DAY 2	MONDAY, June 1		
-------	----------------	--	--

ASSIGNMENT DETAILS & RESOURCES			
Content Areas	Assignment(s)/Activities	Materials/Resources	Assignment Links or Web Links
<b>Math</b>	Flight School Math: Write numbers 1-10 on the sidewalk (or on piece of paper scattered on the floor if playing inside). Give your child an addition or subtraction problem. They then need to "fly like an airplane" to the number that is the answer. You can change it up by having your child be the teacher and you be the airplane. Try answering incorrectly sometimes and see if they catch your mistake. This is more challenging so only try to trick them if they seemed to have mastered the basic game.		
<b>Reading</b>	Read a picture book with an adult. Do you think this book had a good title? Why or why not? If you could name this book, what would you call it? *Don't forget to practice on RAZ kids.		
<b>Writing</b>	Work in your kindergarten memory book.	kindergarten memory book	
<b>Science</b>	Gather a few small items of different weights, such as a crayon, a crumpled piece of paper, a tissue, and a stuffed toy. Have your child drop each item from shoulder height. Do some items fall faster than others?
