the definition of “student record.”

B. General Considerations (N.J.A.C. 6A:32-7.1)

1. The Board shall compile and maintain student records and regulate access in accordance with the Federal Educational Rights and Privacy Act (FERPA), 20 U.S.C. §1232g, and 34 CFR Part 99, disclosure, or communication of information contained in student records in a manner that assures the security of the records in accordance with the provisions of N.J.A.C. 6A:32-7.
2. Student records shall contain only information that is relevant to the education of the student and is objectively based on the personal observations or knowledge of the certified school personnel who originate(s) the record.
3. The district shall provide annual, written notification to parents, adult students, and emancipated minors of their rights in regard to student records and student participation in educational, occupational, and military recruitment programs. Copies of the applicable State and Federal laws and Board policies shall be made available upon request. The Board shall make every effort to notify parents and adult students in their dominant language.
4. Nonadult students may assert rights of access only through their parents. However, nothing in N.J.A.C. 6A:32-7. or in Policy 8330 or this Regulation shall be construed to prohibit certified school personnel from disclosing at their discretion student records to non-adult students or to appropriate persons in connection with an emergency, if the information contained in the record is necessary to protect the health or safety of the student or other persons.

5. The parent or adult student shall have access to the student's records and have access to, or be specifically informed about, only the portion of another student's record that contains information about the student.
 6. All anecdotal information and assessment reports collected on a student shall be dated and signed by the individual who originated the data.
 7. The Superintendent or designee shall require all student records of currently enrolled students to be reviewed annually by certified school personnel to determine the education relevance of the information contained therein. The reviewer shall cause information no longer descriptive of the student or educational program to be deleted from the record except that prior notice shall be given for students with disabilities in accordance with N.J.A.C. 6A:14, Special Education. The deleted information shall be disposed of and not be recorded elsewhere. No record of any such deletion shall be made.
 8. No liability shall be attached to any member, officer, or employee of the Board permitting access or furnishing student records in accordance with N.J.A.C. 6A:32-7.
 9. When the parent's or adult student's dominant language is not English or the parent or adult student is deaf, the district shall provide interpretation of the student records in the dominant language of the parents or adult student.
 10. Student health records shall be maintained separately from other student records. Student health records also shall be maintained, according to the requirements of N.J.A.C. 6A:32-7, until such time as graduation or termination, whereupon the health history and immunization record shall be removed from the student's health record and placed in the student's mandated record.
- C. School Contact Directory for Official Use (N.J.A.C. 6A:32-7.2)
1. The Board shall compile and maintain a school contact directory for official use that is separate and distinct from the student information directory.
 2. School personnel shall provide information from the school contact directory for official use only to judicial and law enforcement personnel, and to medical personnel currently providing services to the student in question. Upon request from a court, other judicial agency, law enforcement agency, or medical service provider currently providing services to the student in question, school personnel shall promptly verify the enrollment of a student and provide the requester with

all information about the student that is contained in the school contact directory for official use.

3. A parent, adult student, or emancipated minor shall notify, in writing, the Superintendent or designee of their request to exclude any information from the school contact directory for official use.

2. Permitted student records are those student records not mandated pursuant to N.J.A.C. 6A:32-7.3, but authorized by the Board to promote the student's educational welfare and include the following as authorized by this Board upon adoption of Policy 8330 and this Regulation. These records may include, but are not limited to:
 - a. Personally authenticated observations, assessments, ratings, and anecdotal reports recorded by teaching staff members in the performance of their professional responsibilities and intended for review by another person, provided the record is dated and signed by the originator. Access to student records shall be provided to persons authorized such access under N.J.A.C. 6A:32-7.1(g). within ten days of a request, but prior to any review or hearing conducted in accordance with N.J.A.C. 6A.
 2. The district may charge a reasonable fee for reproduction of student records, not to exceed the schedule of costs set forth at N.J.S.A. 47:1A-5, provided that the cost does not effectively prevent parents or adult students from exercising their rights under N.J.A.C. 6A:32-7 or other Federal and State rules and regulations regarding students with disabilities, including N.J.A.C. 6A:14.
 3. The district shall control access to, disclosure of, and communication regarding information contained in student health records to assure access only to people permitted by Federal and State statute and regulations or as stated in N.J.A.C. 6A:32-7.5(e) and F.5. below.
 4. Access to and disclosure of a student health record shall meet the requirements of FERPA, 20 U.S.C. §1232g, and 34 CFR Part 99.

5. Organizations, agencies, and persons authorized to access student records shall include only the following:

R 8420 EMERGENCY AND NON-FIRE EVACUATION PLAN

The need for orderly and safe evacuation during certain situations is critical to the safety of the occupants of a school building. If such a threat is deemed immediate, credible, and reasonable, the Principal or designee may order a non-fire building evacuation. In the event the Principal or designee believes a threat does not exist or immediate evacuation is not required, the Principal or designee shall review the situation with the Superintendent, who may consult with local law enforcement officials to review the threat risk.

A. Procedures in the Event it is Determined a Non-Fire Evacuation is Warranted

1. The Principal or designee will immediately order a non-fire evacuation of the school building. The notification process may be the school's fire alarm system, a notice over the school's public address system, or any other method deemed appropriate by the Principal or designee to inform building occupants to evacuate the school building. The evacuation may be an entire or partial building evacuation depending on the circumstances.
2. The Principal or designee will:
 - a. Immediately call local law enforcement officials;
 - b. Immediately call the Superintendent;
 - c. Ensure any school buses enroute to the school or other vehicles entering the school grounds are redirected to a designated alternative location pending further instructions from law enforcement officials;
 - d. Notify and maintain contact with the Superintendent regarding the communication to be released to parents, community and media; and
 - e. Allow local enforcement officials to control the scene upon their arrival.
3. School staff members, upon receiving notice the school needs to be evacuated, will:
 - a. Direct students to gather personal belongings in the classroom or within their immediate area;
 - b. Instruct students not to use any electronic communication device until instructed otherwise;

- c. Close the windows and doors of their vacated rooms and turn off any light or electrical switch;
- d. Take the student roster and the day's attendance;
- e. Lead their class or the students under their supervision upon receiving the evacuation notice to the evacuation area;
- f. Take attendance when arriving at the evacuation area and report any additional students or missing students to the Principal or designee;
- g. Not allow any student to re-enter the building, leave the evacuation area, or be dismissed from school unless authorized by the Principal or designee or law enforcement officials; and
- h. Not speak to the media or permit media to interview any student.

B. Procedures After it is Determined the School Building Can be Reoccupied

- 1. The Principal or designee, upon a determination by school and law enforcement officials that the threat or risk is concluded, will direct the reoccupation of the building.
- 2. If it is determined the building is not safe to re-enter, the Principal or designee will notify school officials of the situation at the evacuation assembly locations. If it is determined students will be released for the day, the Principal or designee, in consultation with the Superintendent, will coordinate student dismissal procedures from the evacuation assembly areas and family notification and reunification protocols.
- 3. The school district will provide school district staff and other school district crisis response team members to provide counseling and support as needed.

R 8420.1 FIRE AND FIRE DRILLS

A. Fire Drills

1. The Principal of each school building will conduct at least one fire drill each month within school hours, including any summer months during which the school is open for instructional programs. The Principal shall require all teachers to keep all doors and exits of their respective rooms and buildings unlocked during school hours. Where school buildings have been provided with fire escapes, they shall be used by a part or all of the students performing every fire drill.

Attempts should be made to conduct drills in various weather conditions and at various times of the school day. Fire drills should be unannounced to school staff and students. The Principal shall inform local firefighting officials whenever a fire alarm is for drill purposes.

An actual fire that occurs at a school building during the month and includes activities which are the equivalent of a drill shall be considered a drill for the purposes of meeting the requirements of this Regulation and N.J.S.A. 18A:41-1.

2. The fire alarm shall be by a building-wide audible signal. Alarm signals should be tested regularly.
3. When the fire alarm rings, each staff member supervising students will:
 - a. Direct students to form into a single file line and proceed along the evacuation route to the nearest exit designated for evacuation;
 - b. Close the windows of the room and turn off all lights and audio-visual equipment;
 - c. Take the class register or roll book;
 - d. Ascertain that all students have left the room and that any student who may have left the classroom prior to the fire drill is located and escorted from the building;
 - e. Close all doors to the room when the room is empty and keep all doors and exits of their respective rooms and buildings unlocked;

- f. Ensure their assigned students have left the school along the route prescribed in the school evacuation plan. In the event a school building has been provided with fire escapes, they shall be used by a part or all of the students performing every fire drill;
 - g. Direct students to a location not less than a distance twice the height of the building walls and keep the students in a single file line facing the building;
 - h. Take attendance to determine all students who reported to class have been evacuated from the building and report immediately to the Principal any student who is unaccounted for; and
 - i. When the recall signal is given, conduct students back to the classroom.
- 4. Evacuation of the school in a fire drill must be conducted quickly and quietly and in an orderly fashion. Students must be silent, refrain from talking and running, and remain in closed, single file lines. Any student or staff member whose behavior disrupts the conduct of the fire drill shall be reported to the Principal and will be subject to discipline.
 - 5. All persons in the school must leave the building during a fire drill, including all aides, visitors, volunteer workers, and all office, cafeteria, custodial, and maintenance employees, except those employees who have been assigned specific duties to be performed in the school building during a fire drill.
 - 6. Physical education classes in progress outside the building should stop the game activity and line up in place or in their regularly assigned drill position.
 - 7. Students will be instructed not to gather belongings to take outside on the fire drill. In inclement or cold weather, students may pick up their coats and put them on as they exit the building, provided no time is lost in that activity.
 - 8. The office employee responsible for keeping the central attendance register, or a designated substitute, must carry the register out of the building during the drill.
 - 9. Each Principal shall report monthly to the Superintendent on the conduct of fire drills. Their report will include the date, weather conditions, and time to evacuate for each drill conducted, as well as any comments that could assist in improving the conduct of future drills.

10. Every fire drill will be conducted with seriousness and with the assumption that prompt evacuation is actually required for the safety and survival of persons in the school.
11. Principals are encouraged to change the circumstances of fire drills so that staff members and students are subjected to various conditions and learn to respond to them quickly, constructively, and safely. Any such variations should take into account the ages and abilities of children.
 - a. One or more exits may be designated as “blocked” so that students are required to use alternative evacuation routes.
 - b. A fire drill may be designated as a “smoke drill” so that students learn to avoid the hazards of smoke by walking in a low or crouching position (not a crawling position).

B. Fire

1. A school staff member or any building occupant who detects a fire in a school building or on school grounds shall immediately report the fire by calling 911 and/or by activating a fire alarm pull station in accordance with law.
2. The school staff member or building occupant shall also report the fire to the school Principal, if possible.
3. In the event of a fire in a school building, the school Principal shall immediately sound the fire alarm, in the event the fire alarm had not been previously activated, for the evacuation of all students, staff members, visitors, and volunteers.
4. Evacuation shall be conducted in accordance with the fire drill procedures established in A. above, except that no employee may remain in the building to perform specific duties.
5. As a precaution, the Principal or designee will maintain a record of disabled students who may require special attention in the event of fire or other evacuation. Fire fighters will be promptly informed of the location and special circumstances of each such student.
6. As soon as practicable after the incident, the Principal shall submit a report to the Superintendent on the appropriate form.

7. The school district shall immediately notify the appropriate local fire department of any fire which occurs in a school building or on school property in accordance with N.J.S.A. 18A:41-5.

- Every Principal and custodian/janitor in each school building in the district which has a furnace room, hallway, or stair-tower fire or smoke doors shall keep them closed during the time the school building is occupied by teachers and students pursuant to N.J.S.A. 18A:41-2.

R 8442 REPORTING ACCIDENTS

The following is policy and procedure that all employees are required to adhere to in the district's organizational efforts to provide a safe school for students, staff, and the public who visit the school or grounds.

General Procedures

All incidents that may cause a person to be injured or property to be damaged are to be recorded on the approved incident report form. Incident reports are to be copied to the Superintendent and the original sent to the District Claim Coordinator for appropriate action and record retention. This is a critical and fundamental element of the District risk management objective to record facts at the time incidents happen so that the proper actions can be taken for all involved persons should a claim against the district be made at some later date.

Persons claiming the District is liable for an event are best served when the facts are recorded at the time the incident occurred. Conversely, the District can only defend itself against inappropriate claims if it can demonstrate that the facts were not as alleged by the complaining party.

Employees who claim a work-related injury due to an occurrence predating the claim would be best served when there is an incident report on file in support of their claim. Employees who fail to file an incident report but later file a claim will be in breach of District Policy and Procedure and may experience significant difficulty in filing their claim, including the rest of the claim being denied in law.

Incident Reporting For Public or Student Related Incidents

If an employee sees or is told of an incident that could result in someone having been physically or emotionally hurt, or their property damaged on District grounds or at an off-site District event, they must complete an incident report. All the facts detailing place, date, time, weather, person(s) involved and the incident description should be included. A copy should be filed with their Supervisor and the original sent to the District Claim Coordinator. If appropriate, a copy should be filed with the District Affirmative Caution Officer.

If an employee is a witness to an incident on campus that results in an individual who is threatening to sue the District, they must immediately complete an incident report, provide a copy to their Supervisor, and send the original to the District Claim Coordinator.

If an employee is a witness to an incident off-campus that results in an individual who is threatening to sue the District, the employee should immediately contact their Supervisor and District Claim Coordinator for advice, complete an incident report, provide a copy to their Supervisor and send the original to the District Claim Coordinator upon their return to District.

Incident Reporting For Employee Related Incidents

Regardless of whether or not an employee feels they are injured as a result of a work place incident that could have or may have injured the employee, they must complete an incident report. The report must include all the facts as the employee experienced them detailing place, date, time, weather, person(s) involved, and the incident description.

An employee's incident report is to be handed to the School Nurse or their Operational Supervisor. The School Nurse or Operational Supervisor is responsible for further distribution of this incident report. An employee has the right to see a District selected physician if they feel their incident has resulted in an injury. An employee has the right to decline seeing a District selected physician if they feel their incident did not result in an injury. The District reserves the right to request that an employee see a District selected physician if the District is concerned that the incident may have caused the employee an injury and the employee may be unaware of it. If an incident results in an injury that requests mediation attention, but it is not an emergency, the employee must notify the School Nurse or their Operating Supervisor immediately.

The School Nurse or Operating Supervisor will then help the employee to:

1. Complete the incident report;
2. Call the toll-free claim reporting hotline to gather State required information, set an appointment with a District selected physician, and obtain a control number;
3. Complete a District Medical Authorization Form releasing the employee to see the District selected physician, and;
4. Complete the appropriate forms for submission to the District Claim Coordinator.

If an incident results in a medical emergency, during normal operating hours, the employee should immediately seek help from a coworker if any are present and proceed to the nearest hospital emergency room. If nobody else is present and the employee is unable to drive, the employee should call 911 for an ambulance on a landline phone, not on a cell phone, as the dispatch the employee reaches by cell phone may not be in the District emergency area. Once at the emergency room, the employee should present their District issued Employee Wallet Card for Workers Compensation Reporting.

Procedures/Requiring to the emergency room intake personnel

The emergency room staff will call the toll-free claim reporting hotline and obtain a control number for their billing records. The employee should have them write the control on the employee's wallet card and hand it back to the employee. The employee should retain this card until they can return it to the District Claim Coordinator in exchange for a new wallet card. The employee should make sure that the School Nurse and the employee's Operating Supervisor are notified as soon as possible and complete an incident report.

Supervisor Responsibility (applies to all supervisors)

1. Review all incidents that occur within your building and/or operation, and are reported to you.
2. Conduct an accident investigation of every claim that is filed against the District involving your building or operation.
3. Examine incidents and claims to determine how you might change the physical and/or operational environment to reduce or eliminate the risk that similar incidents are claims happen again.

2. Conduct a post-injury accident review using Supervisory Accident Investigation Reports or directly with injured employees to gain insight into the reasons the injury happened.
3. Continually monitor incident and claim patterns to target safety efforts in those buildings and/or operations where the most help is needed.

Board of Education Responsibilities:

1. To adopt policy and procedure consistent with the Public expectation and District goal to provide a safe school environment.
2. Fully support the efforts of all staff in providing a safe school as free from the risk of injury and property loss as is practicable.

A bias-related act means an act directed at a person, group of persons, private property, or public property that is motivated in whole or in part by racial; gender; disability; religion; sexual orientation; gender identity or expression; nation origin; or ethnic prejudice. A bias-related act need not involve conduct that constitutes a criminal offense.
3. All bias crimes are also bias-related acts, but not all bias-related acts will constitute a bias crime.

B. Procedure For Reporting Bias Crimes and Bias-Related Acts

- C. Nature of Referral
1. The mandatory referral for suspected or committed bias crimes and bias-related acts as described in N.J.A.C. 6A:16-6.3€ and this Regulation is only a request to the law enforcement agencies to conduct an investigation and is nothing more than the transmittal of information which may be pertinent to any such law enforcement investigation.
- D. Concurrent Jurisdiction
1. Unless the New Jersey State Police or the county prosecutor's office request otherwise, school officials may continue to investigate a suspected bias crime or bias-related act occurring on school grounds and may take such actions as necessary and appropriate to redress and remediate any such acts.
 2. School officials will immediately discontinue any ongoing school investigation if the New Jersey State Police or the county prosecutor's office believe the school investigation could jeopardize an on-going law enforcement investigation or otherwise endanger the public safety.

E. Preservation of Evidence

R 9270 HOME SCHOOLING AND EQUIVALENT EDUCATION OUTSIDE THE SCHOOL

Home schooling is an educational program provided at home, usually by the parent, legal guardian, or other person having custody and control of the child. Children are taught using their own curriculum or published home school curriculum. The Board of Education recognizes that home schooling is an option under the compulsory education law.

For the purpose of this Regulation, “parent” shall mean parent, legal guardian, and other person having custody and control of a child between the ages of six and sixteen.

A. Legal Requirement for Compulsory Attendance

1. N.J.S.A. 18A:38-25 requires all children between the ages of six to sixteen years to attend the public schools or a day school in which there is given instruction equivalent to that provided in the public school for children of similar grades and attainments or to receive equivalent instruction elsewhere other than school.
2. The parent of a child that is home schooled is responsible to ensure their child receives instruction equivalent to that provided in the public school for children of similar grades and attainments or to receive equivalent instruction elsewhere other than school.
3. In the event the Superintendent determines there is credible evidence the parent, legal guardian, or other person having custody and control of a school-aged child is not causing the child to receive equivalent instruction elsewhere than at school, the Superintendent may request a letter of intent from the parent, legal guardian, or other person confirming the child is receiving equivalent instruction elsewhere than at school.
4. If the Superintendent makes a report, the parent of a student receiving instruction elsewhere other than school may, but is not required to, notify the Superintendent of their child’s educational program status.
5. A parent of a home schooled child is not required to seek approval from the district or to submit materials to the Superintendent in order to permit it to make a determination as to the equivalency of the instruction.
6. The New Jersey Department of Education encourages a parent to notify the Superintendent of the intent to educate the child elsewhere than at school to avoid questions with respect to compliance with the compulsory education laws.

B. Truancy/Violations of Compelling Attendance

1. When a Superintendent and Board believe a person is not complying with the compulsory education law (N.J.S.A. 18A:38-25 et seq.) they must initiate truancy proceedings in municipal court where a parent may be found guilty of a disorderly persons offense and fined in accordance with N.J.S.A. 18A:38-27 and N.J.S.A. 18A:38-31.
2. If the parent is challenged in court by the Superintendent or Board, the district must demonstrate the child is not receiving an education in accordance with N.J.S.A. 18A:38-25.

C. District Requirements for Home Schooled Students

1. The Board is not required by law to allow a child educated elsewhere than at school to participate in the regular school curriculum or in extra-curricular or sports activities unless specifically provided in Board Policy, or required by Federal law, or State statute or administrative code.
2. A child educated at home shall not receive a State endorsed high school diploma from the Board of Education.

D. Students With Disabilities

1. Any written request from a parent of a home schooled child for a special education evaluation of their child will be reviewed in a meeting of the Child Study Team (CST), the parent, and the regular education teacher in accordance with the provisions of N.J.A.C. 6A:14-2.3. At this meeting, the current information about the child shall be reviewed to determine whether an evaluation is warranted.
 - a. If an evaluation is warranted, another determination shall be made regarding the assessment procedures. Written notice of the determinations shall be provided to the parent. R 9324 SEX OFFENDER REGISTRATION AND NOTIFICATION

A. Definitions

1. Tier One Offender - An offender that is a “low risk of re-offense”, thus constituting a low risk of harm to the community. This offender is one who, because of the type of crime, the lack of violence in his/her behavior, the lack of a substantial criminal history and the existence of ties to the community presents no more than a possible risk of re-offense.
2. Tier Two Offender - An offender who is a “moderate risk of re-offense”, thus constituting a moderate risk of harm to the community in that the pertinent documents demonstrate that they are reasonably likely to re-offend, warranting limited notice for the protection of the public.
3. Tier Three Offender - An offender who is a “high risk of re-offense” in that the available record demonstrates that there is a probable risk of re-offense, warranting notice to the community likely to encounter the offender.
4. Likely To Encounter - Law enforcement agencies, community organizations or members of the community who are in a location or in close geographic proximity to a location which the offender visits or can be presumed to visit on a regular basis.
5. Fair Chance to Encounter - The types of interaction which ordinarily occur at that location and other attendant circumstances demonstrate that contact with the offender is reasonably certain.

B. Notification To School District From the Law Enforcement Agency/County Prosecutor’s Office

1. The Superintendent and the Building Principal will be notified by the Prosecutor’s Office, without the need to register to be notified, for all sex offenders classified as Tier Two or Tier Three Offenders. Local law enforcement agencies and/or the County Prosecutor’s Office will determine there is a “fair chance to encounter” the offender in determining community notification. In any event the Superintendent and the Building Principal(s) will be notified for all Tier Two and Tier Three Offenders.

2. The Building Principal(s) are entitled to receive the offender's name and a recent photograph, along with a physical description, the offense of which he/she was convicted, their address, place of employment and/or schooling, and vehicle license number.
 3. The County Prosecutor's Office determines the specific schools, community organizations and residences to receive notification.
 4. The County Prosecutor's Office and/or the appropriate law enforcement office will notify the Superintendent and the Principal of the targeted school(s). The Superintendent should not notify the target school(s), but may contact the Prosecutor's Office if the Superintendent thinks that a school in the notification area has been inadvertently omitted.
- C. School District Procedure Upon Notification From the Law Enforcement Agency/County Prosecutor's Office
1. The Building Principal(s) will have the discretion to make the determination as to which employees within the school should be informed of the notification. The Building Principal should share the notice with any person who in the course of the duties of his/her employment or assignment is regularly in a position to observe unauthorized persons in or near the property of the notified school. If any persons to be notified by the Building Principal are employees of private contractors, the Principal or the Superintendent will notify the private vendor who will provide notice to the employees. The Building Principal will take appropriate steps to educate and alert those staff members who are charged with the care and supervision of children, emphasizing that this information is intended to assist staff members in the protection of their charges, not to provide notification to the community at large.
 2. The Building Principal, in conjunction with the appropriate law enforcement agency and the County Prosecutor's Office will provide information, along with appropriate advice regarding the safeguarding of the school's children.
 3. All school district staff are prohibited from releasing any of this information to the public at large. All inquiries from community members, non-affected school staff, all parent(s) or legal guardian(s) and other members of the general public shall be directed to the appropriate law enforcement agency and/or the County Prosecutor's Office.
